(6) In addition to the appropriations in part 1, the department of state may receive and expend funds from the organ and tissue donation education fund for administrative expenses.

Sec. 15-312. At least 180 days before closing or consolidating a branch office and at least 60 days before relocating a branch office, the department of state shall inform members of the senate and house of representatives standing committees on appropriations and legislators who represent affected areas regarding the details of the proposal.

Sec. 15-313. (1) Any service assessment collected by the department of state from the user of a credit or debit card under section 3 of 1995 PA 144, MCL 11.23, may be used by the department for necessary expenses related to that service and may be remitted to a credit or debit card company, bank, or other financial institution.

(2) The service assessment imposed by the department of state for credit and debit card services may be based either on a percentage of each individual credit or debit card transaction, or on a flat rate per transaction, or both, scaled to the amount of the transaction. However, the department shall not charge any amount for a service assessment which exceeds the costs billable to the department for service assessments.

(3) If there is a balance of service assessments received from credit and debit card services remaining on September 30, the balance may be carried forward to the following fiscal year and appropriated for the same purpose.

(4) As used in this section, "service assessment" means and includes costs associated with service fees imposed by credit and debit card companies and processing fees imposed by banks and other financial institutions.

Sec. 15-314. (1) The department of state may accept nonmonetary gifts, donations, or contributions of property from any private or public source to support, in whole or in part, the operation of a departmental function relating to licensing, regulation or safety. The department may recognize a private or public contributor for making the contribution. The department may reject a gift, donation, or contribution.

(2) The department of state shall not accept a gift, donation, or contribution under subsection (1) if receipt of the gift, donation, or contribution is conditioned upon a commitment of future state funding.

(3) On March 1 of each year, the department of state shall file a report with the senate and house of representatives standing committees on appropriations, the senate and house fiscal agencies, and the state budget director. The report shall list any gift, donation, or contribution received by the department under subsection (1) for the prior calendar year.

Sec. 15-315. From the funds appropriated in part 1, the department of state may collect ATM commission fees from companies that have ATMs located in secretary of state branch offices. The commission received from the use of these ATMs shall be credited to the transportation administration collection fund created under section 810b of the Michigan vehicle code, 1949 PA 300, MCL 257.810b.

**ONE-TIME BASIS ONLY**

Sec. 15-401. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $434,900.00 from general fund/general purpose revenue and state restricted revenue for the following purposes:

| | |
|---|---|
| State employee lump sum payments | $ 1,544,400 |
| Executive direction | 150,000 |
| **GROSS APPROPRIATION** | **$ 1,694,400** |
| Appropriated from: | |
| State restricted revenues | 1,259,500 |
| State general fund/general purpose | 434,900 |

## Article 16

## DEPARTMENT OF STATE POLICE

PART 1

LINE-ITEM APPROPRIATIONS AND ANTICIPATED APPROPRIATIONS

Sec. 16-101. Subject to the conditions set forth in this article, the amounts listed in this part for the department of state police are appropriated for the fiscal year ending September 30, 2013, and are anticipated to be appropriated for the fiscal year ending September 30, 2014, from the funds indicated in this part. The following is a summary of the appropriations and anticipated appropriations in this part:

**DEPARTMENT OF STATE POLICE**

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 16-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $430,762,400.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $18,728,700.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF STATE POLICE

| | | |
|---|---|---|
| Science, technology and training bureau | $ | 4,178,400 |
| Support services | $ | 14,550,300 |
| TOTAL | $ | 18,728,700 |

Sec. 16-202. As used in this article:

(a) "CJIS" means the criminal justice information system.

(b) "Department" means the department of state police.

(c) "DNA" means deoxyribonucleic acid.

(d) "FEMA" means the federal emergency management agency.

(e) "MCOLES" means Michigan commission on law enforcement standards.

Sec. 16-203. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $3,500,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 16-204. The department shall provide $1,800,000.00 in Byrne justice assistance grant program funding to the judiciary by interdepartmental grant.

Sec. 16-205. (1) Notwithstanding any other provision of this article, the schedule of programs in part 1 lists programs which may, but are not required to be, funded under this article.

(2) Notwithstanding any other provisions of this article, the schedule of revenue sources in part 1 may or may not be received from the funding entities listed.

(3) Any funding required by statute is not subject to funding flexibility and shall be

funded in accordance with that statute.

Sec. 16-206. The appropriations in part 1 are for the core services, support services, and work projects of the department, including, but not limited to, the following core services: traffic safety and enforcement, complaint and criminal investigations, fire investigation, sex offender registry and enforcement, specialty teams, civil disorder response - mobilization, capitol security, hazardous materials response training, intelligence gathering and dissemination, state emergency operations center, criminal history system, fingerprint and background checks, the law enforcement information network, forensics, training and recruiting, and establishing and monitoring law enforcement standards.

Sec. 16-207. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

**SCIENCE, TECHNOLOGY, AND TRAINING BUREAU**

Sec. 16-301. (1) The department shall provide forensic testing services to aid in criminal investigations.

(2) The department shall maintain the staffing and resources necessary to provide forensic evidence with an average turnaround time of 82 days assuming an annual caseload volume commensurate with that received in fiscal year 2010-2011.

(3) The department shall define and implement improved methods with the intent of reaching an average 55-day turnaround for forensic evidence.

Sec. 16-302. (1) The department shall develop and deliver professional, innovative, and quality training that supports the enforcement and public safety efforts of the criminal justice community.

(2) The department shall maintain the staffing and resources necessary to provide educational opportunities for personal and professional growth to a minimum of 10,000 state and local law enforcement employees and other public safety partners.

(3) The department shall maintain the staffing and resources necessary to provide educational opportunities for personal and professional growth to a minimum of 3,000 community members.

(4) The department shall define and implement methods with a goal of reducing the cost of training services delivery by 20%. These methods may include the pursuit of technology to reach students throughout the state utilizing distance learning.

(5) The department shall develop and provide a service delivery cost model for its training activities.

Sec. 16-303. (1) MCOLES shall establish standards for the selection, employment, training, education, licensing, and revocation of all law enforcement officers.

(2) MCOLES shall maintain the staffing and resources necessary to provide the basic law enforcement training curriculum for 20 academy programs statewide.

(3) MCOLES shall maintain a minimum 98% passing rate from the MCOLES licensing exam without lowering academic standards to achieve this rate.

Sec. 16-304. (1) The department shall maintain a criminal history system and the state accident data collection system in the support of public safety and law enforcement communities in this state.

(2) The department shall maintain the staffing and resources necessary to adhere to 1925 PA 289, MCL 28.241 to 28.248.

(3) The department shall improve the accuracy, timeliness, and completeness of criminal history information through outreach targeted to criminal justice agencies.

(4) The department shall maintain the state accident data collection system and make this information available to the public at a reasonable cost. For bulk access to the accident records in which the vehicle identification number has been collected and computerized, the department shall make those records available to the public at cost, provided that the name and address have been excluded.

Sec. 16-305. (1) The department shall provide fingerprint and background check services in support of public safety and law enforcement communities in this state.

(2) The department shall maintain the staffing and resources necessary to process fingerprint and background check services commensurate with fiscal year 2010-2011.

(3) The department shall maintain resources and educational outreach for the electronic submission of fingerprint information from local law enforcement agencies and maintain at least a 97% submission rate.

(4) The department shall define and maintain a cost model pertaining to providing fingerprint check services and provide for the following:

(a) Fingerprint service fees shall be commensurate with the actual costs of delivering this service.

(b) The department shall pursue means of reducing the expenses associated with delivering this service.

Sec. 16-306. (1) The department shall maintain the law enforcement information network in support of public safety and law enforcement communities in this state.

(2) The department shall maintain the staffing and resources necessary to adhere to the C.J.I.S. policy council act, 1974 PA 163, MCL 28.211 to 28.215.

(3) The department shall audit criminal justice agencies as required by federal guidelines.

**FIELD SERVICES BUREAU**

Sec. 16-401. (1) The department shall oversee traffic safety and enforcement in this state.

(2) The department shall maintain the staffing and resources necessary to make traffic contacts per patrol hours commensurate with the service level and contact areas exhibited in fiscal year 2010-2011. There shall be no degradation of road patrol services to any region of this state.

(3) The department shall maintain the staffing and resources necessary to continually work to enhance traffic safety throughout the state.

(4) The department shall maintain the staffing and resources necessary to annually inspect at least 53,000 commercial vehicles.

(5) The department shall inspect all black and yellow school buses annually.

(6) Department enlisted personnel who are employed to enforce traffic laws as provided in section 629e of the Michigan vehicle code, 1949 PA 300, MCL 257.629e, shall not be prohibited from responding to crimes in progress or other emergency situations and are responsible for protecting every citizen of this state from harm.

Sec. 16-402. (1) The department shall identify and apprehend criminals through criminal investigations in this state.

(2) The department shall maintain the staffing and resources necessary to devote a comparable number of hours investigating crimes as those performed in fiscal year 2010-2011.

(3) The department shall maintain the staffing and resources necessary to annually meet or exceed a case clearance rate of 56%.

Sec. 16-403. (1) The department shall provide fire investigation services to citizens of this state through investigative assistance to local law enforcement agencies.

(2) The department shall maintain the staffing and resources necessary to maintain readiness to respond appropriately to at least the number of requests for service which occurred in fiscal year 2010-2011.

(3) The fire investigation unit shall be available for call out statewide 100% of the time.

Sec. 16-404. (1) The department shall oversee the sex offender registry and its

enforcement in this state.

(2) The department shall maintain the staff and resources necessary to enforce the provision of the sex offenders registration act, 1994 PA 295, MCL 28.721 to 28.736.

(3) The department shall maintain the staffing and resources necessary to perform activities to maintain a 93% compliance rate for reporting by registered sex offenders.

Sec. 16-405. (1) The department shall provide specialty services to citizens of this state in accordance with all applicable state and federal laws and regulations.

(2) The department shall maintain the staffing and resources necessary to provide training to maintain readiness to respond appropriately to at least the number of requests for specialty services which occurred in fiscal year 2010-2011.

(3) The canine unit shall be available for call out statewide 100% of the time.

(4) The bomb squad unit shall be available for call out statewide 100% of the time.

(5) The emergency support teams shall be available for call out statewide 100% of the time.

(6) The underwater recovery unit shall be available for call out statewide 100% of the time.

(7) Aviation services shall be available for call out statewide 100% of the time, unless prohibited by weather or unexpected mechanical breakdowns.

(8) Money privately donated to the department is appropriated under part 1 to be used for the purposes designated by the donor of the money. Money privately donated to the department's canine unit shall be used to purchase equipment and other items to enhance the operation of the canine unit.

Sec. 16-406. (1) The department shall provide security services at the state capitol building.

(2) The department shall maintain the staff and resources necessary to respond to emergencies at the house office building, Farnum building, capitol parking lot, Townsend parking ramp, and Roosevelt parking ramp.

(3) The department shall pursue federal grants to improve the security at the capitol building.

(4) The department may develop a phased approach for improving security at the capitol building.

Sec. 16-407. (1) The department shall respond to civil disorders and natural disasters.

(2) The department shall, at a minimum, maintain readiness including training and equipment to respond to civil disorders and natural disasters commensurate with the

capabilities of fiscal year 2010-2011.

**SUPPORT SERVICES**

Sec. 16-501. (1) The department shall operate the Michigan intelligence operation center as the state's federally recognized fusion center.

(2) The department shall ensure public safety through the emergency management and homeland security division by providing public and private sector partners with timely and accurate information and regarding critical information key resources threats as reported to or discovered by the Michigan intelligence operations center and increase public awareness on how to report suspicious activity through website or telephone communications.

(3) The department shall seek to increase the number of public and private sector contacts which receive vital homeland security information and intelligence in order to enhance the safety and security for citizens of this state.

Sec. 16-502. (1) The department shall provide hazardous materials response training.

(2) The department shall maintain the staffing and resources necessary to serve approximately 110 local emergency management preparedness programs and 88 local emergency planning committees in this state.

(3) The department shall conduct a minimum of 3 training sessions to enhance safe response in the event of natural or manmade incidents, emergencies, or disasters.

Sec. 16-503. (1) The department shall operate and maintain the state's emergency operations center and provide command and control in support of emergency response services.

(2) The department shall maintain readiness, including training and equipment to respond to civil disorders and natural disasters.

(3) The state director of emergency management may expend money appropriated under this article to call upon any agency or department of the state or any resource of the state to protect life or property or to provide for the health or safety of the population in any area of the state in which the governor proclaims a state of emergency or state of disaster under 1945 PA 302, MCL 10.31 to 10.33, or under the emergency management act, 1976 PA 390, MCL 30.401 to 30.421. The state director of emergency management may expend the amounts the director considers necessary to accomplish these purposes. The director shall submit to the state budget director as soon as possible a complete report of all actions taken under the authority of this section. The report shall contain, as a separate item, a statement of all money expended that is not reimbursable from federal money. The state budget director shall review the expenditures and submit recommendations to the legislature in regard to any possible need for a supplemental appropriation.

(4) In addition to the money appropriated in this article, the department may receive and expend money from local, private, federal, or state sources for the purpose of providing emergency management training to local or private interests and for the purpose of supporting emergency preparedness, response, recovery, and mitigation activity. If additional expenditure authorization in the Michigan administrative information network is approved by the state budget office under this section, the department and the state budget office shall notify the house and senate appropriations subcommittees on state police and military and veterans affairs and the house and senate fiscal agencies within 10 days after the approval. The notification shall include the amount and source and the additional authorization, the date of its approval, and the projected use of funds to be expended under the authorization.

**ONE-TIME BASIS ONLY**

Sec. 16-601. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $4,458,900.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |
|---|---|
| At-post troopers - replace outdated equipment | 1,623,700 |
| Rent and building occupancy charges | 750,000 |
| State employee lump sum payments | 3,220,000 |
| **GROSS APPROPRIATION** | **$ 5,593,700** |
| Appropriated from: | |
| Interdepartmental grant revenues | 168,700 |
| Federal revenues | 249,700 |
| Local revenues | 38,900 |
| Private revenues | 1,700 |
| State restricted revenues | 675,800 |
| State general fund/general purpose | 4,458,900 |

## Article 17

## DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET

PART 1

LINE-ITEM APPROPRIATIONS AND ANTICIPATED APPROPRIATIONS

Sec. 17-101. Subject to the conditions set forth in this article, the amounts listed in this part for the department of technology, management and budget are appropriated for the fiscal year ending September 30, 2013, and are anticipated to be appropriated for the fiscal year ending September 30, 2014, from the funds indicated in this part. The following is a summary of the appropriations and anticipated appropriations in this part:

| | For Fiscal Year Ending Sept. 30, 2013 | For Fiscal Year Ending Sept. 30, 2014 |
|---|---|---|
| **DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET** | | |
| **APPROPRIATION SUMMARY** | | |
| Full-time equated unclassified positions..... | 6.0 | 6.0 |
| Full-time equated classified positions..... | 2,808.0 | 2,808.0 |
| **GROSS APPROPRIATION..... | **$ 1,117,293,400** | **$ 1,126,668,300** |
| Total interdepartmental grants and intradepartmental transfers ..... | 632,460,800 | 636,402,800 |
| ADJUSTED GROSS APPROPRIATION ..... | $ 484,832,600 | $ 490,265,500 |

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 17-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $474,284,000.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $0.00.

Sec. 17-202. As used in this article:

(a) "AFSCME" means the American Federation of State, County, and Municipal Employees.

(b) "COBRA" means the consolidated omnibus budget reconciliation act of 1985, Public Law 99-272, 100 Statute 82.

(c) "Department" means the department of technology, management and budget.

(d) "MAIN" means the Michigan administrative information network.

(e) "MPE" means the Michigan public employees.

(f) "SEIU" means the Service employees international union.

**DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET**

Sec. 17-301. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $4,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $8,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $150,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 17-302. Proceeds in excess of necessary costs incurred in the conduct of transfers or auctions of state surplus, salvage, or scrap property made pursuant to section 267 of the management and budget act, 1984 PA 431, MCL 18.1267, are appropriated to the department of technology, management, and budget to offset costs incurred in the acquisition and distribution of federal surplus property. The department of technology, management, and budget shall provide consolidated Internet auction services through the state's contractors for all local units of government.

Sec. 17-303. (1) The department of technology, management, and budget may receive and expend funds in addition to those authorized by part 1 for maintenance and operation services provided specifically to other principal executive departments or state agencies, the

legislative branch, the judicial branch, or private tenants, or provided in connection with facilities transferred to the operational jurisdiction of the department of technology, management, and budget.

(2) The department of technology, management, and budget may receive and expend funds in addition to those authorized by part 1 for real estate, architectural, design, and engineering services provided specifically to other principal executive departments or state agencies, the legislative branch, or the judicial branch.

(3) The department of technology, management, and budget may receive and expend funds in addition to those authorized in part 1 for mail pickup and delivery services provided specifically to other principal executive departments and state agencies, the legislative branch, or the judicial branch.

(4) The department of technology, management, and budget may receive and expend funds in addition to those authorized in part 1 for purchasing services provided specifically to other principal executive departments and state agencies, the legislative branch, or the judicial branch.

Sec. 17-304. (1) The source of financing in part 1 for statewide appropriations shall be funded by assessments against longevity and insurance appropriations throughout state government in a manner prescribed by the department of technology, management, and budget. Funds shall be used as specified in joint labor/management agreements or through the coordinated compensation hearings process. Any deposits made under this subsection and any unencumbered funds are restricted revenues, may be carried over into the succeeding fiscal years, and are appropriated.

(2) In addition to the funds appropriated in part 1 for statewide appropriations, the department of technology, management, and budget may receive and expend funds in such additional amounts as may be specified in joint labor/management agreements or through the coordinated compensation hearings process in the same manner and subject to the same conditions as prescribed in subsection (1).

Sec. 17-305. To the extent a specific appropriation is required for a detailed source of financing included in part 1 for the department of technology, management, and budget appropriations financed from special revenue and internal service and pension trust funds, or MAIN user charges, the specific amounts are appropriated within the special revenue internal service and pension trust funds in portions not to exceed the aggregate amount appropriated in part 1.

Sec. 17-306. In addition to the funds appropriated in part 1 to the department of technology, management, and budget, the department may receive and expend funds from other

principal executive departments and state agencies to implement administrative leave bank transfer provisions as may be specified in joint labor/management agreements. The amounts may also be transferred to other principal executive departments and state agencies under the joint agreement and any amounts transferred under the joint agreement are authorized for receipt and expenditure by the receiving principal executive department or state agency. Any amounts received by the department of technology, management, and budget under this section and intended, under the joint labor/management agreements, to be available for use beyond the close of the fiscal year and any unencumbered funds may be carried over into the succeeding fiscal year.

Sec. 17-307. The source of financing in part 1 for the MAIN shall be funded by proportionate charges assessed against the respective state funds benefiting from this project in the amounts determined by the department.

Sec. 17-308. (1) Deposits against the interdepartmental grant from building occupancy and parking charges appropriated in part 1 shall be collected, in part, from state agencies, the legislative branch, and the judicial branch based on estimated costs associated with maintenance and operation of buildings managed by the department of technology, management, and budget. To the extent excess revenues are collected due to estimates of building occupancy charges exceeding actual costs, the excess revenues may be carried forward into succeeding fiscal years for the purpose of returning funds to state agencies.

(2) Appropriations in part 1 to the department of technology, management, and budget, for management and budget services from building occupancy charges and parking charges, may be increased to return excess revenue collected to state agencies.

Sec. 17-309. The department of technology, management, and budget shall maintain an Internet website that contains notice of all invitations for bids and requests for proposals over $50,000.00 issued by the department or by any state agency operating under delegated authority. The department shall not accept an invitation for bid or request for proposal in less than 14 days after the notice is made available on the Internet website, except in situations where it would be in the best interest of the state and documented by the department. In addition to the requirements of this section, the department may advertise the invitations for bids and requests for proposals in any manner the department determines appropriate, in order to give the greatest number of individuals and businesses the opportunity to make bids or requests for proposals.

Sec. 17-310. The department of technology, management, and budget may receive and expend funds from the Vietnam veterans memorial monument fund as provided in the Michigan

Vietnam veterans memorial act, 1988 PA 234, MCL 35.1051 to 35.1057. Funds are appropriated and allocated when received and may be expended upon receipt.

Sec. 17-311. The Michigan veterans' memorial park commission may receive and expend money from any source, public or private, including, but not limited to, gifts, grants, donations of money, and government appropriations, for the purposes described in Executive Order No. 2001-10. Funds are appropriated and allocated when received and may be expended upon receipt. Any deposits made under this section and unencumbered funds are restricted revenues and may be carried over into succeeding fiscal years.

Sec. 17-312. (1) Funds in part 1 for motor vehicle fleet are appropriated to the department of technology, management, and budget for administration and for the acquisition, lease, operation, maintenance, repair, replacement, and disposal of state motor vehicles.

(2) The appropriation in part 1 for motor vehicle fleet shall be funded by revenue from rates charged to principal executive departments and agencies for utilizing vehicle travel services provided by the department. Revenue in excess of the amount appropriated in part 1 from the motor transport fund and any unencumbered funds are restricted revenues and may be carried over into the succeeding fiscal year.

(3) The department of technology, management, and budget may charge state agencies for fuel cost increases that exceed $3.04 net of tax. The department shall notify state agencies, in writing or by electronic mail, at least 30 days before implementing additional charges for fuel cost increases. Revenues received from these charges are appropriated upon receipt.

Sec. 17-313. In addition to the funds appropriated in part 1, the department of technology, management, and budget may receive and expend money from the Michigan law enforcement officers memorial monument fund as provided in the Michigan law enforcement officers memorial act, 2004 PA 177, MCL 28.781 to 28.787.

Sec. 17-314. In addition to the funds appropriated in part 1, the department of technology, management, and budget may receive and expend money from the Ronald Wilson Reagan memorial monument fund as provided in the Ronald Wilson Reagan memorial monument fund commission act, 2004 PA 489, MCL 399.261 to 399.266.

Sec. 17-315. The department shall make available to the public a list of all parcels of real property owned by the state that are available for purchase. The list shall be posted on the Internet through the department's website.

Sec. 17-316. (1) The department of technology, management, and budget may sell and accept paid advertising for placement on any state website under its jurisdiction. The department shall review and approve the content of each advertisement. The department may refuse to accept advertising from any person or organization or require modification to

advertisements based upon criteria determined by the department. Revenue received under this subsection shall be used for operating costs of the department and for future technology enhancements to state of Michigan e-government initiatives. Funds received under this subsection shall be limited to $250,000.00. Any funds in excess of $250,000.00 shall be deposited in the state general fund.

(2) The department of technology, management, and budget may accept gifts, donations, contributions, bequests, and grants of money from any public or private source to assist with the underwriting or sponsorship of state webpages or services offered on those webpages. A private or public funding source may receive recognition in the webpage. The department of technology, management, and budget may reject any gift, donation, contribution, bequest, or grant.

(3) Funds accepted by the department of technology, management, and budget under subsection (1) are appropriated and allotted when received and may be expended upon approval of the state budget director. The state budget office shall notify the senate and house of representatives standing committees on appropriations subcommittees on general government and the senate and house fiscal agencies within 10 days after the approval is given.

Sec. 17-317. The department of technology, management, and budget may enter into agreements to supply spatial information and technical services to other principal executive departments, state agencies, local units of government, and other organizations. The department of technology, management, and budget may receive and expend funds in addition to those authorized in part 1 for providing information and technical services, publications, maps, and other products. The department of technology, management, and budget may expend amounts received for salaries, supplies, and equipment necessary to provide informational products and technical services.

Sec. 17-318. The legislature shall have access to all historical and current data contained within MAIN pertaining to state departments. State departments shall have access to all historical and current data contained within MAIN.

Sec. 17-319. When used in this article, "information technology services" means services involving all aspects of managing and processing information, including, but not limited to, all of the following:

(a) Application development and maintenance.

(b) Desktop computer support and management.

(c) Mainframe computer support and management.

(d) Server support and management.

(e) Local area network support and management, including, but not limited to, wireless networking.

(f) Information technology project management.

(g) Information technology planning and budget management.

(h) Telecommunication services, security, infrastructure, and support.

Sec. 17-320. (1) Funds appropriated in part 1 for the Michigan public safety communications system shall be expended upon approval of an expenditure plan by the state budget director.

(2) The department of technology, management, and budget shall assess all subscribers of the Michigan public safety communications system reasonable access and maintenance fees.

(3) All money received by the department of technology, management, and budget under this section shall be expended for the support and maintenance of the Michigan public safety communications system.

(4) Any deposits made under this section and unencumbered funds are restricted revenues and shall be carried forward into succeeding fiscal years.

Sec. 17-321. (1) The state budget director, upon notification to the senate and house of representatives standing committees on appropriations, may adjust spending authorization and user fees in the department of technology, management, and budget budget in order to ensure that the appropriations for information technology in the department budget equal the appropriations for information technology in the budgets for all executive branch agencies.

(2) If during the course of the fiscal year a transfer or supplemental to or from the information technology line item within an agency budget is made under section 393 of the management and budget act, 1984 PA 431, MCL 18.1393, there is appropriated an equal amount of user fees in the department of technology, management, and budget budget to accommodate an increase or decrease in spending authorization.

Sec. 17-322. (1) Revenue collected from licenses issued under the antenna site management project shall be deposited into the antenna site management revolving fund created for this purpose in the department of technology, management, and budget. The department may receive and expend money from the fund for costs associated with the antenna site management project, including the cost of a third-party site manager. Any excess revenue remaining in the fund at the close of the fiscal year shall be proportionately transferred to the appropriate state restricted funds as designated in statute or by constitution.

(2) An antenna shall not be placed on any site pursuant to this section without complying with the respective local zoning codes and local unit of government processes.

Sec. 17-323. In addition to the funds appropriated in part 1, the funds collected by the department for supplying census-related information and technical services, publications, statistical studies, population projections and estimates, and other demographic products area appropriated for all expenses necessary to provide the required services. These funds are available for expenditure when they are received and may be carried forward into the next succeeding fiscal year.

**CIVIL SERVICE**

Sec. 17-401. (1) In accordance with section 5 of article XI of the state constitution of 1963, all restricted funds shall be assessed a sum not less than 1% of the total aggregate payroll paid from those funds for financing the civil service commission on the basis of actual 1% restricted sources total aggregate payroll of the classified service for the preceding fiscal year. This includes, but it not limited to, restricted funds appropriated in part 1 of any appropriations act. Unexpended 1% appropriated funds shall be returned to each 1% fund source at the end of the fiscal year.

(2) The appropriations in part 1 are estimates of actual charges based on payroll appropriations. With the approval of the state budget director, the commission is authorized to adjust financing sources for civil service charges based on actual payroll expenditures, provided that such adjustments do not increase the total appropriation for the civil service commission.

(3) The financing from restricted sources shall be credited to the civil service commission by the end of the second fiscal quarter.

Sec. 17-402. Except where specifically appropriated for this purpose, financing from restricted sources shall be credited to the civil service commission. For restricted sources of funding within the general fund that have the legislative authority for carryover, if current spending authorization or revenues are insufficient to accept the charge, the shortage shall be taken from carryforward balances of that funding source. Restricted revenue sources that do not have carryforward authority shall be utilized to satisfy commission operating deducts first and civil service obligations second. General fund dollars are appropriated for any shortfall, pursuant to approval by the state budget director.

Sec. 17-403. The appropriation in part 1 to the civil service commission, for state-sponsored group insurance, flexible spending accounts, and COBRA, represents amounts, in part, included within the various appropriations throughout state government for the current fiscal year to fund the flexible spending account program included within the civil service commission. Deposits against state-sponsored group insurance, flexible spending accounts, and

COBRA for the flexible spending account program shall be made from assessments levied during the current fiscal year in a manner prescribed by the civil service commission. Unspent employee contributions to the flexible spending accounts may be used to offset administrative costs for the flexible spending account program, with any remaining balance of unspent employee contributions to be lapsed to the general fund.

**STATE BUILDING AUTHORITY**

Sec. 17-501. (1) Subject to section 242 of the management and budget act, 1984 PA 431, MCL 18.1242, and upon the approval of the state building authority, the department may expend from the general fund of the state during the fiscal year an amount to meet the cash flow requirements of those state building authority projects solely for lease to a state agency identified in both part 1 and this section, and for which state building authority bonds or notes have not been issued, and for the sole acquisition by the state building authority of equipment and furnishings for lease to a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or notes is authorized in a legislative appropriations act that is effective for the fiscal year ending September 30, 2013. Any general fund advances for which state building authority bonds have not been issued shall bear an interest cost to the state building authority at a rate not to exceed that earned by the state treasurer's common cash fund during the period in which the advances are outstanding and are repaid to the general fund of the state.

(2) Upon sale of bonds or notes for the projects identified in part 1 or for equipment as authorized in a legislative appropriations act and in this section, the state building authority shall credit the general fund of the state an amount equal to that expended from the general fund plus interest, if any, as defined in this section.

(3) For state building authority projects for which bonds or notes have been issued and upon the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects, which advances shall be reimbursed by the state building authority when the investments earmarked for the financing of the projects mature.

(4) In the event that a project identified in part 1 is terminated after final design is complete, advances made on behalf of the state building authority for the costs of final design shall be repaid to the general fund in a manner recommended by the director.

Sec. 17-502. (1) State building authority funding to finance construction or renovation of a facility that collects revenue in excess of money required for the operation of that facility shall not be released to a university or community college unless the

institution agrees to reimburse that excess revenue to the state building authority. The excess revenue shall be credited to the general fund to offset rent obligations associated with the retirement of bonds issued for that facility. The auditor general shall annually identify and present an audit of those facilities that are subject to this section. Costs associated with the administration of the audit shall be charged against money recovered pursuant to this section.

(2) As used in this section, "revenue" includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Sec. 17-503. (1) The state building authority rent appropriations in part 1 may also be expended for the payment of required premiums for insurance on facilities owned by the state building authority or payment of costs that may be incurred as the result of any deductible provisions in such insurance policies.

(2) If the amount appropriated in part 1 for state building authority rent is not sufficient to pay the rent obligations and insurance premiums and deductibles identified in subsection (1) for state building authority projects, there is appropriated from the general fund of the state the amount necessary to pay such obligations.

**CAPITAL OUTLAY**

Sec. 17-601. As used in sections 17-601 through 17-707:

(a) "Board" means the state administrative board.

(b) "Community college" does not include a state agency or university.

(c) "Department" means the department of technology, management and budget.

(d) "Director" means the director of the department of technology, management and budget.

(e) "Fiscal agencies" means the senate fiscal agency and the house fiscal agency.

(f) "JCOS" means joint capital outlay subcommittee.

(g) "State agency" means an agency of state government. State agency does not include a community college or university.

(h) "State building authority" means the authority created under 1964 PA 183, MCL 830.411 to 830.425.

(i) "University" means a 4-year university supported by the state. University does not include a community college or a state agency.

Sec. 17-602. Each capital outlay project authorized in this article or any previous capital outlay act shall comply with the procedures required by the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 17-603. (1) The director shall allocate lump-sum appropriations made in this article consistent with statutory provisions and the purposes for which funds were appropriated. Lump-sum allocations shall address priority program or facility needs and may include, but are not limited to, design, construction, remodeling and addition, special maintenance, major special maintenance, energy conservation, and demolition.

(2) The state budget director may authorize that funds appropriated for lump-sum appropriations shall be available for no more than 3 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 17-604. The appropriations in part 1 for capital outlay shall be carried forward at the end of the fiscal year consistent with the provisions of section 248 of the management and budget act, 1984 PA 431, MCL 18.1248.

Sec. 17-605. (1) A site preparation economic development fund is created in the department of technology, management and budget. As used in this section, "economic development sites" means those state-owned sites declared as surplus property pursuant to section 251 of the management and budget act, 1984 PA 431, MCL 18.1251, that would provide economic benefit to the area or to the state. The Michigan economic development corporation board and the state budget director shall determine whether or not a specific state-owned site qualifies for inclusion in the fund created under this subsection.

(2) Proceeds from the sale of any sites designated in subsection (1) shall be deposited into the fund created in subsection (1) and shall be available for site preparation expenditures, unless otherwise provided by law. The economic development sites authorized in subsection (1) are authorized for sale consistent with state law. Expenditures from the fund are authorized for site preparation activities that enhance the marketable sale value of the sites. Site preparation activities include, but are not limited to, demolition, environmental studies and abatement, utility enhancement, and site excavation.

(3) A cash advance in an amount of not more than $25,000,000.00 is authorized from the general fund to the site preparation economic development fund.

(4) An annual report shall be transmitted to the senate and house of representatives standing committees on appropriations not later than December 31 of each year. This report shall detail both of the following:

(a) The revenue and expenditure activity in the fund for the preceding fiscal year.

(b) The sites identified as economic development sites under subsection (1).

**CAPITAL OUTLAY - UNIVERSITIES AND COMMUNITY COLLEGES**

Sec. 17-701. A statement of a proposed facility's operating cost shall be included with the facility's program statement and planning documents when the plans are presented to JCOS for approval.

Sec. 17-702. (1) Before proceeding with final planning and construction for projects at community colleges and universities included in an appropriations act, the community college or university shall sign an agreement with the department that includes the following provisions:

(a) The university or community college agrees to construct the project within the total authorized cost established by the legislature pursuant to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, and an appropriations act.

(b) The design and program scope of the project shall not deviate from the design and program scope represented in the program statement and preliminary planning documents approved by the department.

(c) Any other items as identified by the department that are necessary to complete the project.

(2) The department retains the authority and responsibility normally associated with the prudent maintenance of the public's financial and policy interests relative to the state-financed construction projects managed by a community college or university.

Sec. 17-703. A state agency, community college, or university shall take steps necessary to make available federal and other money indicated in this article, to make available federal or other money that may become available for the purposes for which appropriations are made in this article, and to use any part or all of the appropriations to meet matching requirements that are considered to be in the best interest of this state. However, the purpose, scope, and total estimated cost of a project shall not be altered to meet the matching requirements. Any federal matching revenues received to support the construction of the project shall be applied to the total authorized project cost, with state, college and university financing shares proportionately adjusted.

Sec. 17-704. (1) This section applies only to projects for community colleges.

(2) State support is directed towards the remodeling and additions, special maintenance, or construction of certain community college buildings. The community college shall obtain or provide for site acquisition and initial main utility installation to operate

the facility. Funding shall be composed of local and state shares and not more than 50% of a capital outlay project, not including a lump-sum special maintenance project or remodeling and addition project, for a community college shall be appropriated from state and federal funds, unless otherwise appropriated by the legislature.

(3) An expenditure under this article is authorized when the release of the appropriation is approved by the board upon the recommendation of the director. The director may recommend to the board the release of any appropriation in part 1 only after the director is assured that the legal entity operating the community college to which the appropriation is made has complied with this article and has matched the amounts appropriated as required by this article. A release of funds in part 1 shall not exceed 50% of the total cost of planning and construction of any project, not including lump-sum remodeling and additions and special maintenance, unless otherwise appropriated by the legislature. Further planning and construction of a project authorized by this article or applicable sections of the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, shall be in accordance with the purpose and scope as defined and delineated in the approved program statements and planning documents. This article is applicable to all projects for which planning appropriations were made in previous acts.

(4) The community college shall take the steps necessary to secure available federal construction and equipment money for projects funded for construction in this article if an application was not previously made. If there is a reasonable expectation that a prior year unfunded application may receive federal money in a subsequent year, the college shall take whatever action necessary to keep the application active.

Sec. 17-705. If university and community college matching revenues are received in an amount less than the appropriations for capital projects contained in this article, the state funds of shall be reduced in proportion to the amount of matching revenue received.

Sec. 17-706. (1) The director may require that community colleges and universities that have an authorized project listed in section 17-707, submit documentation regarding the project match and governing board approval of the authorized project not more than 60 days after the beginning of the fiscal year.

(2) If the documentation required by the director under subsection (1) is not submitted, or does not adequately authenticate the availability of the project match or board approval of the authorized project, the authorization may terminate. The authorization terminates 30 days after the director notifies the JCOS of the intent to terminate the project unless the JCOS convenes to extend the authorization.

Sec. 17-707. (1) From the funds appropriated in part 1 for state building authority financed construction authorizations, the following university and community college projects are appropriated and financing is authorized in the following amounts:

(a) Central Michigan University - bio-sciences building (total authorized cost $89,420,000; state building authority share $29,999,800; Central Michigan University share $59,420,000; state general fund share $200)

(b) Grand Valley State University - science lab, classroom, and office building - Allendale campus (total authorized cost $55,000,000; state building authority share $29,999,800; Grand Valley State University share $25,000,000; state general fund share $200)

(c) Michigan State University - bio-engineering facility (total authorized cost $40,340,200; state building authority share $29,999,800; Michigan State University share $10,340,200; state general fund share $200)

(d) Northern Michigan University - Jamrich hall replacement (total authorized cost $33,400,000; state building authority share $25,049,800; Northern Michigan University share $8,350,000; state general fund share $200)

(e) Oakland University - engineering center (total authorized cost $74,551,700; state building authority share $29,999,800; Oakland University share $44,551,700; state general fund share $200)

(f) University of Michigan - Ann Arbor - G.G. Brown memorial laboratories renovation (total authorized cost $47,000,000; state building authority share $29,999,800; University of Michigan - Ann Arbor share $17,000,000; state general fund share $200)

(g) University of Michigan - Dearborn - science and computer information building renovations (total authorized cost $51,000,000; state building authority share $29,999,800; University of Michigan - Dearborn share $21,000,000; state general fund share $200)

(h) University of Michigan - Flint - Murchie science building renovations (total authorized cost $22,170,000; state building authority share $16,627,300; University of Michigan - Flint share $5,542,500; state general fund share $200)

(i) Wayne State University - multi-disciplinary bio-medical research building (total authorized cost $90,414,700; state building authority share $29,999,800; Wayne State University share $60,414,700; state general fund share $200)

(j) Alpena Community College - electrical power technology and training center (total authorized cost $4,989,600; state building authority share $2,494,600; Alpena Community College share $2,494,800; state general fund share $200)

(k) Bay de Noc Community College - nursing laboratory/lecture hall remodeling (total authorized cost $1,500,000; state building authority share $749,800; Bay de Noc Community

College share $750,000; state general fund share $200)

(l) Delta College - health and wellness F-wing renovations (total authorized cost $19,984,000; state building authority share $9,991,800; Delta College share $9,992,000; state general fund share $200)

(m) Gogebic Community College - building renovations (total authorized cost $1,500,000; state building authority share $749,800; Gogebic Community College share $750,000; state general fund share $200)

(n) Grand Rapids Community College - Cook academic hall renovations (total authorized cost $14,255,400; state building authority share $4,999,800; Grand Rapids Community College share $9,255,400; state general fund share $200)

(o) Jackson Community College - Bert Walker hall renovations (total authorized cost $19,500,000; state building authority share $9,749,800; Jackson Community College share $9,750,000; state general fund share $200)

(p) Lansing Community College - arts and sciences building renovations (total authorized cost $19,950,000; state building authority share $9,974,800; Lansing Community College share $9,975,000; state general fund share $200)

(q) Mid-Michigan Community College - Mt. Pleasant campus unification (total authorized cost $17,704,600; state building authority share $8,852,100; Mid-Michigan Community College share $8,852,300; state general fund share $200)

(r) North Central Michigan College - health education and science center (total authorized cost $10,428,400; state building authority share $5,214,000; North Central Michigan College share $5,214,200; state general fund share $200)

(2) For the projects authorized in subsection (1), the legislature hereby determines that the leasing of the facility from the authority is for a public purpose as authorized by the state building authority act, 1964 PA 183, MCL 830.411 to 830.425. The legislature approves and authorizes the lease and conveyance of property to the state building authority, the state building authority acquiring the facility and leasing it to the state and the educational institution, as applicable, and the governor and secretary of state executing the lease for and on behalf of the state pursuant to the requirements of the state building authority act, 1964 PA 183, MCL 830.411 to 830.425. Per the requirements of the lease, the legislature also agrees to appropriate annually sufficient amounts to pay the rent as obligated pursuant to the lease.

**ONE-TIME BASIS ONLY**

Sec. 17-801. For the state fiscal year ending September 30, 2013, there is

appropriated, on a 1-time basis only, $17,792,200.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |
|---|---|
| State employee lump sum payments | $ 4,680,200 |
| Special maintenance, remodeling and addition - state facilities | 10,000,000 |
| Space consolidation fund | 7,000,000 |
| **GROSS APPROPRIATION** | **$ 21,680,200** |
| Appropriated from: | |
| Interdepartmental grant revenues | 3,104,100 |
| Federal revenues | 426,700 |
| State restricted revenues | 357,200 |
| State general fund/general purpose | 17,792,200 |

Sec. 17-802. In addition to the part 1 general fund/general purpose appropriations for special maintenance, remodeling and addition - state facilities and the appropriation in section 17-801, there is also appropriated related federal and state restricted funds up to the amounts that will be earned based upon the initiatives undertaken with the funds in part 1.

Sec. 17-803. In addition to the part 1 general fund/general purpose appropriations for enterprisewide information technology investments, there is also appropriated related federal and state restricted funds up to the amounts that will be earned based upon the initiatives undertaken with the funds in part 1.

## Article 18

## DEPARTMENT OF TRANSPORTATION

PART 1

LINE-ITEM APPROPRIATIONS AND ANTICIPATED APPROPRIATIONS

Sec. 18-101. Subject to the conditions set forth in this article, the amounts listed in this part for the department of transportation are appropriated for the fiscal year ending September 30, 2013, and are anticipated to be appropriated for the fiscal year ending September 30, 2014, from the funds indicated in this part. The following is a summary of the appropriations and anticipated appropriations in this part:

**DEPARTMENT OF TRANSPORTATION**

**APPROPRIATION SUMMARY**

| | | |
|---|---|---|
| Full-time equated unclassified positions..... | 6.0 | 6.0 |

| | For Fiscal Year Ending Sept. 30, 2013 | For Fiscal Year Ending Sept. 30, 2014 |
|---|---|---|

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

| | For Fiscal Year Ending Sept. 30, 2013 | For Fiscal Year Ending Sept. 30, 2014 |
|---|---|---|

**GENERAL SECTIONS**

Sec. 18-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $2,052,302,100.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $1,211,655,900.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF TRANSPORTATION

| | | |
|---|---|---|
| Transportation planning | $ | 488,800 |
| Road and bridge programs | | 961,249,100 |
| Transportation economic development fund | | 32,058,200 |
| Aeronautics services | | 700,000 |
| Bus transit operating | | 166,624,000 |
| Intercity passenger and freight | | 1,329,200 |
| Public transportation development | | 44,801,700 |
| Capital outlay | | 4,404,900 |

TOTAL ..... $ 1,211,655,900

Sec. 18-202. As used in this article:

(a) "Department" means the department of transportation.

(b) "DOT-FHWA" means department of transportation, federal highway administration.

Sec. 18-203. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $40,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 18-204. Funds appropriated in part 1 shall not be used by a principal executive department, state agency, or authority to hire a person to provide legal services that are the responsibility of the attorney general. This prohibition does not apply to legal services for bonding activities and for those outside services that the attorney general authorizes.

DEPARTMENTAL OPERATIONS

Sec. 18-301. (1) The department may establish a fee schedule and collect fees sufficient to cover the costs to issue the permits that the department is authorized by law to issue upon request, unless otherwise stipulated by law. All permit fees are nonrefundable application fees and shall be credited to the appropriate fund to recover the direct and indirect costs of receiving, reviewing, and processing the requests.

(2) A bridge authority shall hold 3 public hearings on an increase in any toll charged by the authority at least 30 days before the toll change will become effective. Two of the

hearings shall be held within 5 miles of the bridge over which the bridge authority has jurisdiction. One hearing shall be held in Lansing. Public hearings held under this section shall be conducted in accordance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275, and shall be conducted so as to provide a reasonable opportunity for public comment, including both spoken and written comments.

Sec. 18-302. If, as a requirement of bidding on a highway project, the department requires a contractor to submit financial or proprietary documentation as to how the bid was calculated, that bid documentation shall be kept confidential and shall not be disclosed other than to a department representative without the contractor's written consent. The department may disclose the bid documentation if necessary to address or defend a claim by a contractor.

Sec. 18-303. (1) The amounts appropriated in part 1 to support tax and fee collection, law enforcement, and other program services provided to the department and to transportation funds by other state departments shall be expended from transportation funds pursuant to annual contracts between the department and those other state departments. The contracts shall be executed prior to the expenditure or obligation of those funds. The contracts shall provide, but are not limited to, the following data applicable to each state department:

(a) Estimated costs to be recovered from transportation funds.

(b) Description of services provided to the department and/or transportation funds and financed with transportation funds.

(c) Detailed cost allocation methods appropriate to the type of services being provided and the activities financed with transportation funds.

(2) Not later than 2 months after publication of the state of Michigan comprehensive annual financial report, each state department receiving funding pursuant to an interdepartment contract with the department shall submit a written report to the department, the state budget director, and the house and senate fiscal agencies stating by spending authorization account the amount of estimated funds contracted with the department, the amount of funds expended, the amount of funds returned to the transportation funds, and any unreimbursed transportation-related costs incurred but not billed to transportation funds. A copy of the report shall be submitted to the auditor general, and the report shall be subject to audit by the auditor general as provided in subsection (3).

(3) Biennially, in each even-numbered fiscal year, the auditor general shall conduct an audit of charges to transportation funds by state departments for the 2 preceding fiscal years. The audit shall include both charges governed by interdepartmental contracts as well as miscellaneous charges from other state departments not governed by contracts. The auditor

general shall prepare a detailed report, with recommendations and conclusions, including a summary of charges and related services to transportation funds by department, the appropriateness of those charges, the cost allocation methodologies used in determining the level of funding, and any unreimbursed transportation-related costs, if any. The report shall be provided to the senate and house of representatives committees on appropriations, the senate and house fiscal agencies, and the state budget director 9 months after publication of the state of Michigan comprehensive annual financial report.

Sec. 18-304. A portion of the federal DOT-FHWA highway research, planning, and construction funds made available to the state shall be allocated to transportation programs administered by local jurisdictions in accordance with section 10o of 1951 PA 51, MCL 247.660o. A local road agency, with respect to a project approved for federal aid funding in a state transportation improvement program, may enter into a voluntary buyout agreement with the department or with another local road agency to exchange the federal aid with state restricted transportation funds as agreed to by the respective parties. The state restricted transportation funds received in exchange for federal aid funds shall be used for the same purpose as the federal aid funds were originally intended.

Sec. 18-305. (1) From funds appropriated in part 1, the department may increase a state infrastructure bank program and grant or loan funds in accordance with regulations of the state infrastructure bank program of the United States department of transportation. The state infrastructure bank is to be administered by the department for the purpose of providing a revolving, self-sustaining resource for financing transportation infrastructure projects.

(2) In addition to funds provided in subsection (1), money received by the state as federal grants, repayment of state infrastructure bank loans, or other reimbursement or revenue received by the state as a result of projects funded by the program and interest earned on that money shall be deposited in the revolving state infrastructure bank fund and shall be available for transportation infrastructure projects. At the close of the fiscal year, any unencumbered funds remaining in the state infrastructure bank fund shall remain in the fund and be carried forward into the succeeding fiscal year.

**MICHIGAN TRANSPORTATION FUND**

Sec. 18-401. The money received under the motor carrier act, 1933 PA 254, MCL 475.1 to 479.43, and not appropriated to the department of licensing and regulatory affairs or the department of state police is deposited in the Michigan transportation fund.

Sec. 18-402. Funds from the Michigan transportation fund shall be distributed to the comprehensive transportation fund, the transportation economic development fund, the recreation improvement fund, and the state trunkline fund, in accordance with this article and part 711 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.71101 to 324.71108, and may only be used as specified in this article, 1951 PA 51, MCL 247.651 to 247.675, and part 711 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.71101 to 324.71108.

**STATE TRUNKLINE FUND**

Sec. 18-501. At the close of the fiscal year, any unencumbered and unexpended balance in the state trunkline fund shall remain in the state trunkline fund and shall carry forward and is appropriated for federal aid road and bridge programs for projects contained in the annual state transportation program.

Sec. 18-502. (1) The funds appropriated in part 1 for the economic development and local bridge programs shall not lapse at the end of the fiscal year but shall carry forward each fiscal year for the purposes for which appropriated in accordance with 1987 PA 231, MCL 247.901 to 247.913, and section 10(5) of 1951 PA 51, MCL 247.660.

(2) Interest earned in the department of transportation economic development fund and local bridge fund shall remain in the respective funds and shall be allocated to the respective programs based on actual interest earned at the end of each fiscal year.

(3) In addition to the funds appropriated in part 1, the department of transportation economic development fund and local bridge fund may receive federal, local, or private funds or restricted source funds such as interest earnings. These funds are appropriated for projects that are consistent with the purposes of the respective funds.

(4) None of the funds statutorily dedicated to the transportation economic development fund and local bridge fund shall be diverted to other projects.

**STATE AERONAUTICS FUND**

Sec. 18-601. Except as otherwise provided in section 803 for capital outlay, at the close of the fiscal year, any unobligated and unexpended balance in the state aeronautics fund created in the aeronautics code of the state of Michigan, 1945 PA 327, MCL 259.1 to 259.208, shall lapse to the state aeronautics fund and be appropriated by the legislature in the immediately succeeding fiscal year.

**TRANSIT AND FREIGHT RELATED FUNDS**

Sec. 18-701. Money that is received by the state as a lease payment for state-owned intercity bus equipment or as a fee for state-owned intercity facilities is not money to be deposited in the comprehensive transportation fund under section 10b of 1951 PA 51, MCL 247.660b, but is money that is deposited in an intercity bus equipment and facility fund for appropriation for the purchase and repair of intercity bus equipment and the maintenance and rehabilitation of state-owned intercity facilities. Proceeds received by the state from the sale of intercity bus equipment are deposited in an intercity bus equipment and facility fund for appropriation for the purchase and repair of intercity bus equipment. Security deposits from the lease of state-owned intercity bus equipment not returned to the lessee of the equipment under terms of the lease agreement are deposited in an intercity bus equipment and facility fund for appropriation for the repair of intercity bus equipment. At the close of the fiscal year, any funds remaining in the intercity bus equipment and facility fund shall remain in the fund and be carried forward into the succeeding fiscal year.

Sec. 18-702. Money that is received by the state as repayment for loans made for rail or water freight capital projects, and as a result of the sale of property or equipment used or projected to be used for rail or water freight projects shall be deposited in the fund created by section 17 of the state transportation preservation act of 1976, 1976 PA 295, MCL 474.67. At the close of the fiscal year, any funds remaining in the rail freight fund shall remain in the fund and be carried forward into the succeeding fiscal year.

Sec. 18-703. The Detroit/Wayne County port authority shall issue a complete operations assessment and a financial disclosure statement. The operations assessment shall include operational goals for the next 5 years and recommendations to improve land acquisition and development efficiency. The report shall be completed and submitted to the house of representatives and senate appropriations subcommittees on transportation, the state budget director, and the house and senate fiscal agencies by February 15 of each fiscal year for the prior fiscal year.

Sec. 18-704. For the fiscal year ending September 30, 2013, the appropriation to a street railway pursuant to section 10e(22) of 1951 PA 51, MCL 247.660e, is $0.

**CAPITAL OUTLAY**

Sec. 18-801. (1) From federal-state-local project appropriations contained in part 1 for the purpose of assisting political entities and subdivisions of this state in the construction and improvement of publicly used airports and landing fields within this state, the state transportation department may permit the award of contracts on behalf of units of

local government for the authorized locations not to exceed the indicated amounts, of which the state allocated portion shall not exceed the amount appropriated in part 1.

(2) Political entities and subdivisions shall provide not less than 2.5% of the cost of any project under this section, unless a total nonfederal share greater than 5% is otherwise specified in federal law. State money shall not be allocated until local money is allocated. State money for any 1 project shall not exceed 1/3 of the total appropriation in part 1 from state funds for airport improvement programs.

(3) The Michigan aeronautics commission may take those steps necessary to match federal money available for airport construction and improvement within this state and to meet the matching requirements of the federal government. Whether acting alone or jointly with another political subdivision or public agency or with this state, a political subdivision or public agency of this state shall not submit to any agency of the federal government a project application for airport planning or development unless it is authorized in this article and the project application is approved by the governing body of each political subdivision or public agency making the application and by the Michigan aeronautics commission.

Sec. 18-802. (1) The director shall allocate lump-sum appropriations made in this article consistent with statutory provisions and the purposes for which funds were appropriated. Lump-sum allocations shall address priority program or facility needs and may include, but are not limited to, design, construction, remodeling and addition, special maintenance, major special maintenance, energy conservation, and demolition.

(2) The state budget director may authorize that funds appropriated for lump-sum appropriations shall be available for no more than 3 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 18-803. The appropriations in part 1 for capital outlay shall be carried forward at the end of the fiscal year consistent with the provisions of section 248 of the management and budget act, 1984 PA 431, MCL 18.1248.

**ONE-TIME BASIS ONLY**

Sec. 18-901. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $119,000,000.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

Federal aid match for state trunkline and road and bridge

| | | |
|---|---|---|
| construction | $ | 96,000,000 |
| Federal aid match for transit capital | | 12,000,000 |
| Federal aid match for rail operations and infrastructure | | 11,000,000 |
| State employee lump sum payments | | 3,260,800 |
| **GROSS APPROPRIATION** | **$** | **122,260,800** |
| Appropriated from: | | |
| Interdepartmental grant revenues | | 14,800 |
| State restricted revenues | | 3,246,000 |
| State general fund/general purpose | | 119,000,000 |

## Article 19

## DEPARTMENT OF TREASURY

PART 1

LINE-ITEM APPROPRIATIONS AND ANTICIPATED APPROPRIATIONS

Sec. 19-101. Subject to the conditions set forth in this article, the amounts listed in this part for the department of treasury are appropriated for the fiscal year ending September 30, 2013, and are anticipated to be appropriated for the fiscal year ending September 30, 2014, from the funds indicated in this part. PART 2

PROVISIONS CONCERNING APPROPRIATIONS

FISCAL YEAR 2013

**GENERAL SECTIONS**

Sec. 19-201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2012-2013 is $1,881,561,800.00 and state spending from state resources to be paid to local units of government for fiscal year 2012-2013 is $1,213,537,000.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF TREASURY

| | | |
|---|---|---|
| Senior citizen cooperative housing tax exemption | $ | 12,020,000 |
| Health and safety fund grants | | 9,000,000 |
| Constitutional state general revenue sharing grants | | 711,119,700 |
| Convention facility development fund distribution | | 74,850,000 |
| Emergency 9-1-1 payments | | 23,800,000 |
| County incentive program | | 125,600,000 |
| Economic vitality incentive program | | 210,000,000 |
| Competitive grant assistance program | | 5,000,000 |
| Airport parking distribution pursuant to section 909 | | 14,539,800 |
| Michigan strategic fund | | 15,224,800 |
| Payments in lieu of taxes | | 12,382,700 |
| TOTAL | $ | 1,213,537,000 |

Sec. 19-202. As used in this article:

(a) "Fund" means the Michigan strategic fund.

(b) "MEDC" means the Michigan economic development corporation, which is the public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by contractual interlocal agreement effective April 5, 1999, between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the Michigan strategic fund.

(c) "GEAR-UP" means gaining early awareness and readiness for undergraduate programs.

(d) "MSHDA" means Michigan state housing development authority.

(e) "PILT" means payments in lieu of taxes.

**DEPARTMENT OF TREASURY**

**OPERATIONS**

Sec. 19-301. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $40,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 19-302. (1) Amounts needed to pay for interest, fees, principal, mandatory and optional redemptions, arbitrage rebates as required by federal law, and costs associated with the payment, registration, trustee services, credit enhancements, and issuing costs in excess of the amount appropriated to the department of treasury in part 1 for debt service on notes and bonds that are issued by the state under sections 14, 15, and 16 of article IX of the state constitution of 1963 as implemented by 1967 PA 266, MCL 17.451 to 17.455, are appropriated.

(2) In addition to the amount appropriated to the department of treasury for debt service in part 1, there is appropriated an amount for fiscal year cash-flow borrowing costs to pay for interest on interfund borrowing made under 1967 PA 55, MCL 12.51 to 12.53.

(3) In addition to the amount appropriated to the department of treasury for debt service in part 1, there is appropriated all repayments received by the state on loans made from the school bond loan fund not required to be deposited in the school loan revolving fund by or pursuant to MCL 388.984, to the extent determined by the state treasurer, for the payment of debt service, including, without limitation, optional and mandatory redemptions, on bonds, notes or commercial paper issued by the state pursuant to 1961 PA 112, MCL 388.981 to 388.985.

Sec. 19-303. (1) From the funds appropriated in part 1, the department of treasury may contract with private collection agencies and law firms to collect taxes and other accounts due this state. In addition to the amounts appropriated in part 1 to the department of treasury, there are appropriated amounts necessary to fund collection costs and fees not to exceed 25% of the collections or 2.5% plus operating costs, whichever amount is prescribed by each contract. The appropriation to fund collection costs and fees for the collection of taxes or other accounts due this state are from the fund or account to which the revenues being collected are recorded or dedicated. However, if the taxes collected are constitutionally dedicated for a specific purpose, the appropriation of collection costs and fees are from the general purpose account of the general fund.

(2) From the funds appropriated in part 1, the department of treasury may contract with private collections agencies and law firms to collect defaulted student loans and other accounts due the Michigan guaranty agency. In addition to the amounts appropriated in part 1 to the department of treasury, there are appropriated amounts necessary to fund collection costs and fees not to exceed 24.34% of the collection or a lesser amount as prescribed by the contract. The appropriation to fund collection costs and fees for the auditing and collection of defaulted student loans due the Michigan guaranty agency is from the fund or account to which the revenues being collected are recorded or dedicated.

Sec. 19-304. (1) The department of treasury, through its bureau of investments, may charge an investment service fee against the applicable retirement funds. The fees may be expended for necessary salaries, wages, contractual services, supplies, materials, equipment, travel, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement funds. Service fees shall not exceed the aggregate amount appropriated in part 1. The department of treasury shall maintain accounting records in sufficient detail to enable the retirement funds to be reimbursed periodically for fee revenue that is determined by the department of treasury to be surplus.

(2) In addition to the funds appropriated in part 1 from the retirement funds to the department of treasury, there is appropriated from retirement funds an amount sufficient to pay for the services of money managers, investment advisors, investment consultants, custodians, and other outside professionals, the state treasurer considers necessary to prudently manage the retirement funds' investment portfolios. The state treasurer shall report annually to the senate and house of representatives standing committees on appropriations and the state budget office concerning the performance of each portfolio by investment advisor.

Sec. 19-305. (1) There is appropriated an amount sufficient to recognize and pay expenditures for financial services provided by financial institutions as provided under section 1 of 1861 PA 111, MCL 21.181.

(2) The appropriations under subsection (1) shall be funded by restricting revenues from common cash interest earnings and investment earnings in an amount sufficient to record these expenditures.

Sec. 19-306. (1) The department of treasury shall charge for audits as permitted by state or federal law or under contractual arrangements, with local units of government, other principal executive departments, or state agencies. A report detailing audits performed and audit charges for the immediately preceding fiscal year shall be submitted to the state budget director and the senate and house fiscal agencies not later than November 30.

(2) A revolving fund known as the audit charges fund is created in the department of treasury. The contractual charges collected shall be credited to the audit charges fund and may be carried forward for future appropriation.

Sec. 19-307. A revolving fund known as the assessor certification and training fund is created in the department of treasury. The assessor certification and training fund shall be used to organize and operate a property assessor certification and training program. Each participant certified and trained shall pay to the department of treasury an examination fee of $50.00, an initial certification fee of $50.00, an annual renewal fee of $75.00 for levels 1 and 2, and $125.00 for levels 3 and 4 to offset the cost of administering the certification and training program. Training courses shall be offered in assessment administration. Each participant shall pay a fee to cover the expenses incurred in offering the optional programs to certified assessing personnel and other individuals interested in an assessment career opportunity. The fees collected shall be credited to the assessor certification and training fund.

Sec. 19-308. A revolving fund known as the municipal finance fee fund is created in the department of treasury. Fees are established under the revised municipal finance act, 2001 PA 34, MCL 141.2101 thru 141.2801 as amended and the fees collected shall be credited to the municipal finance fee fund and may be carried forward for future appropriation.

Sec. 19-309. The amount appropriated in part 1 to the department of treasury, home heating assistance program, is to cover the costs, including data processing, of administering federal home heating credits to eligible claimants and to administer the supplemental fuel cost payment program for eligible tax credit and welfare recipients.

Sec. 19-310. Revenue from the airport parking tax act, 1987 PA 248, MCL 207.371 to 207.383, is appropriated and shall be distributed under section 7a of the airport parking tax

act, 1987 PA 248, MCL 207.377a.

Sec. 19-311. The disbursement by the department of treasury from the bottle deposit fund to dealers as required by section 3c(2) of 1976 initiated law 1, MCL 445.573c, is appropriated.

Sec. 19-312. (1) There is appropriated an amount sufficient to recognize and pay refundable income tax credits as provided by the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

(2) The appropriations under subsection (1) shall be funded by restricting income tax revenue in an amount sufficient to record these expenditures.

Sec. 19-313. A plaintiff in a garnishment action involving this state shall pay to the state treasurer 1 of the following:

(a) A fee of $6.00 at the time a writ of garnishment of periodic payments is served upon the state treasurer, as provided in section 4012 of the revised judicature act of 1961, 1961 PA 236, MCL 600.4012.

(b) A fee of $6.00 at the time any other writ of garnishment is served upon the state treasurer, except that the fee shall be reduced to $5.00 for each writ of garnishment for individual income tax refunds or credits filed by magnetic media.

Sec. 19-314. The department of treasury may contract with private firms to appraise and, if necessary, appeal the assessments of senior citizen cooperative housing units. Payment for this service shall be from savings resulting from the appraisal or appeal process.

Sec. 19-315. The department of treasury may provide a $200.00 annual prize from the Ehlers internship award account in the gifts, bequests, and deposit fund to the runner-up of the Rosenthal prize for interns. The Ehlers internship award account is interest bearing.

Sec. 19-316. Pursuant to section 61 of the Michigan campaign finance act, 1976 PA 388, MCL 169.261, there is appropriated from the general fund to the state campaign fund an amount equal to the amounts designated for tax year 2011. Except as otherwise provided in this section, the amount appropriated shall not revert to the general fund and shall remain in the state campaign fund. Any amounts remaining in the state campaign fund in excess of $10,000,000.00 on December 31 shall revert to the general fund.

Sec. 19-317. The department of treasury may make available to interested entities otherwise unavailable customized unclaimed property listings of nonconfidential information in its possession. The charge for this information is as follows: 1 to 100,000 records at 2.5 cents per record and 100,001 or more records at .5 cents per record. The revenue received from this service shall be deposited to the appropriate revenue account or fund.

Sec. 19-318. There is appropriated for write-offs and advances an amount equal to total write-offs and advances for departmental programs, but not to exceed current year authorizations that would otherwise lapse to the general fund.

Sec. 19-319. In addition to funds appropriated in part 1, the department of treasury may receive and expend funds for conducting tax orientation workshops and seminars. Funds received may not exceed costs incurred in conducting the workshops and seminars.

Sec. 19-320. From funds appropriated in part 1, the department of treasury may contract with private auditing firms to audit for and collect unclaimed property due this state in accordance with the Michigan uniform unclaimed property act. In addition to the amounts appropriated in part 1 to the department of treasury, there are appropriated amounts necessary to fund auditing and collection costs and fees not to exceed 12% of the collections, or a lesser amount as prescribed by the contract. The appropriation to fund collection costs and fees for the auditing and collection of unclaimed property due this state is from the fund or account to which the revenues being collected are recorded or dedicated.

Sec. 19-321. In addition to the funds appropriated in part 1, the department of treasury may receive and expend principal residence audit fund revenue for administration of principal residence audits under the general property tax act, 1893 PA 206, MCL 211.1 to 211.155.

Sec. 19-322. (1) A public-private partnership investment fund is created in the department of treasury. Subject to subsections (2) and (3), public-private partnership investments shall include, but are not limited to, all of the following:

(a) Capital asset improvements including buildings, land, or structures.

(b) Energy resource exploration, extraction, generation, and sales.

(c) Financial and investment incentive opportunities.

(d) Infrastructure construction, maintenance, and operation.

(e) Public-private sector joint ventures that provide economic benefit to an area or to the state.

(2) The state treasurer and the state budget director shall determine whether or not a specific public-private partnership investment opportunity qualifies for funding under subsection (1).

(3) Investment development revenue, including a portion of the proceeds from the sale of any public-private partnership investment designated in subsection (1), shall be deposited into the fund created in subsection (1) and shall be available for administration, development, financing, marketing, and operating expenditures associated with public-private

partnerships, unless otherwise provided by law. Public-private partnership investments authorized in subsection (1) are authorized for public or private operation or sale consistent with state law. Expenditures from the fund are authorized for investment purposes as designated in subsection (1) to enhance the marketable value of each investment. The unencumbered balance remaining in the fund at the end of the fiscal year may be carried forward for appropriation in future years.

(4) The department of treasury shall monitor the revenue deposited in the public-private partnership investment fund created in subsection (1). If the revenue in the fund is insufficient to pay the amount appropriated in part 1 for public-private partnership investment, then treasury shall propose a legislative transfer to fund the line item for the appropriations in part 1.

Sec. 19-323. Unexpended appropriations of the John R. Justice grant program are designated as work project appropriations and shall not lapse at the end of the fiscal year and shall continue to be available for expenditure until the project has been completed. The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to provide student loan forgiveness to qualified public defenders and prosecutors.

(b) The project will be accomplished by utilizing state employees or contracts with private vendors, or both.

(c) The total estimated cost of the project is $287,000.

(d) The tentative completion date is September 30, 2014.

Sec. 19-324. The department of treasury may provide receipt, warrant and cash processing, data, collection, investment, fiscal agent, levy and warrant cost assessment, writ of garnishment, and other user services on a contractual basis for other principal executive departments and state agencies. Funds for the services provided are appropriated and shall be expended for salaries and wages, fees, supplies, and equipment necessary to provide the services. Any unobligated balance of the funds received shall revert to the general fund of this state as of September 30.

Sec. 19-325. The department of treasury shall provide accounts receivable collections services to other principal executive departments and state agencies under 1927 PA 375, MCL 14.131 to 14.134. The department of treasury shall deduct a fee equal to the cost of collections from all receipts except unrestricted general fund collections. Fees shall be credited to a restricted revenue account and appropriated to the department of treasury to pay for the cost of collections. The department of treasury shall maintain accounting records

in sufficient detail to enable the respective accounts to be reimbursed periodically for fees deducted that are determined by the department of treasury to be surplus to the actual cost of collections.

Sec. 19-326. (1) The appropriation in part 1 to the department of treasury for treasury fees shall be assessed against all restricted funds that receive common cash earnings or other investment income. Treasury fees include all costs, including administrative overhead, relating to the investment of each restricted fund. The fee assessed against each restricted fund will be based on the size of the restricted fund (the absolute value of the average daily cash balance plus the market value of investments in the prior fiscal year) and the level of effort necessary to maintain the restricted fund as required by each department.

(2) In addition to the funds appropriated in part 1, the department of treasury may receive and expend investment fees relating to new restricted funding sources that participate in common cash earnings or other investment income during the current fiscal year. When a new restricted fund is created starting on or after October 1, that restricted fund shall be assessed a fee using the same criteria identified in subsection (1).

Sec. 19-327. Revenue received under the Michigan education trust act, 1986 PA 316, MCL 390.1421 to 390.1442, may be expended by the board of directors of the Michigan education trust for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement fund.

Sec. 19-328. (1) The department of treasury may expend revenues received under the hospital finance authority act, 1969 PA 38, MCL 331.31 to 331.84, the shared credit rating act, 1985 PA 227, MCL 141.1051 to 141.1076, the higher education facilities authority act, 1969 PA 295, MCL 390.921 to 390.934, the Michigan public educational facilities authority, Executive Reorganization Order No. 2002-3, MCL 12.192, the Michigan tobacco settlement finance authority act, 2005 PA 226, MCL 129.261 to 129.279, the land bank fast track act, 2003 PA 258, MCL 124.751 to 124.774, part 505 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.50501 to 324.50522, the state housing development authority act of 1966, 1966 PA 346, MCL 125.1401 to 125.1499c, and the Michigan finance authority, Executive Reorganization Order No. 2010-2, MCL 12.194, for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, grants to the civil service commission and state employees' retirement fund, and other expenses as allowed under those acts.

**REVENUE SHARING**

Sec. 19-401. The funds appropriated in part 1 for constitutional revenue sharing shall be distributed by the department to cities, villages, and townships, as required under section 10 of article IX of the state constitution of 1963. Revenue collected in accordance with section 10 of article IX of the state constitution of 1963 in excess of the amount appropriated in part 1 for constitutional revenue sharing is appropriated for distribution to cities, villages, and townships, on a population basis as required under section 10 of article IX of the state constitution of 1963.

Sec. 19-402. From the funds appropriated in part 1 and in section 19-1001 for competitive grant assistance, $25,000,000.00 is to be used for assistance grants to cities, villages, townships, and counties to offset the costs associated with mergers, interlocal agreements, and cooperative efforts for those cities, villages, townships, and counties that elect to combine government operations. The department of treasury shall develop an application process and method of grant distribution.

Sec. 19-403. (1) (a) From the funds appropriated in part 1 to the economic vitality incentive program, $210,000,000.00 is to be used for grants to cities, villages, and townships such that, subject to fulfilling the requirements under subsection (2)(a), (b), or (c), each city, village, or township that received a payment under section 950(2), 2009 PA 128, greater than $4,500.00 will be eligible to receive a maximum of 67.837363% of its total payment received under section 950(2), 2009 PA 128, rounded to the nearest dollar. For the purposes of this subsection, any city or village that according to the 2010 federal decennial census is determined to have population in more than 1 county will be treated as a single entity when determining the payment received under section 950(2), 2009 PA 128.

(b) From the funds appropriated in part 1 for the county incentive program, $125,600,000.00 is to be used for grants to counties such that, each county is eligible to receive an amount equal to the amount by which the balance in its revenue sharing reserve fund under section 44a of the general property tax act, 1893 PA 206, MCL 211.44a, for the county's most recent fiscal year that ends prior to the January 1 of the state's fiscal year is less than the amount calculated under section 44a(13) of the general property tax act, 1893 PA 206, MCL 211.44a, for the county fiscal year that begins in the state's fiscal year. The amount calculated under this subsection shall be adjusted as necessary to reflect partial county fiscal years and prorated based on the total amount appropriated for distribution to all eligible counties. Payments under this subsection will be distributed to an eligible county subject to the county fulfilling the requirements under subsection (2)(a), (b), or (c).

(2) Cities, villages, townships, and counties eligible to receive a potential payment from the allocation under subsection (1)(a) or (1)(b) may qualify to receive payments under 1 or more of the following 3 categories:

(a) Category 1, accountability and transparency, requires each eligible city, village, township, or county to certify that by October 1, 2012, or the first day of a payment month it has produced a citizen's guide of its most recent local finances, including a recognition of its unfunded liabilities, a performance dashboard, and a projected budget report including at a minimum 3 years of revenues and expenditures, a detailed listing of its debt service requirements, and an explanation of the assumptions used for the projections. The citizen's guide, performance dashboard and projected budget report shall be made available for public viewing in the city, village, township, or county clerk's office and/or posted on a publicly accessible Internet site. Each city, village, township, and county applying for a payment under this category shall submit a copy of the citizen's guide, a copy of the performance dashboard, and a copy of the projected budget report to the department of treasury.

(b) Category 2, consolidation of services, requires each eligible city, village, township, or county to certify that by January 1, 2013, or the first day of a payment month, it has produced a consolidation plan. The consolidation plan shall be made readily available for public viewing in the city, village, township, or county clerk's office and/or posted on a publicly accessible Internet site. Each city, village, township and county applying for a payment under this category shall submit a copy of the consolidation plan to the department of treasury. At a minimum, the consolidation plan shall include the following:

(*i*) For a city, village, township, or county that is submitting a consolidation plan for the first time, the plan shall include a listing of any previous services consolidated with an estimated cost savings amount for each consolidation. In addition, the plan shall include one or more new proposal(s) to increase its existing level of cooperation, collaboration and consolidation either within the jurisdiction or with other jurisdictions, an estimate of the potential savings amount, and a timeline for implementing the new proposal.

(*ii*) For a city, village, or township that has submitted a consolidation plan in the previous fiscal year, the plan shall include an update on the status of the new proposals that were in the previous year's consolidation plan, including whether or not the previously proposed plan has been fully implemented, a listing of the barriers experienced in implementing the proposal and a timeline of the steps to accomplish the proposed plan. In addition, the plan shall include one or more new proposal(s) to increase its existing level of cooperation, collaboration and consolidation either within the jurisdiction or with other

jurisdictions, an estimate of the potential savings amount and a timeline for implementing the new proposal.

(c) Category 3, employee compensation, requires each eligible city, village, township, or county to certify that by May 1, 2013, or the first day of a payment month, it has produced an employee compensation plan. The employee compensation plan shall be made available for public viewing in the city, village, township, or county clerk's office and/or posted on a publicly accessible Internet site. Each city, village, township and county applying for a payment under this category shall submit a copy of the employee compensation plan to the department of treasury.

(*i*) For a city, village, township, or county that is submitting an employee compensation plan for the first time, the plan shall include a description of how the city, village, township, or county will implement the conditions established in (iii), (iv) and (v) of this subsection with all new, modified, or extended contracts or employment agreements, for employees not covered under contract, entered into after September 30, 2012. In addition, the plan shall include a listing of all contracts or employment agreements and include the contract expiration date and the date the contracts were or will be entered into. All new, modified, or extended contracts or employment agreements entered into after September 30, 2012 shall be in compliance with the conditions in (iii), (iv) and (v) of this subsection.

(*ii*) For a city, village, or township that has submitted an employee compensation plan in the previous year, the city, village, or township shall produce an updated employee compensation plan that includes a report on how the previous year's plan was implemented and/or a description of the barriers experienced in implementing the proposed plan. In addition the updated plan shall include a listing of all contracts or employment agreements and include the contract expiration date and the date the contracts were or will be entered into. All new, modified, or extended contracts or employment agreements entered into after September 30, 2012 shall be in compliance with the conditions in (iii), (iv) and (v) of this subsection.

(*iii*) New hires who are eligible for retirement plans are placed on retirement plans that cap annual employer contributions at 10% of base salary for employees who are eligible for social security benefits. For employees who are not eligible for social security benefits, the annual employer contribution is capped at 16.2% of base salary.

(*iv*) For defined benefit pension plans, a maximum multiplier of 1.5% for all employees who are eligible for social security benefits, except, where postemployment health care is not provided, the maximum multiplier shall be 2.25%. For all employees who are not eligible

for social security benefits, a maximum multiplier of 2.25%, except, where postemployment health care is not provided, the maximum multiplier shall be 3.0%.

(v) For defined benefit pension plans, final average compensation for all employees is calculated using a minimum of 3 years of compensation and shall not include more than a total of 240 hours of accrued leave paid at separation. Overtime hours shall not be used in computing the final average compensation for an employee.

(3) Economic vitality incentive program payments and county incentive program payments are subject to the following conditions:

(a) In order for a city, village, township, or county to qualify for a category under subsection (2)(a), (b), or (c), the city, village, township, or county shall meet every criteria for that category including a certification to the department that it has met the required criteria for that category and submission of the required citizen's guide, performance dashboard, and projected budget report; consolidation plan; or the employee compensation plan as required by subsection (2)(a), (b), or (c), respectively. A department of treasury review of the citizen's guide, performance dashboard, projected budget report, consolidation plan or employee compensation plan is not required in order for a city, village, township, or county to receive a payment under subsection (1). The department shall develop a certification process and method for cities, villages, townships, and counties to follow.

(b) For each category that a city, village, township, or county qualifies for in subsection (2), the city, village, township, or county shall receive 1/3 of its potential economic vitality incentive program payment amount or 1/3 of its potential county incentive program payment amount calculated in subsection (1).

(c) Payments under this section shall be issued to cities, villages, townships and counties for each category in subsection (2) until the specified due date for the category. After the specified due date for the category, payments shall be made to a city, village, township, or county only if that city, village, township, or county has complied with subdivision (a).

(d) If a city, village, township, or county does not provide the required certification or fails to submit the required citizen's guide, performance dashboard, projected budget report, consolidation plan, or the employee compensation plan by the first day of a payment month, the city, village, township, or county shall forfeit the payment in that payment month for the uncertified category in subsection (2).

(e) Any city, village, township, or county that falsifies certification documents shall forfeit any future economic vitality incentive program payments or county incentive

program payments and shall repay this state all economic vitality incentive program payments or county incentive program payments it has received under subsection (1) (a) or (1) (b).

(f) Economic vitality incentive program payments under this section shall be distributed on the last business day of October, December, February, April, June, and August. County incentive program payments under this section shall be distributed on the last business day of November, January, March, May, July, and September.

(g) Payments distributed under this section may be withheld pursuant to section 17a and 21 of the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.917a and 141.921.

(4) The unexpended funds appropriated in part 1 for the economic vitality incentive program and the county incentive program may be available for expenditures for competitive grant assistance projects under section 19-402.

Sec. 19-404. (1) All cities, villages, townships, and counties that offer health care benefits to their employees or elected public officials and are eligible to receive a potential payment from the allocation under section 19-403 shall certify to the department of treasury by April 1, 2013, that they are in compliance with section 3, section 4 and section 5 of the Publicly Funded Health Insurance Contribution Act, 2011 PA 152, MCL 15.563 to MCL 15.565. Dental and vision coverage are not considered health care benefits. The department shall develop a certification process and method for cities, villages, townships and counties to follow.

(2) All cities, villages, townships and counties that do not offer health care benefits to their employees or elected public officials and are eligible to receive a potential payment from the allocation under section 19-403 shall certify to the department of treasury by April 1, 2013, that they do not offer health care benefits to their employees or elected public officials. Dental and vision coverage are not considered health care benefits. The department shall develop a certification process and method for cities, villages, townships and counties to follow.

(3) A city, village, township, or county that fails to comply with subsection (1) or subsection (2) shall receive a 10% reduction to all payments issued under section 19-403.

Sec. 19-405. The department of treasury shall annually certify to the state budget director the amount each county is authorized to expend from its revenue sharing reserve fund.

**BUREAU OF STATE LOTTERY**

Sec. 19-501. In addition to the funds appropriated in part 1 to the bureau of state

lottery, there is appropriated from lottery revenues the amount necessary for, and directly related to, implementing and operating lottery games. Appropriations under this section shall only be expended for contractually mandated payments for vendor commissions, contractually mandated payments for instant tickets intended for resale, the contractual costs of providing and maintaining the online system communications network, and incentive and bonus payments to lottery retailers.

**CASINO GAMING**

Sec. 19-601. From the revenue collected by the Michigan gaming control board regarding the total annual assessment of each casino licensee, $2,000,000.00 is appropriated and shall be deposited in the compulsive gaming prevention fund as described in section 12a(5) of the Michigan gaming control and revenue act, initiated law of 1996, MCL 432.212a.

Sec. 19-602. (1) Funds appropriated in part 1 for local government programs may be used to provide assistance to a local revenue sharing board referenced in an agreement authorized by the Indian gaming regulatory act, Public Law 100-497.

(2) A local revenue sharing board described in subsection (1) shall comply with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275, and the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(3) A county treasurer is authorized to receive and administer funds received for and on behalf of a local revenue sharing board. Funds appropriated in part 1 for local government programs may be used to audit local revenue sharing board funds held by a county treasurer. This section does not limit the ability of local units of government to enter into agreements with federally recognized Indian tribes to provide financial assistance to local units of government or to jointly provide public services.

(4) A local revenue sharing board described in subsection (1) shall comply with all applicable provisions of any agreement authorized by the Indian Gaming Regulatory Act, Public Law 100-497, in which the local revenue sharing board is referenced, including but not limited to, the disbursal of tribal casino payments received under applicable provisions of the Tribal-State Class III Gaming Compact(s) in which those funds are received.

(5) The director of the department of state police and the executive director of the Michigan gaming control board are authorized to assist the local revenue sharing boards in determining allocations to be made to local public safety organizations.

(6) The department of treasury shall submit a report by September 30 to the senate and house of representatives standing committees on appropriations and the state budget director on the receipts and distribution of revenues by local revenue sharing boards.

Sec. 19-603. If revenues collected in the state services fee fund are less than the amounts appropriated from the fund, available revenues shall be used to fully fund the appropriation in part 1 of this article for casino gaming regulation activities before distributions are made to other state departments and agencies. If the remaining revenue in the fund is insufficient to fully fund appropriations to other state departments or agencies, the shortfall shall be distributed proportionally among those departments and agencies.

Sec. 19-604. The executive director of the Michigan gaming commission may pay rewards of not more than $5,800.00 to a person who provides information that results in the arrest and conviction on a felony or misdemeanor charge for a crime that involves the horse racing industry. A reward paid pursuant to this section shall be paid out of the appropriation in part 1 for the racing commission.

Sec. 19-605. All appropriations from the Michigan agriculture equine industry development fund, except for the racing commission and laboratory analysis program appropriations, shall be reduced proportionately if revenue to the Michigan agriculture equine industry development fund declines during the fiscal year ending September 30, 2012 to a level lower than the amount appropriated in part 1.

Sec. 19-606. The Michigan gaming control board shall use actual expenditure data in determining the actual regulatory costs of conducting racing dates and shall provide that data to the senate and house appropriations subcommittees on agriculture and general government and the senate and house fiscal agencies. The Michigan gaming control board shall not be reimbursed for more than the actual regulatory cost of conducting race dates. If a certified horsemen's organization funds more than the actual regulatory costs, the balance shall remain in the agriculture equine industry development fund to be used to fund subsequent race dates conducted by race meeting licensees with which the certified horsemen's organization has contracts. If a certified horsemen's organization funds less than the actual regulatory costs of the additional horse racing dates, the Michigan gaming control board shall reduce the number of future race dates conducted by race meeting licensees with which the certified horsemen's organization has contracts. Prior to the reduction in the number of authorized race dates due to budget deficits, the executive director of the Michigan gaming control board shall provide notice to the certified horsemen's organizations with an opportunity to respond with alternatives. In determining actual costs, the Michigan gaming control board shall take into account that each specific breed may require different regulatory mechanisms.

**MICHIGAN STRATEGIC FUND - GENERAL**

Sec. 19-701. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $50,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this article under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 19-702. (1) From the general fund/general purpose appropriations in part 1 to the fund and granted or transferred to the MEDC, any unexpended or unencumbered balance shall be disposed of in accordance with the requirements in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, unless carryforward authorization has been otherwise provided for.

(2) Any encumbered funds shall be used for the same purposes for which funding was originally appropriated in this article.

Sec. 19-703. (1) As a condition of receiving funds under part 1, the fund shall ensure that the MEDC and the fund comply with all of the following:

(a) The freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(b) The open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(c) Annual audits of all financial records by the auditor general or his or her designee.

(d) All reports required by law to be submitted to the legislature.

(2) If the MEDC is unable for any reason to perform duties under this article, the fund may exercise those duties.

Sec. 19-704. Federal pass-through funds to local institutions and governments that are received in amounts in addition to those included in part 1 and that do not require

additional state matching funds are appropriated for the purposes intended. The fund may carry forward into the succeeding fiscal year unexpended federal pass-through funds to local institutions and governments that do not require additional state matching funds. The fund shall report the amount and source of the funds to the senate appropriation subcommittee on economic development, the house appropriation subcommittee on general government, the senate and house fiscal agencies, and the state budget office within 10 business days after receiving any additional pass-through funds.

**MICHIGAN STRATEGIC FUND – ECONOMIC DEVELOPMENT**

Sec. 19-801. In addition to the appropriations in part 1, Travel Michigan may receive and expend private revenue related to the use of "Pure Michigan" and all other copyrighted slogans and images. This revenue may come from the direct licensing of the name and image or from the royalty payments from various merchandise sales. Revenue collected is appropriated for the marketing of the state as a travel destination. The funds are available for expenditure when they are received by the department of treasury.

Sec. 19-802. As a condition of receiving funds under part 1, any interlocal agreement entered into by the fund shall include language which states that if a local unit of government has a contract or memorandum of understanding with a private economic development agency, the MEDC will work cooperatively with that private organization in that local area.

Sec. 19-803. The Michigan council for the arts and cultural affairs may charge a nonrefundable application fee for arts and cultural grant applications. Application fees shall be deposited in the council for the arts fund and are appropriated for expenses necessary to administer the arts and cultural grant programs. These funds are available for expenditure when they are received and may be carried forward to the following fiscal year.

Sec. 19-804. In addition to the amounts appropriated in part 1 for the administration of the land bank fast track authority, the authority may expend revenues received under the land bank fast track act, 2003 PA 258, MCL 124.751 to 124.774, for the purposes authorized by the act including, but not limited to, the acquisition, lease, management, demolition, maintenance, or rehabilitation of real or personal property, payment of debt service for notes or bonds issued by the authority, and other expenses to clear or quiet title property held by the authority.

Sec. 19-805. (1) The fund shall publish the "activities classification structure data book" for Michigan community colleges on or before March 1.

(2) The fund shall compile information received from community colleges on North

American Indian tuition waivers granted pursuant to 1976 PA 174, MCL 390.1251 to 390.1253, and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the fiscal agencies, and the state budget director by March 1.

(3) The fund shall compile information received from community colleges on the number and types of associate degrees and other certificates awarded during the previous fiscal year and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the fiscal agencies, and the state budget director by March 1.

(4) The fund shall place the reports required in this section on a publically accessible internet site.

Sec. 19-806. The fund shall administer the jobs, education, and training program in accordance with the requirements of section 407(d) of title IV of the social security act, 42 USC 607, the state social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, and all other applicable laws and regulations.

Sec. 19-807. In addition to the funds appropriated in part 1, any unencumbered and unrestricted federal workforce investment act or trade adjustment assistance funds available from prior fiscal years are appropriated for the purposes originally intended.

**MICHIGAN STRATEGIC FUND – MICHIGAN STATE HOUSING DEVELOPMENT AUTHORITY**

Sec. 19-901. In addition to the funds appropriated in part 1, the funds collected by state historic preservation programs for document reproduction and services and application fees are appropriated for all expenses necessary to provide the required services. These funds are available for expenditure when they are received and may be carried forward into the succeeding fiscal year.

**ONE-TIME BASIS ONLY**

Sec. 19-1001. For the state fiscal year ending September 30, 2013, there is appropriated, on a 1-time basis only, $25,452,400.00 from general fund/general purpose revenue and related federal and state restricted revenue for the following purposes:

| | |
|---|---|
| Film incentive funding | $ 25,000,000 |
| Competitive grant assistance program | 20,000,000 |
| State employee lump sum payments | 3,878,400 |
| **GROSS APPROPRIATION** | **$ 48,878,400** |
| Appropriated from: | |
| Interdepartmental grant revenues | 112,800 |
| Federal revenues | 580,200 |

| | | |
|---|---|---|
| State restricted revenues | ..... | 22,733,000 |
| State general fund/general purpose | ..... | 25,452,400 |

## Article 20

## MISCELLANEOUS

PART 1

PROVISIONS CONCERNING APPROPRIATIONS

Sec. 20-101. The appropriations in this bill are subject to the following provisions concerning appropriations for the fiscal year ending September 30, 2013:

**GENERAL SECTIONS**

Sec. 20-201. (1) Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state sources for fiscal year 2012-2013 is estimated at

$14,737,137,300.00 in the 2012-2013 appropriations acts and total state spending from state sources paid to local units of government for fiscal year 2012-2013 is estimated at $3,939,300,300.00. The state-local proportion is estimated at 55.6% of total state spending from state resources.

(2) If payments to local units of government and state spending from state sources for fiscal year 2012-2013 are different than the amounts estimated in subsection (2), the state budget director shall report the payments to local units of government and state spending from state sources that were made for fiscal year 2012-2013 to the senate and house of representatives standing committees on appropriations within 30 days after the final book-closing for fiscal year 2012-2013.

Sec. 20-202. The appropriations authorized under this bill are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 20-203. The departments and agencies receiving appropriations in part 1 *s*hall use the Internet to fulfill the reporting requirements of this act. This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement, or it may include placement of reports on an Internet or Intranet site.

Sec. 20-204. Not later than November 30, the state budget office shall prepare and transmit a report that provides for estimates of the total general fund/general purpose appropriation lapses at the close of the prior fiscal year. This report shall summarize the projected year-end general fund/general purpose appropriation lapses by major departmental program or program areas. The report shall be transmitted to the office of the state budget, the chairpersons of the senate and house appropriations committees, and the senate and house fiscal agencies.

Sec. 20-205. The department of technology, management and budget shall maintain a searchable website accessible by the public at no cost that includes, but is not limited to, all of the following for each department or agency:

(a) Fiscal year-to-date expenditures by category.

(b) Fiscal year-to-date expenditures by appropriation unit.

(c) Fiscal year-to-date payments to a selected vendor, including the vendor name, payment date, payment amount, and payment description.

(d) The number of active department employees by job classification.

(e) Job specifications and wage rates.

Sec. 20-206. Within 14 days after the release of the executive budget recommendation, the state budget office shall provide the senate and house appropriations chairs, the senate and house appropriations subcommittees chairs, and the senate and house fiscal agencies with

an annual report on estimated state restricted fund balances, state restricted fund projected revenues, and state restricted fund expenditures for the fiscal years ending September 30, 2012 and September 30, 2013.

Sec. 20-207. Pursuant to section 352 of the management and budget act, 1984 PA 431, MCL 18.1352, which provides for a transfer of state general funds into or out of the countercyclical budget and economic stabilization fund, there is appropriated from the countercyclical budget and economic stabilization fund the sum of $130,000,000.00. The calculation required by section 352 of the management and budget act, 1984 PA 431, MCL 18.1352, is determined as follows:

| | 2012 | 2013 |
|---|---|---|
| Michigan personal income (millions) ..... | $ 372,355 | $ 382,781 |
| less: transfer payments ..... | $ 84,544 | $ 87,080 |
| Subtotal ..... | $ 287,811 | $ 295,701 |
| Divided by: Detroit Consumer Price Index for 12 months ending June 30 ..... | 2.153 | 2.192 |
| Equals: real adjusted Michigan personal income ..... | $ 133,692 | $ 134,928 |
| Percentage change ..... | | 0.9% |
| Percentage change in excess of 2% ..... | | 0.0% |
| Multiplied by: estimated general fund/general purpose revenue in fiscal year 2012-2013 (millions) .... | | 9,034.6 |
| Equals: countercyclical budget and economic stabilization fund payout calculation for the fiscal year ending September 30, 2013. ..... | | $0.0 |

**REVENUE STATEMENT**

Sec. 20-301. Pursuant to section 18 of article V of the state constitution of 1963, fund balances and estimates are presented in the following statement:

BUDGET RECOMMENDATIONS BY OPERATING FUNDS

(Amounts in millions)

Fiscal Year 2012-2013

Dear Legislators:

SUBJECT: Supplemental Request 2016-2

Attached please find supplemental recommendations for fiscal year 2016 to address Flint emergency needs. Medium and long-term needs are still being assessed and will be addressed in a future supplemental request. This supplemental contains requests for the departments of Education, Environmental Quality, Health and Human Services, Licensing and Regulatory Affairs, Military and Veterans Affairs and State Police.

Action on this supplemental is requested by the end of January.

If you have any questions regarding this request, please contact Nancy Duncan at (517) 373-0870.

Sincerely,

John S. Roberts
State Budget Director

**TECHNOLOGY, MANAGEMENT AND BUDGET**

**NEW BOILERPLATE:**

Sec. XXX. (1) The Flint emergency reserve fund is created within the state treasury.

(2) For the fiscal year ending September 30, 2016, there is appropriated a total of $50,000,000.00 general fund/general purpose for deposit into the Flint emergency reserve fund. In addition to the Flint emergency reserve fund, federal funds appropriated in the departments of education and health and human services will also be held in reserve via work project for future Flint emergency needs.

(3) Funds may only be spent from the Flint emergency reserve fund upon appropriation, or legislative transfer pursuant to the section 393 of the Management and Budget Act, 1984 PA 431, as amended, MCL 18.1393.

(4) Interest and earnings from the investment of funds deposited in the Flint emergency reserve fund shall be deposited in the general fund.

(5) Funds in the Flint emergency reserve fund at the close of a fiscal year shall remain in the Flint emergency reserve fund and shall not lapse to the general fund.

**EXPLANATION:**

This language appropriates $50 million general fund into a newly created Flint Emergency Reserve Fund. Together with $8 million in federal Child Care Development Funds appropriated in the Department of Education and $6.1 million in federal Temporary Assistance for Needy Families appropriated in the Department of Health and Human Services, a total of $64.1 million is therefore put into reserve for expenditure for the needs of children in Flint in response to the Emergency Declaration on January 5, 2016.

**TREASURY**

**NEW BOILERPLATE:**

Sec. XXX. (1) The Flint emergency reserve fund is created within the state treasury.

(2) For the fiscal year ending September 30, 2016, there is a total of $64,100,000.00 to be held in reserve for Flint emergency needs. Of this amount, there is appropriated $50,000,000.00 from general fund/general purpose revenue for deposit into the Flint emergency reserve fund. The remaining monies held in reserve are federal funds appropriated in the departments of education and health and human services.

(3) Funds may only be spent from the Flint emergency reserve fund upon appropriation, or legislative transfer pursuant to the section 393 of the Management and Budget Act, 1984 PA 431, as amended, MCL 18.1393.

(4) Interest and earnings from the investment of funds deposited in the Flint emergency reserve fund shall be deposited in the general fund.

(5) Funds in the Flint emergency reserve fund at the close of a fiscal year shall remain in the Flint emergency reserve fund and not lapse to the general fund.

**EXPLANATION:**

This language appropriates $50 million general fund into a newly created Flint Emergency Reserve Fund. Together with $8 million in federal Child Care Development Funds appropriated in the Department of Education and $6.1 million in federal Temporary Assistance for Needy Families appropriated in the Department of Health and Human Services, a total of $64.1 million is therefore put into reserve for expenditure in FY 2017 for the needs of children in Flint in response to the Emergency Declaration on January 5, 2016.

**MEMORANDUM**

TO: Governor Rick Snyder

FROM: John S. Roberts
State Budget Director

SUBJECT: Enrolled House Bill 5220
Fiscal Year 2016 Supplemental Appropriations; Flint Water Emergency

---

Enrolled House Bill 5200 contains fiscal year 2016 supplemental appropriations for several departments and agencies. The bill totals $28.0 million gross and $22.6 million general fund. The majority of the appropriations in the bill are consistent with the State Budget Office recommendations contained in Supplemental Request 2016-2 dated January 19, 2016.

House Bill 5220 has been ordered enrolled and is expected that it will be presented for signature today. ***I recommend this bill for signature with no vetoes.***

**SUMMARY:**

| Department | Executive Recommendation | Enrolled | Difference from Executive Rec. |
|---|---|---|---|
| Education | $935,000 | $2,685,000 | $1,750,000 |
| Environmental Quality | $5,786,500 | $5,786,500 | $0 |
| Health and Human Services | $17,207,000 | $15,457,000 | ($1,750,000) |
| Licensing and Regulatory Affairs | $2,000,000 | $2,000,000 | $0 |
| Military and Veterans Affairs | $2,000,000 | $2,000,000 | $0 |
| State Police | $100,000 | $100,000 | $0 |

**MEMORANDUM**

TO: Governor Rick Snyder

FROM: John S. Roberts
State Budget Director

SUBJECT: Enrolled Senate Bill 136
Fiscal Year 2016 Supplemental Appropriations; Flint Water Emergency

---

Enrolled Senate Bill 136 contains fiscal year 2016 supplemental appropriations for the Department of Treasury. The bill totals $30.0 million general fund to be used to reimburse the water enterprise fund of the city of Flint in an amount equal to credits posted to its customers' accounts. Enrolled Senate Bill 136 was initiated by the legislature and is consistent with the State Budget Office recommendation contained in Supplemental Request 2016-6 dated February 10, 2016 with the exception of the department. The State Budget Office recommended that the appropriation be placed in the Department of Environmental Quality and ESB 136 places the appropriation in the Department of Treasury.

Senate Bill 136 has been ordered enrolled and is expected that it will be presented for signature today. ***I recommend this bill for signature with no vetoes.***

# FY 17 Budget Presentation Questions

## Flint (NUTRITION):

*A big part of your plan for Flint is nutrition, particularly for young children. Can you explain why nutrition plays such a critical role in combating potential lead exposure?*

**Medical experts tell us that the body pulls from healthy vitamins and nutrients first before going to lead. We've talked to numerous physicians and health experts and they all say that a healthy diet mitigates the impact of lead being ingested into the body. Certain nutrients like iron, calcium, and Vitamin C are important, and extremely important in young children. That's why this budget makes such a significant investment on food and nutrition through programs and resources like the existing food bank network, the creation of a mobile food bank, and school food programs.**

## Flint (EARLY ON):

*Can you explain the role of programs like Early On in responding to the crisis in Flint?*

**What we know is that lead exposure is particularly dangerous in infants and very young children, since they're in such early stages of physical and cognitive development. Programs like Early On evaluate infants and toddlers for developmental delays. When Early On staff identify a problem, they begin a schedule of regular visits with the family, working with them on an individualized plan for helping the child, and help to identify additional resources. The earlier in life that these problems are detected, there's a much better chance of mitigating the damage.**

## Flint (D.C. ASSISTANCE):

*In addition to the funds we've already appropriated in two different supplementals, this budget includes another large investment to tackle the problem in Flint. We're clearly taking action at the state level, but couldn't Washington do more to help?*

**We've made a number of requests of the federal government to help with this crisis and there's been some help extended. For instance, we're grateful for the emergency assistance we've received from FEMA with regard to water, filters, replacement cartridges, and testing kits. While the Administration in D.C. rejected our disaster declaration request and our request to expand coverage under the Women, Infants and Children Food Assistance Program up to age 10, we're continuing to look at avenues for partnership with the federal government in dealing with this crisis and its aftermath.**

## DPS:

*With your funding proposal for DPS, I'm glad to see you propose a funding source other than the school aid fund. This may not be a totally budget-related question, but what happens if legislation to address the situation doesn't pass by spring?*

**First, I want to thank Senator Hansen again for all his work in getting the necessary legislation introduced and moving through the process. To your question, I believe that we have a very short time window to act before we see the effects of inaction begin to take place. As you know, the state is obligated to provide an education to the children of this state, including the 47,000 children in DPS. As things currently stand, in the short term, DPS is on track to be insolvent by this April. The district would be unable to pay teachers and other staff soon after, meaning the schools would then be forced to close soon after with no money to operate--meaning those children's school year would come to an abrupt end. We have to take action soon on the reform legislation in the Senate, for alternatives like bankruptcy would not only jeopardize the remainder of the school year in Detroit, but end up costing the state a lot more financially down the road.**

**Public Safety/Troopers:**

*I'm pleased to see that you're continuing to build upon your continued commitment to overall public safety and safer cities. What do you point to as evidence that these investments are working to keep our communities safer?*

**Fortunately, we have good data to point to. For instance, statistics show that our Secure Cities Partnership has reduced crime in Flint by over 37 percent, Saginaw by almost 30 percent, Pontiac by 10 percent and in Detroit by over 8 percent. With this budget, we'll expand those partnership efforts with local law enforcement into Benton Harbor, Muskegon Heights, Hamtramck, Highland Park, Inkster, and Harper Woods. So I'm excited that we're able to propose some new strategic investments in public safety like increasing our state trooper level and the additional corrections officers.**

**Cyber Security:**

*I see you're proposing an additional investment in cyber security. In light of recent attacks on our state IT system, what do you see as the top priorities where any available funds should be spent to protect our system?*

**In light of recent attacks on our state IT system, one of our top priorities is to enhance our ability to quickly detect and respond to malicious threats. This additional $5 million in ongoing funding will further enhance our ability to identify, analyze and reduce cyber threats and vulnerabilities and safeguard our IT systems. The funds will be used to refresh network and security hardware, provide additional monitoring and analytical capabilities, and enhance protections around the proliferation of mobile devices in the workplace. These investments will further reduce the vulnerabilities of our network to lessen the attack landscape. In addition to the investments in IT on the DTMB side, this budget proposes over $2 million for the Michigan State Police to expand its ability to prevent, detect, and investigate cybercrimes.**

**Michigan Infrastructure Fund:**

Can you provide more detail of how you envision the new infrastructure fund might be used for in the future?

**As I said during my State of the State Address, we have an infrastructure problem that is statewide. Our infrastructure was given a D grade by the American Society of Civil Engineers. We made a renewed commitment to our roads and bridges with the passage of the transportation funding package this past year. Now it's time for us to take a serious look at the rest of our system, whether it's water pipes, natural gas lines, or wastewater facilities. The new Michigan Infrastructure Fund will be used make strategic improvements and provide our local governments some financial assistance in making their necessary improvements to their infrastructure.**

| 8 | **DRAFT - Subject to change** | |
| 9 | Explanation | Status |
| 10 | Settlement funds to DHHS for water filters | ? |
| 11 | Home and school inspections for Flint | ? |
| 12 | Water sample testing | ? |
| 13 | Re-connection to Detroit Water System (1/2 costs for 9 months beginning October 2015 through June 2016) | Completed. |
| 14 | Childhood lead program - screening for abnormal blood lead levels (epidemiologists to analyze blood lead levels) & additional lead investigations & abatement | ? |
| 15 | Childhood lead program - follow up care for children with high blood lead levels (nurse care management | ? |
| 16 | Childhood lead program - outreach and education | ? |
| 17 | Purchase water filters | Completed. |
| 18 | Plumbing inspections of schools and health facilities | LARA estimates this to be 200 facilities (30 schools). Fixtures at Freeman school were scheduled to be completed by Feb. 8. Beginning the week of Feb. 8, LARA will begin all fixture replacements in all 30 schools. Replacements include all faucets, fountains, and associated parts. Following schools, LARA will begin on daycares; commercial nursing homes; and commercial adult foster care facilities. DEQ will then retest each facility after replacements are made to determine lead levels. |
| 19 | Payment to city to aid utility issues | ? |
| 20 | Maintain additional corrosion control procedures for one year | Corrosion controls in water implemented. Testing ongoing to determine when lead levels are safe. |

| 34 | Fixture replacements (schools, daycares, adult foster care, nursing homes, dialysis centers, surgery centers) | LARA estimates this to be 200 facilities (30 schools). Fixtures at Freeman school were scheduled to be completed by Feb. 8. Beginning the week of Feb. 8, LARA will begin all fixture replacements in all 30 schools. Replacements include all faucets, fountains, and associated parts. Following schools, LARA will begin on daycares; commercial nursing homes; and commercial adult foster care facilities. DEQ will then retest each facility after replacements are made to determine lead levels. |
| 35 | Genesee ISD fresh fruit/vegetables for K-5 | MDE in discussion with ISD on best use of supplemental funds. ISD proposing healthy take home snacks to supplement federal fresh fruit and vegetable program. Scope includes 4 buildings, 1,549 students, which equates to $87.82 a student for rest of school year. |
| 36 | Flint school district nurses - 9 positions | MDE working to ensure availability of funds by Feb. 12. Hiring has not begun. No target date known for hiring yet. |
| 37 | Grant to Genesee Intermediate School Districts to serve school aged children | MDE talking with ISD about early on. ISD has posted positions for 1 school psychologist and 2 early on service coordinators. Plans to hire additional staff are underway. MDE is working with ISD to develop communications plan and will coordinate with SNAP communication opportunities. |
| 38 | Operational funding for Flint Interagency Advisory Committee | Committee is now meeting. |

**Cell:** D6
**Comment:** Author:
Time and activity expenditure types would only need to report "Appropriated Amount" if funds from a direct appropriation were being used.

**Cell:** D7
**Comment:** Author:
"Other" expenditure types (i.e. expenditures from other funds) would not need to include appropriated amount

| 4 | |
| 5 | **Explanation** |
| 6 | ~~**Public Assistance**~~ |
| 7 | Transfer of Admin. Law Specialist FTE (0.3) from Public Health Administration line to Departmentwide Administration and Management line |
| 8 | Transfer of Vital Records and Health Statistics line to the renamed Local Health and Administrative Services unit |
| 9 | Transfer of remaining funding and 7.0 FTEs in the Public Health Administration line to the Essential Local Public Health Services line in the renamed Local Health and Administrative Services unit |
| 10 | Transfer of Health and Wellness Initiatives line and FTEs to the renamed Local Health and Administrative Services unit |
| 11 | Public Health Administration unit eliminated |
| 12 | **Public Assistance** |
| 13 | State restricted EMS fees spending authorization is increased by $103.7 to recognize carryforward revenues. |
| 14 | Transfer of 3.0 Legislative Services FTEs from the Departmentwide Administration and Management line to the Health Policy Administration line |
| 15 | Transfer of 12.0 Legal Affairs FTEs from Public Health Administration line to Departmentwide Administration and Management line |
| 16 | Transfer of EMS Programs line and FTEs to a new EMS, Trauma, and Preparedness unit |
| 17 | In FY 16, the IDG-LARA was increased for a one-time Nursing Transition to Practice project conducted by the Michigan Public Health Institute. The IDG for FY 17 is reduced by 268.7. |
| 18 | Reduction in various lines - recognizes the end of the five year payments of sick leave by departments from the 2010 Early Retirement program. Last payments were made in FY 16. |
| 19 | |
| 20 | Reduction in various lines - recognizes the end of the five year payments of sick leave by departments from the 2010 Early Retirement program. Last payments were made in FY 16. |
| 21 | **Public Assistance** |
| 22 | Removes authorization for the HUD Asthma Interventions grant - grant ended. |
| 23 | Recognizes a new Increase Adult Immunization Rates grant. The purpose of this grant is to collaborate with community health centers, pharmacies, and clinical practice groups to improve and expand the implementation of adult immunization practice standards. The grant to MDHHS for the period 9/30/2015 - 9/29/2017 is for $1,034,668 and the funding source is the Centers for Disease Control and Prevention. The funds received will be used to contract with the Michigan Public Health Institute, University of Michigan, and the Southeastern Michigan Health Association. In addition a small amount will be used for MDHHS administrative expenses. |
| 24 | Transfers the Stroke Registry grant and 2.0 FTEs from the Chronic Disease Control and Health Promotion Administration line to the Epidemiology Administration line. The administration of the Stroke Registry Grant from the Centers for Disease Control and Prevention has changed within MDHHS from the Division of Chronic Disease and Injury Control to the Bureau of Disease Control, Prevention and Epidemiology. |
| 25 | Recognizes an increase in the federal Stroke Registry grant from $350,000 to $740,000. |

|---|---|
| 26 | Combines the AIDS Surveillance and Prevention Program and Tuberculosis Control and Prevention lines into the Epidemiology Administration line. The state administrative costs for these two programs are already appropriated in Appropriation 15155-Epidemiology Administration. Only the contractual costs for these two programs are appropriated in separate appropriations. Therefore, for administrative effectiveness it is requested that appropriations 15150 and 15157 be combined with Appropriation 15155. Fund sources of 15150 is Federal Grants - HIV/AIDS $844,100, HIV Behavioral Surveillance $420,000, and Medical Monitoring $590,000 for a total of $1,854,100. Fund sources of appropriation 15157 is entirely the Federal Tuberculosis Grant in the amount of $867,000. |
| 27 | Transfer of the Sexually Transmitted Disease Control Program line to the renamed Local Health and Administrative Services unit. This request transfers the Sexually Transmitted Disease Program to the Bureau of Local Health and Administrative Services. This transfer is being requested to align program activities within the Bureaus of the Population Health and Community Services. |
| 28 | Transfer of the Bioterrorism Preparedness line to the new EMS, Trauma and Preparedness unit. This transfer is being requested to align program activities within the Bureaus of the Population Health and Community Services. |
| 29 | Reduction in various lines - recognizes the end of the five year payments of sick leave by departments from the 2010 Early Retirement program. Last payments were made in FY 16. |
| 30 | |
| 31 | Transfer 0.7 Legal Affairs FTE and $88.4 from the Local Health Services line to the Departmental Administration and Management line. |
| 32 | Transfer balance of Local Health Services line and 1.3 FTEs to the Essential Local Public Health Services line within the unit. |
| 33 | Transfer balance of Public Health Administration line (from the PHA unit) and 7.0 FTEs to the Essential Local Public Health Services line. |
| 34 | Transfer the Vital Records and Health Statistics line (from the PHA unit) and 81.4 FTEs to the renamed Local Health and Administrative Services unit. |
| 35 | Transfer the Health and Wellness Initiatives line (from the PHA unit) and 11.4 FTEs to the renamed Local Health and Administrative Services unit. |
| 36 | Transfer the STD Control Program line (from the former Epidemiology and Infectious Disease unit) and 20.0 FTEs to the renamed Local Health and Administrative Services unit. |
| 37 | Transfer the Cancer Prevention and Control Program line (from the former Chronic Disease unit) and 13.0 FTEs to the renamed Local Health and Administrative Services unit. |
| 38 | Transfer the balance of the Chronic Disease Control and Health Promotion Administration line (from the former Chronic Disease unit) and 27.4 FTEs to the renamed Local Health and Administrative Services unit. |
| 39 | Transfer the Diabetes and Kidney Program line (from the former Chronic Disease unit) and 8.0 FTEs to the renamed Local Health and Administrative Services unit. |
| 40 | Transfer the Smoking Prevention line (from the former Chronic Disease unit) and 12.0 FTEs to the renamed Local Health and Administrative Services unit. |
| 41 | Transfer the Violence Prevention line (from the former Chronic Disease unit) and 2.9 FTEs to the renamed Local Health and Administrative Services unit. |
| 42 | Recognizes additional federal authorization / carryforward funds in the Violence Prevention line (Suicide Prevention and Violent Death Reporting grants). |
| 43 | Transfer the AIDS Prevention, Testing and Care Programs line (from the former Chronic Disease unit) and 47.7 FTEs to the renamed Local Health and Administrative Services unit. |
| 44 | Transfer the Dental Programs line (from the FMCH unit) and 2.0 FTEs to the renamed Local Health and Administrative Services unit. |
| 45 | Transfer oral health funding within the Family, Maternal, and Child Health Administration line (from the FMCH unit) to the Dental Programs line. These funds partially support the 2 FTEs in the Dental Programs line. |
| 46 | Reduction in various lines - recognizes the end of the five year payments of sick leave by departments from the 2010 Early Retirement program. Last payments were made in FY 16. |

| 78 | |
| 79 | Eliminates FY 16 one-time funding and FY 16 PA 143 of 2015 one-time supplemental funding. |
| 80 | Family Preservation and Support Services - Funding to expand family preservation and support services to prevent the need for foster care, shorten the length of time between foster care entry and reunification, and sustain parental progress following reunification. Specifically, the Parent Partner Program is expanded to 10 additional counties, and the Family Reunification Program is expanded to several counties in Northern Michigan. |
| 81 | Integrated Service Delivery -Funding to support a 4-tiered IT investment request that enhances the delivery of DHHS services to Michigan residents. The core components of the investment include : Integrated Service Delivery Portal, Universal Caseload, Person-Centric Services, and Dynamic Application Process. The goal of DHHS Integrated Service Delivery Technology is to update and streamline beneficiary application process and display beneficiary program enrollement in one place. The integrated service delivery will use predictive analytics to identify best fit of programs for each beneficiary's circumstance. |
| 82 | Flint Declaration of Emergency - For FY 17, one-time DHHS funding total is $15,138,100 gross, $9,094,200 GF. Detail on federal amount of $5,570,000 = $3,520,000 TANF; $1,956,300 Medicaid; $66,000 Supplemental Nutrition Assistance Program (SNAP); and $27,700 WIC. Detail on State Restricted amount of $473,900 = $473,800 Healthy Michigan Fund and $100 Flint Emergency Reserve Fund. |
| 83 | MISACWIS Implementation - Funding to continue implementing the Michigan Statewide Automated Child Welfare Information System to achieve federal compliance under the Modified Settlement Agreement with Children's Rights, Inc. and adhere to federal regulations under the Advanced Planning Document with the U.S. Department of Health and Human Services Administration for Children and Families. Specific system improvements will promote data sharing among agencies, streamlined functionality, data quality and integrity, and custom system integration. |
| 84 | Establish Pharmacy Reserve Fund - An expectation that Michigan Medicaid may need to expand coverage to additional high cost pharmacy products in FY 2017 has driven the creation of a one-time pharmacy reserve fund. These funds are intended to cover high-cost pharmaceuticals that are deemed medically necessary for inclusion on the Medicaid drug formulary or are required to be covered under state or federal statute. |
| 85 | Autism Navigator - Adjustment continues funding to the Autism Alliance for an assessment of the statewide rollout of the Medicaid Autism benefit and supports three state FTEs to assist families of autistic children in finding services. |

| Meeting Date: | February 23, 2016 |
| Meeting Time: | 10:30-12:00 |
| SBO Analyst(s) Present: | Robert Hovenkamp, Herve Mukuna, , David Fosdick, and Keith White |

**HIGHLIGHTS**

1. **DDHS Deputy Director Lynda Zeller** presented on the Behavioral Health and Developmental Disabilities Administration current year operations and the Fiscal Year 2017 Budget.
2. **Representatives Pagan, VerHeulen, Canfield, Afendolis, Cox and Faris** all noted concerns regarding Section 298 boilerplate (the proposed integration of behavioral health services into physical health Medicaid managed care contracts). Several concerns were regarding the potential impact on consumers and the process to integrate behavioral health and physical health. **Lynda Zeller** emphasized the boilerplate language was merely the start of a conversation and a workgroup process has started to address behavioral health integration. .
3. **Representative VerHeulen** referred to Section 298 as a "non-starter"

**SUMMARY OF MEETING OUTCOME**

No formal action was taken

**QUESTIONS AND ANSWERS**

**Section 298 Boilerplate Behavioral Health Integration**

- **Representative** Afendoulis asked how there would be administrative savings if there are lower administration costs for Prepaid Inpatient Health Plans (PIHPs) relative to Health Plans.
  - **Lynda Zeller** stated the purpose of the dialog on behavioral health integration will partially be fact finding**.** She noted a challenge DHHS faces in comparing MCO and PIHP administrative costs**.** The department would like to look at total cost of services relative to amount the behavioral system overall is funded.
- **Representative Canfield** asked if coming to the conclusion that eliminating PIHPs and carving in behavioral health services prior to finding more information would be putting the cart before the horse. Canfield voiced support of beginning a new system with a pilot program with a region that has struggled and voiced concern that DHHS may hurt quality practices when reforming the entire system. Canfield also discussed concern over whether consumers would be able to keep the same primary care physician.
  - **Lynda Zeller** reiterated that the department is open to a dialog. She further stated that the main point of concern regarding the boilerplate is related to the "…shall move system together" portion of the boilerplate. The process will engage individuals with acute physical and behavioral health and physical health conditions. Lynda Zeller stated the department will take the pilot project idea into account. The department further responded that we need to build primary care systems around where people are likely to go to Community Mental Health organizations. Community Mental Health organizations have done an amazing job of integrating primary care into the ground level of the system.
- **Representative Pagan** asked if the state eliminated PIHPs, would local control of the behavioral health system be lost?

- **Lynda Zeller** explained that the 7 PIHPs are regional entities with representative boards which are separated from the Community Mental Health organizations and the other PIHPs have the same boards as the Community Mental Health organizations. The general feeling and part of the reason for concerns is that the PIHPs provide more of a public connection.

- **Representative Pagan** asked how the new plan would provide administrative savings when Detroit-Wayne is both a PIHP and a CMH and the new plan would have 8 health plans in additional to the CMH?
  - **Lynda Zeller** stated the work group would further explore this question
- **Representative Pagan** asked why the department is deciding to change the behavioral health system now when they just reduced the number of PIHPs to ten two years ago?
  - **Lynda Zeller** responded that there is a need for more services funding specifically to jails.
- **Representative Faris** asked of the 46 CMHs how many of them are primarily service organizations and how many of them primarily contract out with private behavioral health providers?
  - **Lynda Zeller** answered that rural CMH's directly provide services and urban CMH's tend to contract out more. She would be able to provide Representative Faris with more later.
  - **Representative Faris** responded that the behavioral health integration conversation is a good conversation to have but she did not necessarily think the Legislature ready to legislate and appropriate based on the boilerplate.
- **Chairman VerHeulen** stated that the boilerplate Section 298 is a non-starter and he would like more of a detailed plan. He asked when the department would be able to provide more of a detailed plan based on the workgroup.
  - **Lynda Zeller** responded it would take some time for there to be consensus surrounding the facts and that members still need to be added to the workgroup. The goal is get feedback ready for the legislature so the information may impact the Fiscal Year 2017 budget.

**Department Operations**

- **Representative Cox** commented that Section 298 seems like it would be a heavy lift. She saw a statistic within the presentation that said 98.6% of patients receive care within 14 days. Representative Cox asked if this statistic show the department was doing well?
  - **Lynda Zeller** answered that the outcomes provided were relatively good outcomes compared to the rest of the country.
-

**Institutions of Mental Disease**

- **Representative Cox** recalled discussion of Institutions of Mental Disease (IMD) Exclusion and the state's ability to use Medicaid and psychiatric facilities. Representative Cox asked to hear more about IMD.
  - **Lynda Zeller** answered that there is a preclusioin from using Medicaid dollars for stand-alone state psychiatric facilities. Managed care entities have some flexible for using Medicaid dollars for stand-alone state psychiatric facilities but the state does not have any flexibility itself to use Medicaid dollars for Institutions of Mental Disease.

**Flint**

- **Representative Santana** voiced concern over whether everyone is being documented who has been impacted by the Flint Water crisis?
  - **Lynda Zeller** answered they are working with the federal government on short, mid and long-term goals.
  - **Farah Hanley Deputy Director for DHHS** stated that the DHHS has implemented more robust reporting for grant recipients in Flint.

**Fetal Alcohol Syndrome**

- **Representative Faris** asked the department about Fetal Alcohol Syndrome initiatives.
  - **Lynda Zeller** mentioned targeted efforts the department has toward pregnant women
  - **Representative Faris responded** that she would like to department to do more comprehensive Fetal Alcohol Syndrome programming toward men.

**HIGHLIGHTS OF PUBLIC TESTIMONY**

**GF/GP Impact:** n/a

**Gross Impact:** n/a
**Next Meeting Scheduled:** House – Thursday, February 25th at 10:30 am
Senate – Tuesday, March 1st at 2:30 p/am

**DHHS – PUBLIC HEALTH BOILERPLATE**

**REMAINING ISSUES - SUMMARY**

1. Report summary – added at beginning of document **(p. 1)**

2. Sec. 1141 – this specific section on multicultural primary care services should be deleted and replaced by generic multicultural boilerplate language that will be located in the 200 section (with metrics). It has been prepared and is pending with John. The DHHS 200 sections are part of the Human Services draft boilerplate document that Marlon is working on. **(p. 3)**

3. Sec. 1144 – revisions made (re: federal State Innovations Model grant) **(p. 3-4)**

4. Sec. 1180 – lead abatement boilerplate – the current language will be modified. DHHS, as you know, is working on replacement boilerplate that is part of the Flint funding proposal. I suggest that we allow Caron to keep a placeholder for this language – we can add the new language when ready. **(p. 6)**

5. Sec. 1260 – Alzheimer's pilot funding – with the decision to retain this funding for the final year of the 3 county pilot, the section will be revised and moved to the Aging appropriations unit **(p. 8)**

6. Sec. 1908 – one-time hospice boilerplate – deleted for now – David has a draft Governor's decision document for your review. **(p. 17)**

HIGHLIGHTS

Steve **Yager**, Executive Director, DHHS Children's Services Agency (CSA), and Farah **Hanley**, Senior Deputy Director, DHHS Financial Operations Administration, presented an overview of children's services programs including foster care, adoption, guardianship assistance, the child care fund, and juvenile justice. The presentation also included an update on the Dwayne B. v. Snyder Implementation, Sustainability, and Exit Plan (ISEP), formerly referred to as the Modified Settlement Agreement (MSA), and an overview of CSA related investments included in the FY 2017 budget recommendation. Committee members asked questions but no action was taken. The department's presentation is attached.

FY17 Children's Services Agency Prese

Summary of Meeting Outcomes

The hearing was primarily for informational purposes. No formal action was taken.

Summary of Questions and Answers

**Flint Emergency Declaration**

- Representative **McCready** asked whether the state should stop delivering bottles of water and move to a central tank where residents can obtain larger quantities of clean water. Mr. **Yager** replied that CSA is looking at various options for delivering water and Ms. **Hanley** stated that the Federal Emergency Management Agency (FEMA) is taking the lead on this issue and the department is working to coordinate their efforts with the federal government.
- Representative **McCready** questioned about nutritional food resources for children in

Flint and where families can gain access to these resources. Ms. **Hanley** stated that nutrition is a big part of the FY17 Executive Recommendation. The supplemental request includes food bank funding and would establish two mobile food banks as well as hot food trucks in Flint. The department is also engaging with larger grocery chains that may offer discounted fruit and vegetables for Flint residents.

- Representative **McCready** inquired whether Flint residents understand how to properly install and use the water filters that are being distributed by the state. Mr. **Yager** responded that workers are educating the residents when they go into the homes to deliver the filters. Treatment plans are also being created for all children in the care of the state that have elevated blood levels.

**County Hold Harmless Funding for Children's Services**

- Representative **McCready** asked for clarification regarding whether the FY17 Executive Recommendation reduces foster care rates for private agencies. Mr. **Yager** responded that the Executive Recommendation retains the FY16 administrative and residential rates, but eliminates the hold harmless funding. Ms. **Hanley** added that the department supports the sunset provision for the hold harmless policy established in P.A. 84 of 2015.

**W.J. Maxey Training School**

- Representative **Banks** inquired about the $1.0 million appropriation in FY17 for the Maxey Training School. Mr. **Yager** replied that the facility is still owned by the state and needs to be maintained and cared for until it is sold or repurposed.

**Foster Care**

- Representative **Yanez** asked whether the $187.7 million appropriation for foster care is an increase or decrease over FY16. Mr. **Yager** stated that the department would provide additional information regarding the foster care caseload.

**Mental Health**

- Representative **Yanez** inquired about mental health screenings for children. Mr. **Yager** responded that DHHS assesses all children for risk of offense and other mental health needs. Children in out-of-home placements (whether private or public) still receive an assessment.

**Kent County Performance-Based Funding**

- Representative **Yanez** questioned how much money goes into the child welfare performance-based funding partnership with Kent County. Mr. **Yager** answered that in FY15 no specific Kent County funding was appropriated but the general appropriation to implement performance-based funding was $1.3 million. In FY16 $500,000 was specifically appropriated for Kent County; however, in FY17 no specific funding was included for Kent County.

**Child Protective Services**

- Chairman **Poleski** sought clarification on the number of Child Protective Services complaints that are investigated. Mr. **Yager** stated that 59% of all CPS complaints are investigated. The remaining 41% of all CPS complaints are either rejected or transferred. He further clarified that all CPS complaints are properly disposed of.

Next Hearing:

House Human Services – Tuesday, March 1, at 12:00 pm

- AGENDA:
  - Field Operations and Local Offices Update
  - Wages and Fringe Benefits
  - Donated Funds Positions
  - Caseload Trends

Senate Health and Human Services – Tuesday, March 1, at 2:30 pm

- AGENDA:
  - Medicaid
  - Public Testimony

## HIGHLIGHTS

1. **DHHS Deputy Director Tim Becker** presented the DHHS's Flint-related activities, FY 2016 supplemental spending and the FY 2017 DHHS budget recommendation – no action taken
2. **DHHS Deputy Director Karen Parker** discussed DHHS's Business Integration Center activities. The Business Integration Center manages DHHS' IT systems.
3. **Senator Shirkey** voiced strong concerns over the lack of detail supporting the DHHS's Integrated Services Delivery (ISD) proposal and the process used to determine Medicaid coverage for high-cost specialty pharmaceuticals.
4. **Senator Proos** and **Senator MacGregor** voiced concern over MiSACWIS implementation.
5. **Senator Hansen** voiced concerned on the rate of Healthy Michigan Plan (HMP) eligibles receiving their primary care visit (~67%).
6. **Senator Gregory** and **Senator Shirkey** both inquired on the Executive Recommendation boilerplate regarding behavioral-physical health integration.
7. **Senator Hertel** inquired on statewide lead remediation efforts.

## SUMMARY OF MEETING OUTCOME

No formal action taken.

## QUESTIONS AND ANSWERS

### Flint and Statewide Lead Remediation Efforts

- **Chairman Marleau** asked about using vitamin supplementation to meet the nutritional needs of Flint children.
  - **Tim Becker** responded that the DHHS is looking into this issue, but stressed that such a decision should be managed each child's primary care physician.
- **Senator Hertel** asked about the current status of nursing and food programs that were funded through the recently passed FY 2016 Flint supplemental.
  - **Tim Becker** and **Deputy Director Farah Hanley** provided a summary of the major nursing and nutrition related items in the supplemental. Specifically noting that $100,000 appropriated for food bank support has been issued and that the mobile food bank funded in the supplemental should be up and running by mid-February.
- **Senator Hertel** asked why the Exec. Rec. did not increase the current appropriation for statewide lead remediation efforts, currently at $1.75 million.
  - In response **Tim Becker** was open to increasing funding for this initiative but noted that the high-cost per household per remediation made broad expansion of this initiative difficult.

### Integration Boilerplate Section 298

- **Senator Gregory** asked for DHHS to review the behavioral health investments in the Exec. Rec.

- **Senator Shirkey** asked for additional detail on the behavioral health integration proposal. Specifically a visual that would illustrate how behavioral health services are currently structured and how behavioral health integration would change this structure.
  - In their comments related to the integration proposal **Tim Becker** and **DHHS Deputy Director Lynda Zeller** stressed that the proposal was not privatization, but rather integration of financing to enhance care coordination, provide common oversight of Medicaid services, and ensure maximization of Medicaid funding for services in behavioral health.

**MiSACWIS**

- **Senator MacGregor** noted his discomfort with DHHS proposing new investments before resolving MiSACWIS implementation issues, and asked about help-ticket reduction and how private foster care agencies were being on-boarded. Senator MacGregor also asked about progress on accurately tracking juvenile justice (JJ) caseload data and setting aside funds for DHHS for funds for stakeholder engagement regarding JJ caseload issues.
- **Senator Proos** shared that individuals he has talked to about MiSACWIS implementation have stated, "…it's still a disaster."
  - **DHHS Deputy Director Steve Yager** responded to these questions by noting:
    - MiSACWIS help tickets are being reduced (~2,000 to 1,200)
    - All counties completed their annual budgets in MiSACWIS
    - Ongoing stakeholder engagement on rolling together currently separate county and state payment systems for private agencies
    - DHHS is continuing to provide user training for public and private users of MiSACWIS.

**Medicaid Specialty Pharmacy**

- **Senator Shirkey** discussed his previous opposition to the recently passed transfer funding Hepatitis C Virus (HCV) and Cystic Fibrosis treatments and voiced his strong desire for DHHS to provide a general framework for how decisions on what types of high-cost treatments are approved and provided. Specifically, he noted concern that there appears to be no policy on whether re-infected HCV patients should receive a second high-cost treatment.
- **Senator Proos** also noted his concern regarding reinfection protocols regarding high-cost HCV treatments.
  - **Tim Becker** responded by agreeing that the lack of a re-infection protocol is an understandable concern, but stressed that both the HCV and Cystic Fibrosis treatments were high-value treatments that should have been approved. Tim Becker noted further noted that an upcoming cholesterol drug may require additional protocols to properly weigh the cost and value of offering this treatment to Medicaid and HMP eligibles.

**Integrated Services Delivery (ISD) and DHHS's Integrated Business Center**

- **Senator Shirkey** voiced strong concerns that the ISD investment proposal lacked a timeline, definition of deliverables, and had little discussion on return on investment. In fact, Shirkey stated that DHHS's ISD and Integration Business Center descriptions resembled being "asked to evaluate a mural through a pinhole."
- **Senator MacGregor** inquired on progress related to identifying duplication and redundancy through the DHHS's Integrated Business Center.
  - **Karen Parker** and **Tim Becker** both assured the committee that additional ISD details would be shared, including an implementation timeline. Parker also noted that current Integrated Business Center activities emphasized duplication, noting efforts to centralize DHHS's two data warehouses and integrate DHHS's eligibility determination and rule-making systems.

**February 7, 2016**

## 2016 Flint Supplemental

### City of Flint Water Bill Relief - $30 million

- $30 million of water bill relief will be provided for the 21,000 customers who have paid their water bills.
- Customers will receive a credit for their water bill based on the percentage of the water bill attributed to drinking water.
- The credits cover a two-year period from April 2014 to 2016.

### Utility Assistance - $25 million

- Funding for the replacement of lead service lines for high risk, high hazard homes in Flint is provided in the 2016 supplemental.
- It is estimated that there are 15,000 – 18,000 lead service lines in Flint.
- Replacement of lead service lines will begin in high risk, high hazard homes upon authorization of the funding.
- High risk, high hazard homes are defined as homes having children under 6, pregnant women, children with a history of high lead levels, or homes that have high lead levels in the drinking water.

### Detroit Water System Costs - $3.9 million

- $3.9 million is provided in the 2016 supplemental to support the costs for Flint to stay on the Detroit Water System from July to September. An additional $3.9 million is included in the 2017 budget for continuation through December 2016.

### Water System Needs - $2.2 million

- Funding is provided in the supplemental to determine and support the appropriate long-term solution for delivering safe drinking water to Flint residents.

### Response Team - $2.25 million

- The funding provides support for the emergency response coordination and technical expertise as well as water sampling costs to assure all homes in Flint are tested.

## 2017 Flint Budget

### Detroit Water System Costs - $3.9 million

- $3.9 million is provided in the 2017 budget to support the costs for Flint to stay on the Detroit Water System from October 2016 to December 2016.

### Drinking Water Technical Expertise - $3 million

- The 2017 budget includes funding for 10 staff to provide additional technical expertise related to water quality, corrosion control, laboratory support, GIS mapping, and health services.

## 2017 Budget – State-Wide Drinking Water

### Drinking Water Infrastructure - $165 million

- All Michigan residents deserve safe drinking water.
- Quality infrastructure is essential for safe drinking water.
- An estimated 71 percent of Michigan residents are on public water supply systems with the remainder of households on private wells
- Michigan has 1,425 community water supply systems across the state. Community water supply systems are responsible for providing year-round water to 25 or more residents or 15 or more living units.
- The fiscal year 2017 budget includes $165 million of funding to support strategic investments in Michigan's drinking water infrastructure.
- Funds will be available for three primary categories:

    1. Replacement of known high-risk lead and copper service lines attributed to high lead or copper levels in children, pregnant women, or the drinking water supply.
    2. Implementation of infrastructure improvements that incentivize infrastructure upgrades while repairing roads or other utilities and allow communities to fully leverage federal, state, and local funds.
    3. Development of asset management plans including an inventory and analysis of the current infrastructure and prioritization of needs based on a right sizing of infrastructure in comparison to population

- While the $165 million will provide necessary funding for drinking water infrastructure to many communities across the state, the true funding needs will be better defined upon completion of comprehensive asset management plans.

**State Budget Office**
**Office of Internal Audit Services (OIAS)**
**Consulting Engagement**

**Flint Water Expenditure Tracking and Reporting**
**Agency Meeting**

***Agenda***

---

I. **Introductions**

II. **Objective – Ensure proper tracking and reporting of Flint water related expenditures, outputs and outcomes.**

III. **Expenditures -Flint water expenditures to date - (Type, description, supplemental vs. non, approvals)**

IV. **Agency Coding - Flint water related expenditures – (Appn, Fund, PCA, Index, Activity Code, Multipurpose code, etc.)**

V. **Supporting Documentation – ( Invoices, P-Cards, contracts, grant agreements, payroll sign in/sign out logs of times worked on Flint water activities, or other documentation).**

VI. **Grants/Contracts – signed agreements including grants with subrecipients and monitoring of the expenditures and other reporting requirements.**

VII. **Outputs/Outcomes – Establishment of output and outcomes**

VIII. **Metrics - Planned Output and Outcomes**

IX. **Tracking Template – Comments on draft tracking temp**

X. **Planned Staffing:**

a. Supervisor - Daphne Hobson
b. Staff – Carol O'Callaghan

XI. **Questions/Comments**

## REPORT OF LEGISLATIVE ACTION

### DEPARTMENT ENVIRONMENTAL QUALITY

Nature of Report: / / URGENT
/ X / Routine

Budget: **Environmental Quality**

| | | |
|---|---|---|
| / / House | / X / Senate | / / Conference |
| / / Subcommittee | / X / Full Committee | / / Floor |

Action: SB 121 (S-1), Draft 2 as amended reported (9 yes; 6 no; 2 pass)

Members Present: Full committee
Meeting Date: April 15, 2015
Meeting Time: 2 p.m.
SBO Analyst Present: Jenny Harrison (SBO)

### HIGHLIGHTS

Changes from the Executive Recommendation are as follows:

- Restored $1,337,000 environmental pollution prevention fund support to the air quality program (this was an SBO approved informal revision).
- $100 placeholder for emergency water issues related to city of Flint (Hopgood)

### BOILERPLATE

Most current law boilerplate sections recommended for deletion were restored.

New section requiring the department to hire 1 FTE dedicated to oversight of the air quality programs for the UP was added by the Senate as part of an unofficial deal to get the air emission fee increase passed.

### AMENDMENTS

**Senator Hopgood** offered two amendments:

1. $100 general fund placeholder for an emergency water fund (related to Flint water issues). **Senator Green** commented that this is something we should look at and supported the amendment. Amendment **adopted** unanimously.
2. $12.0 million general fund for the refined petroleum product cleanup program. Amendment **defeated** along party lines.

**GF/GP Impact:** **$100**
**Gross Impact:** **$1,337,100**
**Next Meeting Scheduled:** Senate Floor

**Director Creagh** presented an overview of the department – no action taken
**Rep. Roberts** focused on the Flint emergency with numerous questions directed on who is responsible for the decisions. She also does not think the school aid fund should be used for testing water in the schools.

## SUMMARY OF MEETING OUTCOME

**Director Creagh** provided an overview of the department, past accomplishments, strategic investment requests and the water emergency response.

## QUESTIONS AND ANSWERS

**Representative Victory**
Q: Will the 10 FTEs associated with the Flint appropriation be permanent?
A: They will be limited term employees. We currently have 16 teams on the ground in Flint.

**Representative Roberts**
Comment: You have been put in a challenging position but I have a lot of questions on Flint.
Q: How are you going to implement the funding you received for Flint? There are many problems with the culture of DEQ. What are the problems and what are your plans to change the culture?
A: The Governor has taken responsibility and there were failures on all levels of government. We are focusing on how to solve the problem and we have highly trained professionals.
Q: What is your plan to change the culture problem?
A: We have a multi-dimensional approach. We are providing leadership training and employees are being trained to raise issues to higher levels.
Q: The level of communication is a problem. How do you get people to know what to communicate and when?
A: We are having weekly leadership meetings.
Q: The supplemental contains $30 million to help with water bills. What about the people who paid their bills and what about the people who bought their own water and filters?
A: That is a great question for the mayor.
Q: Have you and/or the Governor sat down with the Flint representatives?
A: I can't speak for the Governor but I have met with the Flint representatives both in Lansing and in Flint.

Q: How will you communicate long-term strategies with the legislature?
A: We will communicate in a way that best meets your needs.
Q: I have offered many amendments in the past for a statewide sanitary septic code. Is this a priority for you?
A: We will work with the legislature.
Q: Is it a priority with you?
A: Flint is a priority right now.
Q: Part of the Executive Recommendation contained $9 million to test water in all the schools. We shouldn't be using school aid funds for this. I would like to see DEQ or LARA find the $9 million to do this testing. Are federal funds available?
A: We are looking at all potential funding sources.
Q: Testing water comes under DEQ. Right?
A: Yes
Q: I know it is hard to prove that the Legionnaires problem is related to lead. What are you doing about it?
A: DHHS would know more about health issues but I know scientists are looking at the correlation of the spike in cases to when the water changed. We are working with medical experts.
Comment: I know the chair said it is not the time to point fingers but we need to know who is responsible for decisions leading to people dying and children being poisoned.

**Representative Victory**
Q: Have you been reaching out to other agencies?
A: Yes, the SEOC is doing a great job. We are utilizing DNR employees and there is a Flint water interagency coordinating committee.

**Representative Miller**
Q: Is there a team who will determine when the water is safe?
A: Yes
Q: Are you coating the pipes now?
A: Yes
Q: Do chemicals make the water safe?
A: We recommend all Flint residents use filters
Q: Do filters filter out phosphates?
A: They have not been tested for that.
Q: Is it a health issue?
A: No

**Representative Bumstead**
Q: Is data related to Flint available on-line?
A: Yes

**HIGHLIGHTS OF PUBLIC TESTIMONY**
No public testimony given

| | B |
|---|---|
| 37 | This request would support the increase in DTMB Vehicle and Travel Service per vehicle monthly fleet rates as well as per-mile costs. ($1,033.3 per-mile cost, $622.5 fleet rates). This request also requests two additional vehicles for administrative use and one maintenance van for aviation mechanics used to service the departments three helicopters. Request breaks down to $1,761.9 for the patrol fleet and $21.6 for administrative vehicles. |
| 38 | **Recommendation:** *No. The identified need is recognized* |
| 39 | *11/2: OPPR does not support this adjustment as requested as it includes new administrative and maintenance vehicles that do not meet the definition of a CSB adjustment. Given the size and cost of the MSP vehicle fleet, the potential for a shortfall in the department's fleet line exists.* |
| 40 | *11/25: JR and ND do not support.* |
| 41 | |
| 42 | **Workers Compensation (2 of 8)** |
| 43 | This request would align the workers compensation line with projected expenditures. The department experienced a $500.0 shortfall in FY15 and projects a similar shortfall in FY16. The department has averaged $3,043.9 in claims over the past 10 years, with an ongoing appropriation of $2,680.0 shortfalls are anticipated in FY17 and beyond base on historical spending trends. |
| 44 | **Recommendation:** *No* |
| 45 | *11/2: DTMB Risk Assessment determines workers compensation.* |
| 46 | *11/25: JR and ND do not support. Not a CSB issue* |
| 47 | |
| 48 | **MCOLES Information and Tracking Network (4 of 8)** |
| 49 | This request seeks general fund to support the operation and maintenance of the MCOLES Information and Tracking Network in lieu of restricted funds (Michigan Justice Training Fund and MCOLES Training to Locals) which are no longer available. In addition to the fund shift from state restricted to general fund, this request seeks a gross increase of $85.5 to support projected maintenance expenditures in support of the network. |
| 50 | **Recommendation:** *No* |
| 51 | *11/3: OPPR does not support this request without utilizing restricted funds.* |
| 52 | *11/25: JR and ND do not support.* |
| 53 | |
| 54 | **Annualize FY16 Trooper School (5 of 8)** |
| 55 | This request annualizes the cost of the FY16 trooper school to support full year costs based on salary/wage, fringe, fleet, and communication costs for 100 troopers and 75 patrol vehicles. Update 12/1: 12 FTEs and $1,415.3 were added to recognize the additional troopers added to the FY16 academy as part of the roads package. The additional troopers increased ongoing request from $7,335.0 (based on 88 troopers) to $8,750.3. |
| 56 | **Recommendation:** *Yes* |
| 57 | *11/3: OPPR supports this request.* |
| 58 | *11/25: JR and ND support* |
| 59 | |
| 60 | **General Fund Replacement for Economics (6 of 8)** |
| 61 | This request seeks general fund to support economics increases to restricted funds in prior years (FY12-FY15) that the department did not have revenues to support. |
| 62 | **Recommendation:** *No* |
| 63 | *11/3: OPPR does not support this request.* |
| 64 | *11/25: JR and ND do not support.* |
| 65 | |
| 66 | **General Fund Replacement for Training (7 of 8)** |

|---|---|
| 67 | This request seeks general fund for the continuation of training funds that have historically been supported with state restricted funds which are no longer available (Michigan Justice Training Fund). Training funds would support the Forensic Science Division (FSD), the Biometrics and Identification Division (BID), the Special Operations Division (Computer Crimes Unit), and the Training Division. |
| 68 | **Recommendation:** *No* |
| 69 | *11/3: OPPR does not support this request.* |
| 70 | *11/25: JR and ND do not support.* |
| 71 | |
| 72 | **Technical Adjustments (8 of 8)** |
| 73 | This request aligns federal and state restricted authorization with available revenues, aligns funding and FTEs with current organizational structure, and updates cost allocation. (see adjustments tabs for detail.) |
| 74 | **Recommendation:** *Yes* |
| 75 | *11/3: OPPR supports this request.* |
| 76 | *11/25: JR and ND support* |

| 89 | |
| 90 | |
| 91 | |
| 92 | **Michigan International Speedway Traffic Control (1 of 7)** |
| 93 | This proposal would eliminate the appropriation for Michigan International Speedway Traffic Control. This appropriation supports traffic control activities specifically during racing events. Prior to a one-time appropriation in FY15 traffic control activities for racing events at MIS were provided on a reimbursement basis consistent with MSP BP Sec. 226 which requires that contractual services provided by the department to entities other than local units of government, be reimbursed on an overtime basis outside of normal personnel work schedules. The department provides traffic control for other events including University of Michigan football games and non-race events at MIS on a reimbursement basis. |
| 94 | **Recommendation:** *Yes* |
| 95 | *10/7:* OPPR Recommendation: *OPPR supports this reduction. Eliminating this appropriation would align race event traffic control with MSP BP Sec 226 and ensure a consistent approach to how traffic control services are provided and funded to non-local units of government.* |
| 96 | *10/21: JR/ND: Yes, supported reduction in its entirety.* |
| 97 | *12/17: GOVERNOR DECISION: APPROVED REDUCTION IN ENTIRETY.* |
| 98 | |

| | B |
|---|---|
| 99 | **State Capitol Complex Security (2 of 7)** |
| 100 | This proposal would eliminate a vacant State Property Security Officer (SPSO) position. SPSOs provide direct security and related services at state properties including the State Capitol and surrounding grounds. The FY2014 budget expanded the Capitol Security Unit staff by 17 FTEs, with 4 vacancies subsequently eliminated under EO 2015-5. This reduction would reduce the FY14 SPSO expansion to 12 FTEs. |
| 101 | **Recommendation:** *Yes* |
| 102 | *10/7: OPPR supports this reduction. Eliminating this position would retain 12 SPSO which maintains a 15 year-high in the SPSO force.* |
| 103 | *10/21: JR/ND: Yes, supported reduction in its entirety.* |
| 104 | *12/17: GOVERNOR DECISION: APPROVED REDUCTION IN ENTIRETY.* |
| 105 | |
| 106 | **Reduction of Lifecycle Replacements of Mobile Radios (3 of 7)** |
| 107 | This proposal would extend the life cycle replacement schedule for trooper radios to approximately 18 years. Funding was provided as part of the FY13 budget to support 10 year life cycle replacements for all mobile radios used by the department. This funding represented approximately 180 radios per year and was related to the manufacturer discontinuing support for the department standard mobile radio. The reduced funding level would allow the department to replace approximately 97 mobile radios annually. Currently, 1,089 of 2,328 (47%) of in service radios are beyond manufacturer support. |
| 108 | **Recommendation:** *Yes* |
| 109 | *10/7: OPPR supports this reduction but recommends the department seek vacancy and/or one-time savings to maintain the current lifecycle replacement schedule subject to available funding.* |
| 110 | *10/21: JR/ND: No, does not support this reduction in its entirety.* |
| 111 | *12/17: GOVERNOR DECISION: DID NOT APPROVE REDUCTION IN ENTIRETY.* |
| 112 | |
| 113 | **Reduce Four Forensic Scientist Positions (4 of 7)** |
| 114 | This proposal would eliminate four forensic scientist positions that were added to the budget in FY16 as part of 11 FTEs (9 forensic scientists, 1 forensic technician, and 1 departmental technician) to support the department's increased responsibilities under the Sexual Assault Kit Evidence Submission Act which requires mandatory submission of criminal sexual conduct kits and implemented 90 day case completion requirement. |
| 115 | **Recommendation:** *Yes* |
| 116 | *10/7: OPPR supports this reduction so long as the department is able to maintain compliance with the 90 day case completion requirements of the Sexual Assault Kit Evidence Submission Act. The Public Safety Dashboard currently lists the average number of days for processing forensic tests at 48 (with a goal of 30). These four FTEs are currently vacant.* |
| 117 | *10/21: JR/ND: Yes, supported reduction in its entirety. Follow-up question, would the additional FTEs reduce to average processing time to 30 days? Update: If filled, these positions would assist in reducing the average number of days for processing for forensic tests but would also assist in providing other laboratory services and not be exclusively assigned to forensics testing. (e.g. they may be assigned to assist with DNA and/or toxicology as well)* |
| 118 | *12/17: GOVERNOR DECISION: APPROVED REDUCTION IN ENTIRETY.* |
| 119 | |
| 120 | **Commercial Vehicle Enforcement Division GF/GP Reduction (5 of 6)** |
| 121 | This proposal would eliminate ongoing funding for 10 motor carrier officers (MCO) included in the FY16 budget as part of the motor carrier school which began last week. MCO vacancy savings and reassignments to grant funded duties would be used to generate the necessary savings while maintaining the current MCO force. |
| 122 | **Recommendation:** *Yes* |
| 123 | *10/7: OPPR supports this recommendation. This reduction would maintain a force of approximately 103 MCOs which represents consistent MCO strength over the past 7 years. Note: Funding for this motor carrier school was included in the FY16 budget as part of a target agreement.* |
| 124 | *10/21: JR/ND: Pending, part of broader discussion as the MCO school is currently underway.* |
| 125 | *12/17: GOVERNOR DECISION: DID NOT APPROVE REDUCTION IN ENTIRETY.* |

| 152 | |

| | B |
|---|---|
| 126 | |
| 127 | **Reduce FY16 Trooper School (6 of 7)** |
| 128 | This proposal would eliminate ongoing funding to support payroll, CSS&M, fleet, and IT/telecomm charges for 18 troopers and 38 patrol vehicles included in the FY16 budget as part of the trooper school scheduled to start in June. The trooper school would maintain ongoing funding to support 70 troopers and 37 patrol vehicles. |
| 129 | **Recommendation:** *Maybe* |
| 130 | *10/7: OPPR believes this proposal needs to be considered in coordination with the department's request for additional troopers schools in FY17, as saving would be offset by requests for ongoing funding in out years for the same purpose. A second option would be to delay the start date of this school to lessen the number of FTEs that would be impacted and better align this proposal with the Governor's commitment to public safety including an increase to at-post trooper strength. Note: This trooper school was delayed by 3 months to increase the graduation target from 70 to 88 as part of a target agreement. The reduced graduation target of 70 troopers would increase the at-post force to approximately 1,250 representing a 14 year high in at-post trooper strength. Note: At-post troopers were held harmless in setting the MSP 3% reduction target.* |
| 131 | *10/21: JR/ND: Pending, part of broader decision including investment request #1.* |
| 132 | *12/17: GOVERNOR DECISION: DID NOT APPROVE REDUCTION IN ENTIRETY.* |
| 133 | |
| 134 | **5-Year Early Out Deferred Sick Leave Payments (7 of 7)** |
| 135 | Eliminates differed sick leave payouts associated with the most recent early retirement. FY16 represents the 6th and final year of the differed payouts. |
| 136 | *1/26: Reduction increased by $7,800 GF/$14,600 Gross to reflect early out payout costs in IT line/DTMB IDG.* |
| 137 | **Recommendation:** *Yes* |
| 138 | *10/7: OPPR supports this reduction.* |
| 139 | *10/21: JR/ND: Approved on a statewide basis.* |
| 140 | |
| 141 | **REDUCTIONS TOTAL** |
| 142 | |
| 143 | |
| 144 | |
| 145 | **Trooper Schools (1 of 5)** |
| 146 | This request would provide funding for two trooper schools with the anticipation of adding 200 troopers. The first school would begin January of 2017 and the second school would begin in June of 2017. Total request for FY 2017 is $25,622.8 which includes $13,313.0 in ongoing funding and $12,309.8 in one-time funding. Ongoing funding would support associated payroll, CSS&M, fleet, and IT/telecomm charges with one time funding to support associated recruiting, training, equipment, and outfitting (weapons/uniforms), costs. |
| 147 | **Recommendation:** *High* |
| 148 | *10/8: OPPR believes this request needs to be considered in coordination with the departments proposal to reduce ongoing funding appropriated as part of an FY16 trooper school. In concept, OPPR supports this request with a reduction in the number to troopers and associated one-time and ongoing funding. OPPR recommends graduating 100 troopers with FY17 support of $12,811.4 ($6,154.9 one-time, $6,656.5 ongoing). A reduced request would maintain a near 15 year high in at-post trooper strength, aligns with the Governor's commitment to public safety and allows investment requests #2 and #3 to be considered.* |
| 149 | *10/21: JR/ND: Pending, supports reducing request to 100 graduates with an anticipated start date of 10/1/17 to included annualized costs in the FY18 base. Department requests start an academy on January 1, to allow the June 2016 academy to complete and avoid running an academy during the holiday season.* |
| 150 | *12/17 GOVERNOR DECISION: APPROVED ONE TROOPER SCHOOL CONSISTING OF 50 TROOPERS WITH THE UNDERSTANDING THAT APPROXIMATELY 31 WILL BE ASSIGNED TO INVESTMENT REQUESTS 2 and 3* |
| 151 | *1/26: GOVERNOR DECISION: INCREASED ONGOING INVESTMENT TO $5.0M. CURRENT ASSUMPTIONS INCLUDE THE SCHOOL STARTING IN APRIL AND ENDING IN SEPTEMBER WITH 85 ANTICIPATED GRADUATES.* |

| | B |
|---|---|
| 153 | **Secure Cities Expansion (2 of 5)** |
| 154 | Based on trooper availability as outlined in trooper school proposal, this request would expand the Secure Cities Partnership to include the state's ten most violent cities. Expansion would occur in 1)Muskegon Heights, 2) Inkster/Hamtramck/Harper Woods/Highland Park, and 3) Benton Harbor. Each of the three areas outlined would receive a dedicated squad consisting of one sergeant, six troopers, and one crime analyst. Additionally, six dispatchers would be added to the Detroit Regional Communication Center (DRCC). The 21 enlisted positions included in this request would be funded out of the trooper school proposal. |
| 155 | **Recommendation:** *High* |
| 156 | *10/8: OPPR supports this request as secure cities partnerships are a priority of the Governor. This request is tie-barred to investment request #1 as the necessary troopers are included as part of the FY17 trooper school. A proportional reduction could be considered to align with potential reductions to investment request #1. Note: Secure cities were included as a priority in the Governor's public safety message.* |
| 157 | *10/21: JR/ND: Need more information about the stats used to show gains in existing Secure Cities partnerships. Update: Secure Cities Partnerships (SCP) have demonstrated double digit reductions in both violent and property crimes from 2012-2014. On average, violent crimes have been reduced by 21% and property crimes have been reduced by an average of 22% in SCP cities. Clearance rates (cases solved by police) are also anticipated to increase.* |
| 158 | *12/17: GOVERNOR DECISION: APPROVED INVESTMENT IN ENTIRETY.* |
| 159 | |
| 160 | **Statewide Drug Enforcement Strategy (3 of 5)** |
| 161 | Based on trooper availability as outlined in the trooper school proposal, this request would support two drug diversion teams to deploy the department's statewide drug enforcement strategy. Each diversion team would be composed of one lieutenant, one sergeant, and three detective troopers. Additionally, the teams would be supported by seven field narcotics analysts and two data coding operators to support diversion team activities including training and statewide drug enforcement strategy. The 10 enlisted positions included in this request would be funded out of the trooper school proposal. |
| 162 | **Recommendation:** *Medium* |
| 163 | *10/8: OPPR supports this request pending the decision on investment request #1. This request is tie-barred to investment request #1 as the necessary troopers are included as part of the FY17 trooper school. A proportional reduction could be considered to align with potential reductions to investment request #1.* |
| 164 | *10/21: JR/ND: Need more information. Update: This strategy was designed to compliment and support the work of the Governor's Prescription Drug and Opioid Abuse Task Force. MI ranks highest among states in number of painkiller prescriptions per person at a rate of 107 per every 100 residents. Since 2012, MI has increased from #8 to #5 to #2 in the nation in methamphetamine incidents reported. Clearance rates (cases solved by police) are also anticipated to increase.* |
| 165 | *12/17: GOVERNOR DECISION: APPROVED INVESTMENT IN ENTIRETY.* |
| 166 | |
| 167 | **Cyber Section - Digital Forensic Analysts (4 of 5)** |
| 168 | This request would add 9 digital forensic analysts to the department's Computer Crimes Unit (CCU). The CCU investigate crimes facilitated through the use of technology including cyber security, computer crimes, and digital evidence. The section currently consists of 16 detectives and 3 digital forensic analysts who conduct digital forensic examinations on a statewide basis. CCU caseloads have increased each year since the section was established with 80% of the caseload attributed to request from local law enforcement agencies. |
| 169 | **Recommendation:** *High* |
| 170 | *10/8: OPPR supports this request but recommends that the department work to identify vacancy savings or reduce investment request #1 to offset some or all of this request. Note: DTMB received one-time funding in FY16 to support 4 digital forensic analysts. Ongoing funding was supported by the Governor but reduced to one-time by the legislature as part of the FY16 budget.* |
| 171 | *10/21: JR/ND: Pending, more information on metrics requested. Update: The department anticipates the computer crimes caseload to continue increasing by 30% through at minimum 2018. The backlog in cases grow to a record 412 cases in 2015, and it anticipated to grow in 2016. Identifying and investigating digital evidence aids in increasing arrest and case clearance rates. With individuals arrested for the crimes they commit, violent and property crimes may also decrease.* |
| 172 | *12/17: GOVERNOR DECISION: APPROVED INVESTMENT IN ENTIRETY.* |
| 173 | |

|---|---|
| 174 | **Lifecycle Replacements of In-Vehicle Cameras (5 of 5)** |
| 175 | This request would provide ongoing funding to support six-year lifecycle replacements for in-vehicle cameras. Currently, 661 of 1,055 (63%) in-vehicle camera systems are outside of their 5-year warranty period. Implementing six-year lifecycle replacement would ensure in-vehicles cameras are functional, equipped with current technology, and help avoid maintenance and repair costs associated with camera that are out of warranty. |
| 176 | **Recommendation:** *Low* |
| 177 | *10/8: OPPR does not support this request. Maintenance and repair costs associated with in-vehicle camera systems in FY15 totaled $25,900. Department policy states that if repair costs exceed 50% of the cost of a new unit, the unit shall not be repaired.* |
| 178 | *10/21: JR/ND: Yes, supported reduction in its entirety.* |
| 179 | *12/17: GOVERNOR DECISION: DID NOT APPROVED INVESTMENT IN ENTIRETY.* |
| 180 | |
| 181 | **Replace State Services Fee Revenue with GF/GP** |
| 182 | **Recommendation:** *Low* |
| 183 | **Recommendation:**<br>12/10: Gov supported phase-in of GF ($4.0M in FY15, $4.0M in FY16, remainder plus economics in FY17). Recommends one-time GF in FY15 and moved to investment.<br>11/15: JN & ND - Pending decision document to Gov.<br>11/12: OPPR recommends full replacement in FY15. The State Services Fee revenue is spread through 6 programs, all of which currently carry GF. The other option is to phase-in the replacement over 2 or 3 years. |
| 184 | 12/17: Provided decision document for Governor consideration on continuing phase out of State Services Fees |
| 185 | *12/17: GOVERNOR DECISION: APPROVED A $2.0 MILLION PHASE OUT OF STATE SERVICES FEES FROM LABORATORY OPERATIONS. THIS DECISION DEVIATED FROM THE PREVIOUS THREE YEAR PHASE OUT WHICH WOULD HAVE REQUIRED $4.0 MILLION TO SUPPORT THE SECOND YEAR OF THE THREE YEAR APPROACH. NO ADDITIONAL PHASE OUT WAS APPROVED.* |
| 186 | *1/20: Removed in effort to balance.* |
| 187 | |
| 188 | **Automated Finger Print Identification System (3 of 8)** |
| 189 | This request supports the life cycle replacement of the Automated Finger Print Identification System. System replacement costs total $7,898.1 including $7,773.1 one-time and $125.0 in ongoing maintenance costs. |
| 190 | **Recommendation:** Low |
| 191 | *11/3: OPPR does not support as the request does not meet the definition of a CSB adjustment. Update: 11/25 Reclassified as an investment.* |

| | B |
|---|---|
| 204 | One-time funding for trooper school ($3,200.0) and Sexual assault prevention and education initiative ($500.0). |
| 205 | **Recommendation:** *OPPR recommends removing all FY16 one-time funding.* |
| 206 | |
| 207 | **Annualize FY16 Trooper School (5 of 8)** |
| 208 | This request represents one-time training costs associated with the 12 additional troopers added to the FT16 trooper academy as part of the road package. One-time training costs associated with the 88 troopers previously included in the academy were absorbed by the department through savings associated with delaying the school from April to June. (Note: delaying the academy resulted in the academy crossing into FY17. |
| 209 | **Recommendation:** *Yes* |
| 210 | *11/3: OPPR supports this request.* |
| 211 | *12/1: ND did not support this request as a one-time CSB adjustment. Will be included as a FY16 supplemental issue.* |
| 212 | |
| 213 | |
| 214 | |
| 215 | **Trooper Schools (1 of 5)** |
| 216 | This request would provide funding for two trooper schools with the anticipation of adding 200 troopers. The first school would begin January of 2017 and the second school would begin in June of 2017. Total request for FY 2017 is $25,622.8 which includes $13,313.0 in ongoing funding and $12,309.8 in one-time funding. Ongoing funding would support associated payroll, CSS&M, fleet, and IT/telecomm charges with one time funding to support associated recruiting, training, equipment, and outfitting (weapons/uniforms), costs. |
| 217 | **Recommendation:** *High* |
| 218 | *10/8: OPPR believes this request needs to be considered in coordination with the departments proposal to reduce ongoing funding appropriated as part of an FY16 trooper school. In concept, OPPR supports this request with a reduction in the number to troopers and associated one-time and ongoing funding. OPPR recommends graduating 100 troopers with FY17 support of $12,811.4 ($6,154.9 one-time, $6,656.5 ongoing). A reduced request would maintain a near 15 year high in at-post trooper strength, aligns with the Governor's commitment to public safety and allows investment requests #2 and #3 to be considered.* |
| 219 | *12/17 GOVERNOR DECISION: APPROVED ONE TROOPER SCHOOL CONSISTING OF 50 TROOPERS WITH THE UNDERSTANDING THAT APPROXIMATELY 31 WILL BE ASSIGNED TO INVESTMENT REQUESTS 2-4.* |
| 220 | *1/26: GOVERNOR DECISION: INCREASED ONE-TIME INVESTMENT TO $4.5M. CURRENT ASSUMPTIONS INCLUDE THE SCHOOL STARTING IN APRIL AND ENDING IN SEPTEMBER WITH 85 ANTICIPATED GRADUATES.* |
| 221 | |
| 222 | **Sexual Assault Prevention and Education Initiative (Not submitted by MSP, added by SBO)** |
| 223 | This request would provide one-time funding to support a second year of the Sexual Assault Prevention and Education Initiative. Funding would be made available to colleges and universities. |
| 224 | **Recommendation:** Need more information |
| 225 | *10/21: JR/ND: Pending, need more information. (included as notification to Governor)* |
| 226 | *12/17: GOVERNOR DECISION: APPROVED INVESTMENT IN ENTIRETY.* |
| 227 | |
| 228 | **Replenish Disaster Contingency Fund (Not submitted by MSP, added by SBO)** |
| 229 | Replenish Disaster Contingency Fund to bring total up to $10.0 million in the wake of recent tornados, flooding and fires. Will require law change as current cap is $4.5M (statutory max). |
| 230 | **Recommendation:** Need more information |
| 231 | *10/21: JR/ND: Low* |

| 232 | *12/17: GOVERNOR DECISION: INVESTMENT REQUEST of $6.1M INITIATED AND APPROVED BY THE GOVERNOR TO INCREASE THE FUND TO $10M. LEGISLATION CHANGE WILL BE NEEDED TO INCREASE THE CAP ON THE FUND FROM $4.5 MILLION TO $10.0 MILLION.* |
| 233 | *1/20: GOVERNOR DECISION: REDUCE INVESTMENT TO $4.0M IN EFFORT TO BALANCE. FUND WILL BE EXHAUSTED IN FY16 TO ADDRESS THE FLINT WATER CRISIS.* |
| 234 | *1/26: GOVERNOR DECISION: INCREASED INVESTMENT TO $6.0M. FUND WILL BE EXHAUSTED IN FY16 TO ADDRESS THE FLINT WATER CRISIS. STATUTORY CHANGE WILL BE REQUIRED AS FUND IS CURRENTLY CAPPED AT $4.5.* |
| 235 | |
| 236 | **Automated Finger Print Identification System** |
| 237 | This request supports the life cycle replacement of the Automated Finger Print Identification System. System replacement costs total $7,898.1 including $7,773.1 one-time and $125.0 in ongoing maintenance costs. |
| 238 | **Recommendation:** *No* |
| 239 | *11/3: OPPR does not support as the request does not meet the definition of a CSB adjustment.* |
| 240 | *12/17: GOVERNOR DECISION: DID NOT APPROVED INVESTMENT IN ENTIRETY.* |
| 241 | |
| 242 | **Homeland Security - Energy Disaster** |
| 243 | This request supports a consultant to assess energy disaster preparedness. More information to be provided. |
| 244 | **Recommendation:** *No* |
| 245 | *1/5 Added at request of JR. Investment would cover consultant to assess and develop energy disaster preparedness plan.* |

| 252 | |
| 253 | **ONE-TIME FUNDING TOTAL** |
| 254 | |
| 255 | **EXECUTIVE RECOMMENDATION GRAND TOTAL** |
| 256 | |
| 257 | |
| 258 | **Advisory comments and recommendations:** |
| 259 | 1) Next Generation (NG) 911 and the use of body cameras are currently being discussed and evaluated by the Council on Law Enforcement and Reinvention (CLEAR) with recommendations to the Governor anticipated this fall. Neither NG911 or body cameras are represented in the department's investment requests. |
| 260 | 2) The department's investment requests are exclusively GF/GP funded. OPPR believes there is the potential that restricted revenues could be utilized to offset or supplement a portion of the GF/GP requested. |

| 34 | | Management Services | | |
| 35 | | State 9-1-1 Administration | | |
| 36 | | Management Services supports the department, while the State 9-1-1 Coordinator supports the 9-1-1 community. MSP believes the CLEAR group is working on legislation that would ultimately increase the size and scope of the office. The office is funded with an IDG-MDTR, Emergency Telephone Fund Coordinator (CMRS funds). | | |

| 40 | **Guidelines** |
| 41 | **The range names are already set up, linked to the staff report, and will adjust as you update the staff report. |
| 42 | **If your agency does not have any requests for a certain category, you may hide those rows (DO NOT DELELTE) or leave it on the staff report with zeros. |

| 18 | |
| 19 | **Recommendation:** |
| 20 | |
| 21 | **Adjustment B** |
| 22 | |
| 23 | |
| 24 | **Recommendation:** |
| 25 | |
| 26 | **Caseload/Pupil Adjustments Subtotal** |
| 27 | |
| 28 | **Increase Fingerprint Fee** |
| 29 | This request increases the fingerprint fee by $5 to continue the current $30 fee throughout fiscal year 2015. Current statute decreases the fee by $5 effective December 31, 2014. Without this fee increase, the program would need to be reduced or else GF/GP would be needed to cover the shortfall. The $5 fee increase would generate $1.5 million in revenue. |
| 30 | |
| 31 | **Recommendation:** |
| 32 | (12/18/12): Request supported by JN & ND in follow-up meeting, program remains at current funding levels. |
| 33 | (11/28/12): Request not supported in the OPPR budget meeting with JN & ND. Program will be reduced by $1.5 million in restricted revenue, gross reduction reflected. |
| 34 | (11/18/12): OPPR supports the increased fee to maintain current program levels. |

|---|---|
| 35 | |
| 36 | **Fees to Maintain Current Services Subtotal** |
| 37 | |
| 38 | **Various Rate Adjustments** |
| 39 | **a. Fleet Leasing** - Provides funding for a fleet shortfall, particularly for patrol sedans, due to flat lease rates increasing from $437/month to $600/month. The request also includes $125,000 as a buffer. VTS has agreed to not change the rates for FY2014, so MSP will absorb any funding issues for FY2014. |
| 40 | |
| 41 | **Recommendation:** |
| 42 | 11/9/12: Supported in the OPPR CSB meeting with JN & ND. |
| 43 | 10/31/12: OPPR supports increase, with the exception of the $125,000 buffer. |
| 44 | |
| 45 | **b. Information Technology (DTMB-IT Initiated)** - Provides GF/GP and state restricted Criminal Justice Information Center Service Fees authorization for an increase in charges for updating the Microsoft Enterprise Agreement which replaces the current Windows XP Professional with Windows 7. Support for Windows XP ceases on April 8, 2014. |
| 46 | |
| 47 | **Recommendation:** |
| 48 | 11/15/12: Added per Deliah as IT CSBs were approved by JN & ND. |
| 49 | |
| 50 | **c. Information Technology (DTMB-IT Initiated)** - Provides GF/GP and state restricted Criminal Justice Information Center Service Fees authorization for a rate increase to recover payroll and other post employment benefits incurred by the Center for Shared Services, which provides spatial mapping services. |
| 51 | |
| 52 | **Recommendation:** |
| 53 | 11/15/12: Added per Deliah as IT CSBs were approved by JN & ND. |
| 54 | |
| 55 | **Technical Adjustments** |
| 56 | See attached list - includes various program transfers that net to $0, FTE alignment, and aligning federal and state restricted deducts. |

| 91 | |
| 92 | **Replace Portable Radios and Batteries and Establish Lifecycle Replacement** |
| 93 | At-Post Troopers - Provides funding to replace 610 radio batteries and establish a 2 1/2-year lifecycle replacement program. To reach the lifecycle goal, 1,206 would need to be purchased annually, however, there is currently funding in the budget to purchase 223 annually, and if the radios are replaced at 373/year with the lifecycle replacement, that only leaves 610. (MSP Rank: 4 of 9) |
| 94 | |
| 95 | **Recommendation:** |
| 96 | 12/24/12: Governor feedback included $70.0 in ongoing funding. GF/GP of $70.0 will annually support 625 batteries. Restricted funding of $1,300 IDG-MDTR, Casino Gaming Fees; $5,600 Motor Carrier Fees; and $3,100 Narcotics Investigation Revenues will annually support 90 batteries. Without the radio replacement above and the funding included to date, an additional 265 radios would need to be annually replaced for a GF cost of $29,700. |
| 97 | 11/28/12: Not supported in the PFC meeting with JN & ND. |
| 98 | 11/22/12: Governor ranked a C, only if revenue available. |
| 99 | 10/31/12: Pending. |
| 100 | |
| 101 | **New Information Technology Rates** |
| 102 | **Information Technology** - Provides funding for a new IT rate to support wireless equipment and support costs. |
| 103 | |
| 104 | **Information Technology** - Provides funding for a new IT rate to support an increase in internet bandwidth for self-service user interactions, off-site email, instant messaging, intranet services, wireless growth, application requirements and traffic, storage growth, data mining, video-based applications, and security and traffic monitoring. |

| 127 | |
| 128 | |
| 129 | |
| 130 | |
| 131 | **Remove FY2014 One-Time Funding** |
| 132 | Removes one-time funding for Michigan International Speedway traffic control, replacement of outdated trooper equipment, and supplemental appropriations (PA 100 of 2013). |
| 133 | |
| 134 | **Replace Emergency Support Team (EST) Tactical Response Vehicles** |
| 135 | Fleet Leasing - Provides funding to purchase two F550 trucks with a gross vehicle weight rating of 19,500 lbs. These vehicles would replace two F450 trucks that are over loaded, have high mileage, high incidents of mechanical failure and provide poor protection for unit equipment from the weather. These EST activations support local police departments more than 50% of the time. Request for replacement trucks was made from the 2011 grant award, but the Homeland Security Protection Board did not approve. (MSP Rank: 8 of 9) |
| 136 | |
| 137 | **Recommendation:** |
| 138 | 12/24/12: Governor feedback included $350.0 in one-time funding. |
| 139 | 11/28/12: Not supported in the PFC meeting with JN & ND. |
| 140 | 11/22/12: Governor ranked a B, ok to scale back. |
| 141 | 10/31/12: OPPR does not support. If this was a priority, and since the services are used by local law enforcement, the department should continue to seek homeland security funds, or prioritize forfeiture revenue spending. |

| 44 | **Guidelines** |
| 45 | **The range names are already set up, linked to the staff report, and will adjust as you update the staff report. |
| 46 | **If your agency does not have any requests for a certain category, you may hide those rows (DO NOT DELELTE) or leave it on the staff report with zeros. |
| 47 | **The School Aid column is for the Education-Omnibus staff reports only, as a standard pull file has been created. |

**House Appropriations Subcommittee Meeting**
**Tuesday, February 16, 2016**
**Q&A**

1. **Regarding the Disaster and Emergency Contingency Fund (DECF), what is the Department's reasoning for requesting $6.0 million as opposed to the current cap of $4.5 million?**

   There have been numerous disasters over the last few years, and maintaining a balance within the DECF has proven to be essential in ensuring state resources are readily available to affected local communities and state agencies.

   Since FY11, the legislature has deposited $6.75 million into the fund. Of that amount, $6 million of that was deposited in FY14 and FY15. The DECF supported state agency costs and provided assistance to local communities affected by storms in Calhoun County (2011), flooding in northern Michigan (Spring 2014), the deep freeze in northern Michigan and the Upper Peninsula (Winter 2013-14), flooding in southeast Michigan (August 2014), and storms in northwest Michigan (August 2015). The on-going emergency in Flint is expected to deplete the balance of the DECF.

   Replenishing and building the DECF balance provides assurances to state agencies and local communities that the state stands ready to provide assistance as they respond to the effects of a disaster or emergency, including continued costs related to the Flint emergency.

2. **For the competitive grants to K-12 and sheriffs' offices, does the Department have a compiled report for the grants that were issued the last time the program was in effect?**

   The school safety grants were awarded in FY14. A list of the grants can be found on the Michigan State Police, Grants division website here.

3. **Secure Cities Partnership (SCP)**

   - **Does the Department know the strength of the local law enforcement agencies currently operating in the proposed additions to the SCP?**

| Jurisdiction | # Officers |
|---|---|
| Benton Harbor | 25 |
| Hamtramck | 31 |
| Harper Woods | 34 |
| Highland Park | 48 |
| Inkster | 25 |
| Muskegon Heights | 25 |

Note: Information provided by MCOLES on 2/16/2016

   - **Additional information**
     - Initially troopers were temporarily diverted from other areas of the state to provide increased patrols and investigative resources in Saginaw, Flint, Pontiac, and Detroit. A significant portion of the original funding is used for overtime.
     - As troopers were added to the ranks the department assigned permanent squads to these areas. Each squad consists of one sergeant, six troopers, and a crime analyst.
     - This initiative adds a squad in 1) Benton Harbor, 2) Inkster/Hamtramck/Harper Woods/Highland Park, and 3) Muskegon Heights. The Executive Recommendation transfers funding for the 3 sergeants and 18 troopers from the At-post line. The 9 new civilian positions will provide support to the new and existing squads.

   - **And, how many patrol hours are MSP planning on providing each additional city?**
     - The projected increase in patrol hours for the entire Secure Cities initiative is 10,000; the actual distribution of these hours will be determined by the needs of each community.
     - The partnerships also assist the communities with investigative resources (i.e. detectives, analysts, forensic testing, etc.)

Presidential declaration of emergency January 16, 2016

Requested on January 4, 2016

Water switched as of April 14

Emergency response items for 90 days for the incident in Flint

Commodities included: water, faucet filters (pitchers) replacement cartridges, water testing kits

75%/25% grant from FEMA effective 1/16/16; SEOC is requesting cost reimbursement as of April 14.

January 4, 2016 or April 14, (date of water switch)

Non federal side – OT at SEOC or other staff; travel related costs SEOC; special items or contracts we had to procure; Additional Lab testing might be included in a supplemental bill

Lab testing equipment may not be allowed for reimbursement because equipment may be used after emergency has been taken care of

DEQ and DNR specific

Bottles are being taken, but not being turned in for sampling

39,000 water meters on the system

Fire stations are being overwhelmed with returning water samples

400 test kits a day into the lab (testing capacity)

Water test kits are not a life service

Carol placed an order on Thursday, 1/14/16, for 400 cases of test kits with free shipping on first 100 only; the next invoice had a $6,000 shipping costs for the next 100; - leave all shipping costs the way they are; do not provide DEQs UPS number for cheaper shipping.

Double check there are no shipping charges;

NO PO HAS BEEN ISSUED AS OF TODAY, FROM WHAT I CAN FIND

Test bottles, rubber bands, paper

Packing slips must be returned to DEQ laboratory: Warren Curtis (water test kits); Mark DuSharm; WHO is doing this? DEQ has not received any slips to date – DEQ will get contact information for warehouse personnel to verify packing slips are being retained and returned to DEQ.

Volunteers are assembling testing kits on-site;

DEQ Laboratory Procedure for Ordering: SEOC DEQ Representative will request an order be placed – Tara and Melissa will place the order and cc: Chris Christenson; Carol Smith; Julia Pieper; Kirby Shane; Jeanette Doll; SEOC emails (to be provided).

Melissa and Tara will provide contact information to SEOC DEQ email address with our contact information (cell phone) -

Other supplies used in the Flint – plastic test tubes used on the instruments; nitric acid used to preserve the water sampling tests (procured from VWR); these supplies may or may not be reimbursable

Current SciSpec Invoices on Kirby's Desk:
$24k normal work
$1 flint work

Jen sent request for cost compilation – these need to be sent to Penny; including labor and supplies, etc…everything

Cost of water testing kits; $5 million "trigger point" on commodities to notify FEMA;

$6 million dollars that ran through Headly grant coded

Is Kirby ok with level of support? Kirby needs a temp. employee;

**TO:** State of Michigan Procurement Management

**FROM:** DTMB Procurement

**SUBJECT:** Flint Water Emergency Response Procurement and Purchasing Guidance

**First**, thank you to all who are working in the effort to support that State of Michigan's Flint Water Emergency Response.

**Second**, given the complexity of the needs and the surrounding circumstances the procurement and purchasing support needed is complex as well. This week DTMB Procurement's discussions with multiple agencies (that are active in the response) has given rise to a few items of immense importance. We recommend the following for your consideration and adoption:

1) In this emergency response the Michigan State Police (MSP) take the lead in managing the State of Michigan Emergency Operations Center (SEOC). **All purchases made in support of the response need to be reported to the SEOC. If not reported then agencies will not be reimbursed for funds spent on the response.**

Comment [HD(1]: I would really like MSP to vet this piece before we send it out.

2) Each agency should have a process in place for handling emergency purchases and should clearly communicate this process to all who need to know.

    a. The process should include how agency purchasing works with the SEOC, internal tracking procedures for emergency purchasing, key staff (perhaps a single point of contract), etc.
    b.
    c. Those who need to know the process including agency purchasing staff, agency directors, and employees on the ground from who requests flow, etc.

3) Understand and ensure the SEOC process for communicating purchases is followed. Each agencies SEOC representative when given an assignment to make a purchase or secure an item, property, services, or other necessities needs to work with their agencies purchasing department for procuring the requested necessity.

**Third**, we are interested in "after action" improvement of purchasing role in responding in other emergency response situations. Please note ideas for future consideration.

Questions, concerns, or comments should be emailed to David Hatch at hatchd@michigan.gov.

Comment [HD(2]: Not sure who this should be Jeff? Rebecca? Me?

Sincerely,

Jeff Brownlee
Chief Procurement Officer
State of Michigan

**TO:** State of Michigan Procurement Management

**FROM:** DTMB Procurement

**SUBJECT:** Flint Water Emergency Response - Purchasing Guidance

Thank you to all who are working to support the State of Michigan's Flint Water Emergency Response.

Given the complexity and variety of the needs, the purchasing support required is complex as well. Purchasing protocols have some differences under this declared state of emergency, as well as funds tracking, or possible reimbursements.

In this emergency response the Michigan State Police (MSP) take the lead in managing the State of Michigan Emergency Operations Center (SEOC). Flint related purchases must first be routed through the appropriate State Emergency Operations Center (SEOC) contact (see attached for an agency roster). This is for all Flint related purchases, even if being made by agency procurement staff.

Agency purchasing managers are responsible to supply their agency's SEOC rep with a 24/7 phone number for agency purchasing staff support, and request that the SEOC rep involves them in every purchase. (Note: SEOC hours are 8 am to 8 pm, seven days a week.

Flint related purchases can be made by either their individual agency's SEOC contact or agency procurement staff. Agencies are responsible for their own sourcing of Flint related items, not DTMB.

Flint related purchases must follow State purchasing policy and procedure. No bid, sole source purchase may not qualify for reimbursement. Please escalate any questions before executing a buy.

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation.
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed.
- Obtain three quotes (CPO will provide a waiver from online bidding if needed)

Track all Flint related expenses for your agency in a spreadsheet. Establish internal protocols to support this. Report your agency's expenses to the SEOC Finance Coordinator Penny ? Expenses must be reported or they will not be reimbursed

Please track your "after action" improvement ideas from the purchasing perspective for future emergency response situations.

Questions, concerns, or comments should be emailed to.

Sincerely,

Jeff Brownlee
Chief Procurement Officer
State of Michigan

**QUOTE OF THE DAY**

*"He seems to jump ahead of what most people would agree is logical."*

- Senate Majority Leader Arlan **MEEKHOF** (R-West Olive) on Attorney General Bill **SCHUETTE**, who announced Monday he would be launching an independent investigation into possible criminal charges connected to the Flint water crisis.

## Senate Reshuffling Flint Money To Health Assessments

The Senate is preparing to vote out Wednesday the $28 million Gov. Rick SNYDER is asking for to help address the Flint water crisis, although legislative leaders are saying the line items outlined in the initial request are likely to change before all is said and done.

The money going to Flint should reflect the community's evolving needs, said Senate Appropriations Chair Dave HILDENBRAND (R-Lowell).

For example, $8 million in the emergency supplemental bill, HB 5220, is supposed to go for bottled water to Flint residents, but if there's a better use for that money, that's where it should go, Hildenbrand said.

"If we don't need to purchase $8 million in bottled water, we should direct that into other programs that are still helping with the situation," he said.

At this point, he said he doesn't see the total dollar amount changing, just the direction of the funding.

Health assessments of community members, particularly those who are in the 0-3 age range, is one area he considers critical to understanding the health risks of the population, he said.

Senate Minority Leader Jim ANANICH (D-Flint) is also on board with the modifications, telling reporters today that recommendations came through the emergency operations center and were vetted by members of the medical and scientific community.

"I think the appropriations are a good step in the right direction, but right now it's really imperative that we get services and assessments to those kids in particular," he said. "We know -- no matter what some outliers may say -- that it's a population-wide exposure, and we have to treat it as such, because we don't know how long people were ingesting that water."

Senate Majority Leader Arlan MEEKHOF (R-West Olive) said better information about where the money could best be spent has continued to come in, and he expects the modified legislation to hit the Senate floor before the end of the week.

As those conversations continue, Snyder's administration is currently zeroing in on the size of the state appropriations likely necessary for fixing the Flint water crisis.

The Governor's cabinet met behind closed doors Tuesday to discuss how much money the state will need to address the issue -- a figure that could come in around "a couple hundred million dollars."

The state plans are taking shape as the Governor continues work on his pledge to fix the crisis.

The Department of Environmental Quality (DEQ) is hoping to pinpoint by the end of this week 200 homes that have lead pipe water service lines. The DEQ is "mapping" those lines by using paper records. After those homes are identified, the state will begin to evaluate how effective the Detroit water is at "buffering" the lead problem.

Along with handing out water filters and bottled water, the state has also given water-testing kits to Flint residents, and many samples have been sent back.

However, the state is lacking some critical information regarding the samples, such as whether the water was filtered or unfiltered and what faucets the water came from.

The Michigan Department of Environmental Quality (DEQ) is currently putting together a budget to secure that information. In the meantime, the DEQ has concluded that about 84 percent of the samples sent to the state have lead levels at 5 part per billion, which is well below the elevated levels discovered earlier.

The Senate's move to more of the state's response to the health impacts come as companies and organization like ZeroWater announce drives to bring donated filters and water to the city of just under 100,000.

ZeroWater CEO Doug **KELLAM** told *MIRS Monday* about his company's matching programs to get his lead-stripping water filters into the hands of as many Flint residents as possible through his webpage, www.zerowater.com. One ZeroWater customer has already donated 700 filters to the city of Flint.

*Walmart, Coca-Cola, Nestlé, Pepsi Take Care Of Flint Schools' Water Needs*
Meanwhile, enough water to meet the needs of 10,000 Flint school children for the rest of the calendar year was donated today by Walmart, Coca-Cola, Nestlé and Pepsi, the companies announced today.

Roughly 176 truckloads, or 6.5 million bottles of water, is being donated to the schools in addition to the companies working with Good360.org/Flint to make other donations.

"The water crisis is personal to us here in Flint," said Beth **HARRIS**, store manager at Walmart. "Those affected include our own associates, customers and their families. Our associates are proud to be a part of the effort to help our friends and neighbors."

Walmart has already donated 14 trucks of water, or 504,000 bottles, and 1,792 water filters to the Flint community since July 2015. Coca-Cola has donated nearly 78,720 bottles of Dasani to local food banks and foundations and to approximately 40 associates living in the affected area.

Nestlé Waters North America has already donated five truckloads, or more than 190,000 bottles, to Flint community organizations since October 2015.

*Snyder Requests Additional Healthcare Services For Flint Residents Under 21*
Gov. Rick SNYDER has asked the federal government for assistance to provide all Flint residents under the age of 21 with additional healthcare services to address potential problems from lead exposure.

The request, which will soon be sent by the Michigan Department of Health and Human Services to the U.S. Department of Health and Human Services, will include:

- Expanded Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level or whether people are already enrolled in other forms of insurance.

- Community-based resources for offering physical, behavioral and long-term healthcare to youth.

- A federal Medicaid match for lead abatement activities in impacted areas.

"We're focused on protecting the health and welfare of Flint residents, especially children and young adults who might have been exposed to lead," Snyder said in a statement. "We want to make sure comprehensive medical care services are available, and we hope the federal government will partner in our efforts."

*Jones Dropping Water Testing Bill*
Look for Sen. Rick JONES (R-Grand Ledge) to drop legislation Wednesday mandating the testing of all water in every Michigan school.

"Every school shall be checked for lead and other material," the Senator explained. In addition, his measure would mandate that any local government that has a new water hook would have to test that water to make sure it was safe for public consumption.

The Snyder administration has talked about this kind of testing. The Jones measure appears to be the first bill to actually mandate the testing. According to the U.S. Environmental Protection Agency, there is no federal law requiring sampling of drinking water in schools.

The Grand Ledge lawmaker also wants to create a new task force that "would tell us what to test for and what to do."

As for the cost, he suggested "a couple $100,000 a year" will be needed, and if legislators don't act on this he warned that would be "extremely irresponsible."

## Locals File Suit Over Law; Horn, Hughes Put Forward PA 269 Fix

Dowagiac is asking its voters on March 8 whether its city clerk position should be an appointed position, as opposed to an elected one.

Since he's now legally banned from sharing information about the ballot proposal with his city's voters, Dowagiac Mayor Donald **LYONS** said he gave serious thought about testing fate and sending out the information on the measure anyway in defiance of P.A. 269.

He said he was fine paying the $1,000 fine and didn't see being charged with a misdemeanor as impacting his life much. It was the one-year in jail penalty connected to the former SB 0571 that persuaded him not to go that route.

"I don't think my wife and family would appreciate it, so I choose the high road," Lyons said.

The high road was joining 17 other local officials in a federal lawsuit filed today that claims the "gag order" law violates the country's "free speech" constitutional protection and the 14th Amendment on due process (See "Coalition Will Seek Federal Court Action On SB 571," 1/25/16).

"It's so overly broad and vague that it penalizes public officials with a crime if they speak in even an objectively neutral tone about ballot issues," said attorney Scott **ELDRIDGE** with Miller, Canfield, Paddock and Stone.

Since more than 100 school districts and local governments have issues on the March 8 ballot are already being "harmed by the new law," the parties are asking for immediate action. Judge John Corbett **O'MEARA** was assigned the case.

Roseville Mayor Robert **TAYLOR** is the lead plaintiff in the suit against Secretary of State Ruth **JOHNSON**. Attorney General Bill **SCHUETTE**'s office said they had not yet seen the lawsuit and declined comment on it.

Also today, two lawmakers offered another fix to the source of the uproar.

SB 0721 and HB 5249, sponsored by Sen. Ken HORN (R-Frankenmuth) and Rep. Holly HUGHES (R-Montague), respectively, would allow local entities to share certain facts on the proposals prior to an election.

The approach taken in the bills introduced today goes slightly beyond HB 5219 introduced earlier this month by Rep. Lisa Posthumus LYONS (R-Alto) (See "How Deep Will Lyons Go In 'Fixing' SB 571?" 1/20/16).

Horn and Hughes want the current 60-day ban on radio, television, mass mailing or robo-calls cut to 30 days.

Like Lyons, Horn and Hughes want to allow the date of an election to be shared. They want elected proponents and opponents to be allowed to talk ballot proposals at public meetings.

A key difference, however, is a provision that would allow financial information on a millage or bonding proposal to be shared. That means locals and schools could share what the newly collected money would be used for and how much more an average taxpayer would pay.

The legislation also includes a clarifying sentence that the production or dissemination of information must provide a fair presentation of facts and must not imply a vote for or against a proposal, and bumps up the maximum fine for violators of the law from $1,000 to $5,000 for an individual.

Horn said he's not interested in a full repeal of the law that has been suggested by many local government groups and some in the Legislature, including Sen. Dale ZORN (R-Ida), because he feels some of the changes are necessary.

The goal of the bills is to "help more clearly define the difference between informing and campaigning," Horn continued, adding that he sees the legislation as a middle ground between the Lyons and Zorn proposals.

Even if Lyons' legislation is the SB 0571 fix that makes it through the Legislature, Horn said he and Hughes hope their legislative suggestions will help bring more clarity and possibly add higher penalties for any violations of the law.

"There has been a lot of confusion about Senate Bill 571 (Public Act 269) recently and I think that House Bill 5249 addresses all of the key issues that I have heard from my local superintendents and township officials," Hughes said in a statement. "Registered voters should know what's on the ballot and -- most of the time the only information is available through our local leadership. Local officials should be able to share unbiased information without concern."

Horn's bill was referred to the Senate Elections and Government Reform Committee, and Hughes' legislation is before the House Elections Committee.

Matt **BACH** of the Michigan Municipal League said his group appreciates that lawmakers from both side of the aisle are looking for a potential solution to the problem, but the MML hasn't had time to review the latest legislation.

# State Skips Own RFP Process To Replace 'Shocked' Contractor

A state information technology contractor wasn't happy to learn on short notice that it would be replaced with a new vendor at the end of its current deal without a chance to competitively bid on the services again here in Michigan.

Company officials for Acro Service Corp. and their lawyers were at the State Administrative Board (SAB) today to question why the state was letting Acro's contract end and instead entering into a cooperative agreement with Computer Aid, Inc. (CAI).

The biggest contention Acro had was that the state was working on this new agreement with CAI for several months, but Acro was just informed of the state's intentions last week.

"We were shocked, stunned and taken aback," attorney John **PIRICH** told the SAB today, who was representing the Acro.

But the SAB went ahead and approved the new deal with CAI, estimated to be worth $164.8 million over the next five years, meaning Acro will be out when its contract expires in May.

Acro had been providing vendor-managed services for the state, which involves securing IT resources to assist the state with various projects. Caleb **BUHS,** spokesperson for the Michigan Department of Technology, Management and Budget (DTMB), said the contract is important to help secure short-term help in specific IT areas.

Acro had a three-year deal in place, and is in the first of its three one-year options, Pirich said. Acro's current deal has cost the state up to $98 million, according to the state contract list.

But the state decided to instead pursue what's known as a cooperative agreement with CAI, rather than take up Acro's remaining option years.

In other words, the competitive bidding on the contract already took place in Virginia, so Michigan was able to skip the research that goes into putting the contract out to bid, and go right to entering into its own deal with CAI, Buhs said.

"We'll enter in our own agreement," he said. "But it's just utilizing the bid process. So they've already done all the research, and they've compared it with other companies and looked for best value, so they've already done all that background work. Now we can utilize that information for our process."

Buhs said the state has done cooperative agreements in the past, but said pursuing such an agreement for this size of a contract "is a little bit different than normal."

Jeff **BROWNLEE**, the state's procurement chief, told the SAB the state had been working on the new arrangement with CAI for nine months and admitted that Acro did just receive notice of the state's intentions last week, and that there was no request for proposal sent out for this contract here in Michigan.

Both Brownlee and Buhs pointed out that Acro knew its contract would expire in May. And while Acro had some option years left, those aren't guaranteed. Buhs said the state isn't canceling the contract, just allowing the current one to end.

A SAB member asked Brownlee why the state would do this. He replied, "We felt this was the best option for the state in terms of accessibility to resources. We experienced difficulties over the course of the current incumbent (contract)."

Buhs said some contract compliance issues associated with Acro played a role into why the state went down this road.

"We had filed a vendor issue report, which is somewhat serious," Buhs said. "So we were working with them on some corrective action."

But Acro officials, who said they put actions in place to address deficiencies months ago, were not happy with how things were handled.

Asked if he had any idea the state was looking at eventually replacing them, Acro president and CEO Ron **SHAHANI** said, "No, we had no idea."

Brownlee said it's "not necessary" to notify current contractors that the state is planning to make changes, except if the state was intent on exiting the contract early.

Shahani argued the state was "piggybacking off a state of Virginia contract, which is bid for Virginia conditions."

Despite questions from a few SAB members to Brownlee on DTMB's rationale for pursuing this course, the new deal with CAI received unanimous support.

## Doctors Want State To Defrock 'Onerous,' 'Irrelevant' Recertification

Tired of forking over thousands of dollars and spending days away from patients on what they call "onerous busy work," Michigan physicians are asking lawmakers to pass new legislation to stop insurance companies from requiring an out-of-state recertification as a reason for payment.

The Michigan State Medical Society (MSMS) is calling the impetus of a pair of identical bills, HB 5090 and HB 5091 in the House and SB 0608 and SB 0609 in the Senate, a "grassroots" effort by doctors who are tired of going through what they see as a redundant national re-certification process.

But the national licensing association is saying there is value in their Maintenance of Certification (MOC) process. And the hospitals and the state's largest insurance carrier believe its officials should have the power to require recertification if they feel it necessary.

The state of Michigan already requires doctors to go through 50 hours of continuing education class a year. But insurance companies like Blue Cross Blue Shield of Michigan (BCBSM) are requiring they keep up on the recertifications offered by the 24 boards that fall under the American Board of Medical Specialties (ABMS).

"These requirements are irrelevant to what I'm doing," said Dr. Rose **RAMIREZ**, MSMS president

and a family physician from Grand Rapids. "It's a punishing system, but if you don't go through it you lose your certification."

Currently, physicians are licensed by the Michigan Boards of Medicine and Osteopathic Surgery, licenses that need to be renewed every three years and requires a physician to complete a combined 150 hours of continuing education.

However, on top of this state license, BCBSM is among the insurers that require physicians to renew the specialty licenses issued through one of 24 specialty member boards from the for-profit American Board of Medical Specialties (ABMS).

Physicians initially get their specialty certificates after completing their residency programs after weeks of preparations. In recent years, the national boards overseeing these certification have required physicians to renew them every five, seven or 10 years through the MOC process, depending on the specialty.

Physicians are anxious because going through everything they had previously learned turns into at least a week of studying and more than a $1,000 to take the test. It turns into "incredible hoops" and "busy work" that take away doctors' ability to conduct research or see patients, said Dr. Megan **EDISON**, a Kent County pediatrician.

Edison told the story of a colleague who was two weeks late on paperwork regarding his hand-washing practices. For that, his certification was suspended and BCBSM cut him off.

"We don't need an outside entity to tell us you need a hand-washing module in order to be good at your craft," Edison said.

The ABMS certifications are also limiting the types of professional development physicians can engage in, which may not be in the best interests of either them or the community. For instance, physicians in Flint may want to learn more about the effects of lead poisoning, but attending a seminar on the subject may not count toward their ABMS "maintenance of certification," said spokesperson Matt **RESCH**.

MSMS is working with Rep. Ed CANFIELD (R-Sebewaing), an osteopathic physician by trade, and Sen. Peter MACGREGOR (R-Rockford) on the bills and Resch Strategies on a public "Right2Care" campaign that features its own website, "www.right2care.org."

Colin **FORD**, senior director of state and federal government relations for MSMS, said his members came to MSMS on this issue.

The bills stop insurance companies from using these national certifications as a condition for working with a physician. It also prevents the state from also requiring doctors renew these national or regional certificates as a condition for their state license or licenses.

BCBSM, the state's largest insurer, is not board with the policy change.

"We understand there are significant concerns in the provider community, and support seeking a reasonable solution that balances requirements and cost with continuing education," reads a BCBSM statement on the bills. "However, we have concerns that this language could hinder our ability to

establish reasonable credentialing standards for network participation, and we will continue to work with the bill sponsor to address them."

Likewise, the Michigan Health and Hospital Association (MHA) is not thrilled. Some hospital officials rely on the MOC process in deciding whether to let a doctor practice in their facility.

"We believe that physician certification requirements as a basis for physician admitting privileges or license renewals are best determined at the local level by individual hospitals and health systems," said MHA spokesperson Laura **WOTRUBA**.

Obviously, the ABMS is pushing back against the bills, as well, and defending the need for its MOC process. The organization put out a statement in which it says it is "sensitive to physician concerns" about the MOC process and is working to address those.

Patients and the public expect physicians to stay abreast of advancements in their respective specialty areas and to be "competent practitioners in a rapidly changing healthcare environment," read the ABMS statement.

"The time and resources associated with MOC participation are a sound investment for a comprehensive program that helps ensure not only that knowledge is assessed, gaps identified and new skills obtained, but also encourages participation in quality initiative that have direct impact in improving patient care and safety," the statement reads.

On the bills, ABMS is saying that it believe health insurers should have the right to use quality measures as ABMS board certification and MOC participation in making decisions on who is "best qualified to care for patients covered by their networks."

The chair of the House Health Policy Committee, Rep. Mike CALLTON (R-Nashville), said today he's sympathetic to the doctors' pleas on this issue and is ready to schedule a hearing on the bills. He noted that some older physicians have "grandfathered out" of needing to be recertified, which he sees as "unequal treatment."

As a chiropractor, Callton said he has not run across the issue in his profession, but can understand why some doctors are throwing up their hands and leaving the profession as opposed to sinking more time and money into a recertification effort.

The Michigan Association of Health Plans has not taken a formal position on the bills, but executive director Rick **MURDOCK** said his board members responded favorably to the bills when they were presented with the information.

With Medicaid expansion requiring more physicians, now is the time to encourage more doctors to stay in the field, not run away from it, he said.

"They saw it as an access issue," Murdock said. "The good Representative is probably on point with this legislation."

## Gov's 501c4 To Pay For Extra PR Help

The Moving Michigan Forward fund, Gov. Rick SNYDER's 501c(4), will be paying the salaries of extra public relations professionals being called in to help navigate the Snyder administration out of the Flint water crisis.

Mercury Public Affairs, the national company that counts among its senior vice presidents the wife of Snyder Chief of Staff Jarrod **AGEN**, is being brought in to provide support, as is Bill **NOWLING**, senior partner of Finn Partners.

Nowling has provided PR support for Michigan Republicans for years, but is most recently known for being former Detroit Emergency Manager Kevyn **ORR**'s mouthpiece (See "Snyder Suspends Two MDEQ Employees, Hires Crisis Comms Firms," 1/22/16).

The administration had been keeping silent on who was paying the firms other than it was not coming out of public taxpayer dollars. Snyder spokesperson Dave **MURRAY** confirmed the money is coming through the MMF, which posts its donations and expenses quarterly on its website www.movingforward.com.

"The fund is helping to ensure information, resources and free clean water is distributed to the people of Flint," Murray said. "That includes advocacy efforts aimed at increasing awareness or resources, including updating them on where to find water resource sites, bottled water, filters, replacement filter cartridges and testing kits."

The Moving Michigan Forward fund was advertised in 2013 as being a transparent fund that would voluntarily disclose its donors and the amounts of its donations on its website, but $250,000 of the $275,000 it raised came from another 501(c)4 Snyder used for his inaugurations (See "'Transparent' Snyder Nonprofit Receives $250K From Another Nonprofit," 9/4/16).

Snyder's team was asked anew about the outside help after Michigan Democratic Party Chair Brandon **DILLON** hosted a conference call with reporters saying "Gov. Snyder is again using a secret, non-transparent political fund, this time to spin the public's opinion on the Flint water crisis."

Dillon launched into the Governor's hiring of outside public affairs professionals to begin with, saying Snyder should be more worried about addressing the health and welfare of Flint residents, who have been "poisoned" by lead, than with his own public image.

The chair also repeated his desire to have the Governor and the Legislature fall under the state's Freedom of Information Act (FOIA) law.

Asked if he felt politics were being played over what is now being called the "Flint water crisis," Dillon noted that if pointing out how Republicans' major donors are helping pay for "PR spin doctors" as opposed to addressing the needs of Flint children, then that's a strange definition of politics.

## Hood Sees 'Racism' In Colbeck's Syrian Refugee Resolution

A Sen. Patrick COLBECK (R-Livonia) resolution calling on Gov. Rick SNYDER to keep his finger on the "pause" button in regards to allowing Syrian refugees into Michigan was called racist today during its first -- and likely only -- legislative hearing on the matter.

Senate Minority Floor Leader Morris HOOD III (D-Detroit) laid into Colbeck during today's Senate Government Operations Committee for sponsoring SCR 22, saying to only apply an immigration ban on only Syrians "is racism."

Through the generations, various oppressed cultures have sought sanctuary in the United States. Those from war-torn Syria happen to be the latest, Hood said. To close the door on them during their time of need when they pose no threat to the state or country "is not what America is about."

"This is an insult to America. This is an insult to our heritage. This is an insult to what America is made of. It's unacceptable," Hood said.

Colbeck responded that he was "insulted" Hood would "play the race card" on him, since the measure deals only with those from Syria and not a class of people, like Arab Americans or Muslims, in general.

Syria is the "center of gravity for ISIS," a terrorist cell that has taken over vast swaths of land in the Middle East. To open up Michigan citizens to danger by bringing over people from a part of the world where demonstrated hatred for America is rampant would be "irresponsible," he said.

"America has been and will always be a nation of immigrants," Colbeck said. "I don't want to stop immigration altogether. I want to address the security risks that threaten America under existing policy."

Senate Majority Leader Arlan MEEKHOF (R-West Olive), the chair of the Senate Government Operations Committee, allowed Colbeck to have a hearing on SCR 22 in January after the conservative lawmaker introduced it in December. He said he had no intentions of bringing it up again.

The hearing was intended to allow Colbeck, proponents and opponents of stricter controls on Syrian refuges to blow off steam, which maybe worked too well.

On Hood and Colbeck's exchange during committee, Meekhof said, "They need to work out how they speak to each other in the future."

It's not clear how much support the non-binding measure had on the five-member committee even if it had came up for a vote. Asked as he left how he would have voted on the measure, Sen. Goeff HANSEN (R-Hart) responded, "We need to go home."

Hood and Senate Minority Leader Jim ANANICH (D-Flint) were pretty clear on their opposition.

During a break, Hansen had a private conversation with Shadi **MARTINI**, a Syrian refugee, who testified to the lengthy, three-year process it took for him to come to the United States.

During his stay in the refugee camps, Martini said his children had no access to education, but Martini said he was willing to stick it out for the promise of something better in the United States. Refugees, like he once was, opt to stay in separate camps away from their home to get away from terrorists and ISIS, not because they believe in their cause.

"We are people, normal people. Do we have bad people, yes? But we are talking about the most needy here. Don't label them as terrorists, for God's sake," Martini said.

Colbeck noted that terrorists loyal to ISIS were behind the terrorist attacks last November in France. Radicalized terrorists killed 14 and injured 21 other in San Bernardino, Calif., last month.

Others testifying during the 75-minute committee meeting noted that none of those found responsible for the Paris attacks or those in California were Syrians.

## Senate Leadership Dismissive Of Schuette Flint Investigation

Senate leadership on both sides of the aisle today were not bashful about critiquing Attorney General Bill **SCHUETTE**'s decision to launch an investigation into the Flint water crisis with help from outside attorneys.

Senate Majority Leader Arlan MEEKHOF (R-West Olive) said he is not sure another probe is needed, especially before the release of the Governor's task force report being drafted by former Senate Majority Leader Ken **SIKKEMA** and former Democratic Rep. Chris **KOLB**.

"I'm a little concerned about that, because the Sikkema report hasn't been put out yet and I think duplicating efforts is not very helpful," he said.

This week, Schuette declined to disclose how much the state would pay for a team team of outside lawyers to conduct the criminal investigation into the Snyder administration's handling of the Flint water situation (See "Critics Question Schuette's Choice To Lead Flint Investigation," 1/25/16). He did not rule out asking the Legislature for appropriations to assist with the investigation.

Meekhof suggested during an interview with reporters following session today that Schuette reach inside his own budget to cover the expenses.

Asked if the Attorney General was premature in kicking off the investigation, Meekhof quipped, "he has a history of that, yes."

"He seems to jump ahead of what most people would agree is logical," he continued.

Although Senate Minority Leader Jim ANANICH (D-Flint) said he would give Schuette some benefit of the doubt, the last thing his constituents need is a smokescreen that makes it appear like Schuette is doing something while continuing the damage the water crisis has caused.

One comprehensive investigation would have been more effective, he said, but if it's going to be a truly independent investigation, Ananich said he welcomes it.

"This needs to be done right, because the citizens in my community have a complete lack of trust and a lot of fear," he said.

As for whether the money for the investigation should come from the Legislature's coffers, Ananich said he'd prefer to see that funding go towards the actual people who were affected by the crisis.

"We've got to get to these children, and these families need to come first," he said. "When the Attorney General has done this in the past, he's had no problem finding money in his budget, whether it was when he went after gay marriage or other issues. This is a pretty important issue for all the citizens of Michigan -- I think he can find it in his own budget."

Asked to respond to today's comments, Schuette spokesperson John **SELLEK** said:

"The families of Flint, families in all Senate districts, frankly, demand and deserve a state-level investigation and we have assembled a investigative/prosecution dream team to do just that.

"Bill will investigate regardless of those who say there should be no investigation or hope to impede it in some way. Some are treating this like a game of political chess, trying to score points, but this is not a game as you can see by Attorney General Schuette's team, which includes the former head of the Detroit FBI and an ex-prosecutor from Michigan's biggest county."

*Phelps Calls On Gov To Forgive Unpaid Water Bills*

Flint water customers should not have to pay for its lead-tainted water and Gov. Rick **SNYDER** should use his executive authority to forgive the debt owned by those in danger of losing their homes over it, Rep. Phil PHELPS (D-Flushing) wrote today in an editorial on the *Huffington Post*.

The post comes after Attorney General Bill **SCHUETTE** also made the comment that, "If you can't drink the bad water, you shouldn't pay for it. (See "Schuette: ..." 1/25/16).

"While water bottles and filters are a Band-Aid fix, that will do nothing if people lose their homes," Phelps wrote. "Not only would they lose access to any water at all, but they would be forced to survive a harsh winter simply looking for shelter.

"Gov. Snyder must use his executive powers to forgive the debt owed by those in danger of losing their homes. It is criminal to expect the people of Flint to pay for poisoned water, or face homelessness if they don't comply."

## Gov Order Moves Ethnic Commissions From Civil Rights To LARA

A gubernatorial executive order signed today would move three ethnic affairs commissions away from the Michigan Department of Civil Rights (DCR) and to another place in state government that officials said makes more sense.

Gov. Rick SNYDER transferred the administrative responsibilities of the Michigan Asian Pacific American Affairs Commission, the Hispanic/Latino Commission of Michigan and the Commission on Middle Eastern American Affairs to the Michigan Department of Licensing and Regulatory Affairs (LARA).

LARA is also home to the Office of New Americans, a Snyder creation charged with growing the state's economy by attracting global talent. The commissions' work on economic opportunity for those ethnic groups fall more in line with what the Office of New Americans is doing, said DCR Director

Agustin **ARBULU**.

"The commissions have talked about and do focus on economic development, which is really, again, the space of the Office of New Americans, with their initiatives," he said.

Snyder said in a statement today that the move would also allow the DCR to "devote more time and resources toward their goal of ensuring equal opportunities for all Michigan residents."

Arbulu said the executive order would free up DCR staff that had previously provided support to the ethnic commissions in preparing their meetings.

One issue the DCR and its Civil Rights Commission (MCRC) has been facing lately is persistent complaints about deaf persons' abilities to access quality interpreters.

State officials have conceded that the DCR's division serving the deaf, deafblind and hard of hearing has limited resources, and deaf advocates have been appealing to the DCR and MCRC to, among other things, bolster the division's resources (See "Office Tasked With Services For Deaf Residents Faces Daunting Hurdles," 12/14/15).

The MCRC had a meeting Monday, and again heard from people from the deaf community demanding action by the state to improve access to quality interpreters.

Arbulu said reallocating resources to the division serving the deaf community would be an area the DCR will focus on, but he couldn't make a specific commitment to that effect today.

"We're going to carefully look at that," he said. "Will we be looking at it? Yes. Can I tell you something is going to be done this way, this way? No, it was just released today."

Arbulu said the DCR's main focuses are on investigating and enforcing civil rights laws. The MCRC announced Monday it would be looking into whether civil rights violations occurred as a result of the Flint water switch (See "Civil Rights Commission To Look For Violations In Flint Water Crisis," 1/25/16).

Also unclear is if the budding African-American Affairs Commission would change places as a result of the executive order, which would be created under legislation sponsored by Sen. Rick **JONES** (R-Grand Ledge) (See "Senate Votes To Establish African American Commission, Colbeck Opposed," 1/14/16).

The bill language for SB 0090 currently places the proposed commission in the DCR. Asked what would happen to that commission if it were created, given the executive order today, Arbulu said he wasn't sure.

The bill passed the Senate and is sitting in the House Government Operations Committee.

## FOIA Exemption For Infrastructure Bill Faces Uncertain Future

Legislation creating a Freedom of Information Act (FOIA) exemption for critical energy infrastructure and cyber security information is facing an uncertain fate in its second House committee.

HB 4540, sponsored by Rep. Kurt HEISE (R-Plymouth), is aimed at making sure terrorists can't get blue prints or other security critical information about the state's energy infrastructure -- think power plants, nuclear plants and pipelines.

The legislation was originally requested a year ago, according to Heise, and was taken up this morning by the House Natural Resources Committee. Natural Resources is the second committee to ponder the topic. Environmental groups and open government advocates contend the bill is already covered by federal law and have dubbed the measure "the pipeline secrecy act."

The House Oversight and Ethics Committee did significant work on the legislation in drafting substitute H-8 before asking that it be re-referred to Natural Resources (that substitute is available on MIRS bill page for HB 4540 by clicking here).

According to Rep. Ed MCBROOM (R-Vulcan), chair of the Oversight committee, said he's frustrated that opponents are treating HB 4540 as a moving target.

"In my opinion, (environmental groups and open government groups) seem to be moving the goal posts, which in my opinion is mostly stall tactics," said McBroom during today's hearing.

Sean **HAMMOND**, deputy policy director with the Michigan Environmental Council (MEC), told the panel that the group is seeking only a few more changes to ensure that the proposed changes to the FOIA law mirror a similar process utilized by the federal government.

At one point, McBroom asked Hammond "Why do you need to have the blueprints of a (sub)station? Or the location of a particular valve?"

Hammond responded that, "There are situations where it would be useful for the watchdog to have this information to go the government with and say, 'Hey, this needs to be addressed,'" he responded. "We should be focusing on eliminating redundancies and strengthening our infrastructure overall."

John **GRIFFIN** with the Associated Petroleum Industries (API) asked who's the watchdog that's going to watch the watchdog?

He contended MEC and other environmental groups are essentially arguing, "'You can trust us, but you can't trust anybody else.' I don't buy that and it shouldn't be the crux of legislation," he added.

The one portion of the legislation that doesn't seem to be catching as much flack as the infrastructure plans is exempting certain cyber information such as cyber security plans, assessments and threats.

Heise explained the need for the language as essentially allowing utilities and other critical energy infrastructure facility operators to be comfortable sharing cyber-threat information with authorities.

Inspector Matt **BOLGER** of the Michigan State Police (MSP) confirmed that some companies are hesitant to share information with the MSP cyber security unit about threats or online attacks.

"We don't write it down," Bolger said of information the unit gets in some cases. "That's not an efficient way to do business," he added.

Rep. Kristy PAGAN (D-Canton), who opposed the bill while it was in Oversight, argued that not one Freedom of Information Act request has been filed pertaining to the cyber information Heise, Bolger and the State Police are seeking to protect in HB 4540.

"At the end of the day, the public deserves a right to know what's going on in their state and to have their response answered," Pagan told the panel. At least one Republican committee member, Rep. Ken GOIKE (R-Ray Twp.), raised concerns over the bill, but said he hasn't made a final decision on how he'll vote.

Following the hearing, Rep. Andrea LAFONTAINE (R-Columbus Twp.) noted to *MIRS* that committee members clearly still question the proposal and that she couldn't provide a timeline for moving the legislation.

## Bills Aim To Bring Historic Districts Into The Future

Bills introduced in both chambers today would make sweeping changes to Michigan's Historic District Act, a decades-old law that some lawmakers say needs revamping to meet the needs of modern society.

HB 5232 and SB 0720, sponsored by Rep. Chris AFENDOULIS (R-Grand Rapids Twp.) and Sen. Peter MACGREGOR (R-Rockford), respectively, offer up several changes to the existing law, most of which focus on placing more of the authority on what constitutes a historic district in the hands of locals.

Under the proposed legislation, new historic districts in a community would have to receive the support of at least two-thirds of the property owners living within that area. The makeup of historic district commissions would be changed, allowing private property owners and construction experts a seat at the table in addition to history experts.

And instead of appealing to the State Historic Preservation Review Board, an agency housed within the Michigan State Housing Development Authority charged with overseeing cases that cannot be solved at the local level, property owners disputing a commission's decision could appeal to city councils or township boards.

All existing or future historic districts in the state would have to be reapproved every 10 years by the voters in the municipality to continue existing with a historic designation.

"Our bill to modernize a law written 45 years ago strikes the right balance between protecting private property owners' rights and historic preservation," Afendoulis said. "This will help many communities maintain their historic identity while ensuring private property owners have a greater voice."

Currently, there are 78 communities in Michigan that have historic district resources allowing them to appoint a historic district commission, according to MSHDA.

At a local level, the districts can become points of contention between preservation proponents and property owners, most often when the boundary lines of existing districts are modified or when commissions deny property owners' petitions to make modifications to their historic designated home.

The lawmakers said they hoped the changes could expand what is deemed historically appropriate by allowing communities to incorporate technologies and promote investment from homeowners while still promoting the historic tendencies that gave the areas distinction in the first place.

If a community wanted to, they could add additional restrictions for historic district properties, but that would be done at the local level, MacGregor said. Regardless of what the local governing boards decide, there would be local accountability for those under the purview of historic districts, he said.

Asked whether different standards for historic districts across communities might be a cause for concern, MacGregor said it doesn't worry him, but noted that conversations on the integrity of a historic district would likely need to be hashed out at the study commission level.

HB 5232 is up for testimony at the House Local Government Committee Wednesday.

## Bits And Tidbits

*PricewaterhouseCoopers Official Joins Treasury In New Deputy Treasurer Position*

State Treasurer Nick **KHOURI** today announced the appointment of Gregory **GURSKY** as Deputy State Treasurer for Tax Policy, effective immediately. Gursky will join Treasury's leadership team with responsibility for all tax and revenue policy issues.

Gursky has most recently been the director of PricewaterhouseCoopers' State and Local Tax Group, where he was responsible for the management and oversight of all Michigan, state and local tax issues. Prior to joining PricewaterhouseCoopers, Gursky spent more than 30 years with General Motors, concluding his work with GM as Director of Property and Non-Income Taxes.

"Gregory's extensive experience with, and unique understanding of Michigan tax policy makes him an outstanding choice for this new, but critically important Deputy Treasurer position," Khouri said in a statement. "Gregory has a proven track record of executive leadership in the specialized areas of tax, financial and economic development, and in government relations. His impressive background will make him an important asset to the Department of Treasury."

In this new post, Gursky will oversee the Office of Legislative Affairs, the Bureau of Tax Policy, and the Office of the Taxpayer Advocate.

*Former State Senator Joins Vanguard Public Affairs*

Former state senator and state budget director Mitch **IRWIN** was announced today as a strategist for Vanguard Public Affairs.

"I was initially attracted to Vanguard Public Affairs because of their unique approach to problem solving and their eclectic roster of clients, but as I learned more, I realized what a special company it

is evolving into," Irwin said. "Vanguard is quickly becoming a trailblazing organization that I wanted to be an integral part of moving forward."

Irwin's position at the company is described as an "official of-counsel role, providing strategic guidance to Vanguard's roster of financial, education and non-profit clients" by T.J. **BUCHOLZ**, president of the firm.

"I've had the privilege to know Mitch in many capacities over the years, and have always been impressed with his political and business acumen," Bucholz said.

Irwin served as director of the Department of Management and Budget from 2003 to 2005, as director of the Department of Agriculture from 2005 to 2007 and had served in the Michigan Senate from 1979 to 1991.

*Report: University Research Corridor Increased Its Contribution To State Economy*

Michigan's University Research Corridor (URC) contributed $17.5 billion to Michigan's economy, an increase of $700 million over the previous year, according to the 9th Annual Economic Impact & Benchmark Report released today.

The URC's $17.5 billion net impact in Michigan is up from $16.8 billion the previous year and $12.9 billion in 2007, the first year the report was published. For every dollar the state invested in the three URC universities, Michigan saw $22 in economic benefits, according to the report.

The URC, an alliance of Michigan State University, the University of Michigan and Wayne State University, is one of the nation's top research clusters and the engine for innovation in Michigan and the Great Lakes region.

*BLM Quarterly Survey Predicts Very Slow Economic Growth Over Short & Long Term*

The latest quarterly survey of Business Leaders for Michigan (BLM) members, the state's business roundtable, forecasts that the Michigan and U.S. economies will generate very slow growth over the short and long term. They are slightly more optimistic about Michigan's economy in long-term.

Most business leaders believe the Michigan and U. S. economies will remain the same over the next six months (61 percent and 80 percent, respectively) with some believing there will be modest growth (34 percent and 10 percent, respectively). This is slightly better than the October 2015 survey.

The survey also found about half of the business leaders project their companies will add jobs and make capital investments in Michigan over the next six months.

The results reflect a survey of Business Leaders for Michigan's 80 members, the state's largest private sector job providers that represent nearly one-third of the state's economy.

*Snyder Signs Free Fishing Promo/Soil Permit Exemption Bills*

The first two Public Acts of 2016 were signed into law today by Gov. Rick SNYDER.

HB 4983, sponsored by Rep. Bruce RENDON (R-Lake City), would allow vehicles without a

recreation passport to enter state parks and use boating sites in areas where there is an opportunity to fish on free fishing weekends.

HB 4983 is now Pubic Act 1 of 2016.

Also signed today was HB 4604, sponsored by Rep. Brett ROBERTS (R-Charlotte). HB 4604, now Public Act 2 of 2016, brings the state's soil and sedimentation permit requirements for farming activities in line with federal policy.

*Schuette Announces Settlement That Will Net $693K For MI*

Attorney General Bill SCHUETTE today announced a $39 million national settlement with Qualitest Pharmaceuticals, Inc., which will bring $693,241.64 to the State of Michigan.

Qualitest marketed multivitamin-with-fluoride tablets that contained less than 50 percent of the fluoride claimed on its labels to health care providers of children and families in Michigan.

The mislabeling also caused health care providers to unknowingly submit incorrect claims to Medicaid and various federal health care plans, in violation of false claims laws.

*Audit: MiOSHA Needs To Verify Grants, Do Better Equipment Inventory*

The Michigan Occupational Safety and Health Administration (MiOSHA) could improve the administration of its grant awards and equipment inventory management, an audit released today found.

The Office of the Auditor General (OAG) found that OSHA didn't verify that grantees used Consultation, Education and Training (CET) grants for allowable expenditures.

And, the OAG said MiOSHA needs a more formal equipment inventory management policy, given MiOSHA hadn't conducted a physical inventory in more than five years and couldn't locate some equipment items the auditors asked for.

MiOSHA agreed with the findings and was taking or had taken corrective action.

*Falling Ice Forces Closure Of Mackinac Bridge*

Accumulated ice falling from the Mackinac Bridge prompted bridge officials to close it to traffic today temporarily as a safety precaution.

Warmer temperatures and increased sun have loosened ice that formed on the bridge's towers and cables, causing some of it to fall on the driving lanes below. The Mackinac Bridge Authority (MBA) has closed the bridge until the ice is clear or has stopped falling, which in the past has taken an average of a few hours, depending on weather conditions.

The bridge was closed for several hours on Saturday due to falling ice.

*No Chocolate For Bears*

The Michigan United Conservation Clubs (MUCC) announced today that the bear hunting community in Michigan is asking the Department of Natural Resources to consider banning the sue of solid chocolate in bear bates. Chocolate contains theobromine, which can be toxic to bears and other wildlife.

"As hunters we have a responsibility to look out for wildlife. We take that seriously," said Mike **THORMAN**, of the Michigan Hunting Dog Federation. "Bait allows us to selectively harvest bears. We don't want to see non-target wildlife harmed, so we're being proactive about this."

Last winter, four bears in New Hampshire died from chocolate toxicity near a 90-pound bait pile containing chocolate. In May of last year, New Hampshire's Game and Fish Commission banned the use of chocolate for bait.

## Snyder Taps Edwards, Hanna-Attisha To New Panel; Weaver Wants More

Water researcher Dr. Marc **EDWARDS** and public health professional Dr. Mona **HANNA-ATTISHA**, the two credited with blowing the lid off the Flint water crisis, will serve on a panel charged with looking at long-term solutions for the city, whose population was poisoned with lead-laced municipal water.

The announcement came amid a litany of measures Gov. Rick **SNYDER** vowed to take today to address the mess, and it came the same day WXYZ and *The Detroit Free Press* released poll results showing 69 percent of Michigan voters gave Snyder a negative opinion on how he's handled the issue.

Backed by Flint Mayor Karen **WEAVER** and a slew of state officials, the Governor was markedly somber throughout this morning's conference, with little remnant of his characteristically buoyant tone and positive tack.

"This is about continuing to take action," Snyder said. "Now is the time to act to do things, to continue to help the people of Flint address the damage that's been done, both in the short term, the intermediate

term and the long term, and we're continuing to getting that done."

Other actions taken today include: Opening a state government office in Flint aimed at the crisis, expanding Medicaid for people under the age of 21 in Flint and replacing water fixtures in Flint's public schools.

Heading the new Flint office will be Snyder's right-hand man Rich **BAIRD**. The Governor also said Lt. Gov. Brian **CALLEY** will be "spending a significant amount of time" in the office. Snyder later said he would be "back on a regular basis" to the city, in response to a question regarding concerns about his visibility.

Officials clearly tried to emphasize that the state has been taking action, and that Wednesday's announcements were just the beginning of a long-term commitment. Michigan State Police Capt. Chris **KELENSKE** opened the conference by noting how many water-related goods had been distributed -- 186,309 cases of water, 94,301 water filters and 29,841 water-testing kits -- and the state has purchased even more. Kelenske referred to it as the "primary mission."

"We're committing to do what it takes, for as long as it takes, until this emergency is resolved," Kelenske said. "We will continue to bring all state resources to bear and we will pursue all federal resources that can assist us in protecting public health safety in both the short term and the long term."

Yet, the efforts toward distributing water supplies are still seen as a "Band-Aid approach" by Flint residents and officials alike. After months of state deference, Snyder and his administration are encountering considerable skepticism as they work to demonstrate that their response is now sufficiently urgent.

If the withering questions that followed were any indication, the pledges weren't enough to assuage what some members of the media seemed to identify as the real means of resolving the crisis.

The first question from Adriana **DIAZ**, a CBS News reporter, got right to the elephant in the room -- the replacement of lead piping in the city.

She framed the replacement of lead infrastructure as an inevitability, asking where the money would come from and when replacement would begin. Snyder's response made it plain that sort of action wasn't in the cards, at least not anytime soon.

"The short-term issue is about re-coating the pipes, and again, that will be based upon third-party experts saying that the water is safe," Snyder said. "Our goal is to get the water coming out of the tap safe as soon as possible."

Snyder correctly characterized to the presence of lead infrastructure as a "statewide" and "nationwide" issue, but in a city where they are the source of damaging contaminants, their presence is much more malevolent in the minds of residents.

"Even when the biofilm builds back up, people are not going to trust those pipes," Weaver said. "We need new infrastructure. We need those lead service lines replaced."

Questions about when the water will be safe to drink again were a prominent refrain from reporters. It remains a question both officials and experts do not have an answer to.

According to a number of experts, it is not until a deposit of minerals solidifies over the interior of the

pipes, known as a passivation layer, that lead will stop leeching into the water. How long that will take to occur is highly dependent on the chemistry of the water.

Susan **MASTEN,** a professor of civil and environmental engineer at Michigan State University, said in some cases it could take "years" for a passivation layer to form. Additional phosphates are now being added to Flint water in the hopes of speeding up that process.

Department of Environmental Quality (DEQ) interim director, Keith **CREAGH**, said while the results of early residential testing are not statistically valid, "We can say that things are trending better."

He said 93.7 percent of samples collected thus far were below the statutory limitation of 15 parts-per-billion (ppb) and 85 percent were below 5 ppb. But 160 of those samples were above the 15 ppb limit. Creagh also said DEQ would be expanding the scope of their tests in partnership with other agencies.

Nick **LYON**, the director of the Department of Health and Human Services (DHHS), said his department would be putting in a request to the federal government to expand Medicaid coverage in Flint to all residents under the age of 21.

He said the agency's first order of business is to ensure every child in the city "is connected to a primary-care physician . . . and that they're seeking and receiving the health care they need."

Reiterating that the steps announced Wednesday were only a short-term plan for what is certain to be a long-term issue, Lyon said the agency also reached out to the U.S. Department of Agriculture about expanding educational nutrition services to families with young children as part of the Women, Infants, and Children (WIC) program.

MSNBC's *Rachel Maddow Show* was set to broadcast a special, town hall-style edition of the program in Flint Wednesday evening. Representatives from the program were among the media in the conference and told *MIRS News* they had extended repeated invitations to the Governor's office to attend the town hall, to which he had not responded.

The panel announced at the conference is be made up of city, county and state officials along with two experts to "oversee long-term solutions" for the Flint water crisis.

The panel, named the Flint Water Interagency Coordinating Committee, will exist within the Michigan State Police (MSP), and will also contain some of the figures credited with bringing the crisis into the national spotlight.

Representing Flint will be Weaver; Hanna-Attisha, the pediatrician who first revealed elevated lead levels in the blood of Flint children, the city's administrator Natasha **HENDERSON**, and a professor of mechanical engineering from Kettering University, Laura **SULLIVAN**.

Jamie CURTIS, the chairman of the county's board of commissioners; Mark VALACAK, the Genesee County Health Department's health officer; and Jim KOSKI, the retired Saginaw County drain commissioner, will represent Genesee County.

Edwards, the Virginia Tech water quality expert whose extensive research into Flint's water issues provided the scientific basis for the crisis, will serve on the panel representing "subject matter experts," along with Lawrence **REYNOLDS**, who is the president and CEO of the Mott Children's Health Center.

Weaver also announced that Edwards had been "retained by the city of Flint to oversee all water testing done by the state and federal government," in a move financed through private donations. Edwards racked up nearly $150,000 in costs relating to his work on Flint, which his research team is hoping to recoup through a crowdfunding campaign.

State officials will have a significant presence, as well. The directors of the departments of Environmental Quality, Health and Human Services, Licensing and Regulatory Affairs (LARA), in addition to the state treasurer, superintendent and director of the Office of Urban Initiatives will all be on the panel.

According to a statement issued by the Governor's office, one other member will be named to the panel at a later date.

Weaver, it seems, is continuing to juggle dual roles -- the necessity of working closely with state officials while remaining an advocate for Flint residents.

"I'm appreciative, but I want more," Weaver said. "That's why when we said these are good first steps, that's why I said I want a staircase. That's not enough. I'm expecting more and I'm going to hold him to that, and if I don't see it happening I will certainly let you all know."

## ACLU Suing For New Flint Water Pipes . . . But At What Cost?

State and city officials are violating the Safe Drinking Water Act in the aftermath of the Flint water crisis and should immediately be on the hook for replacing pipes and undoing all damage caused, a federal lawsuit filed by a coalition of local and national groups argues.

Flint Mayor Karen **WEAVER** recently ballparked the price tag for replacing the city's pipe at being as much as $1.5 billion, but there's no final cost on it nor is there a final cost on the entire Flint water crisis.

State Budget Director John **ROBERTS** said nailing down a figure on how much the state needs to address the Flint water crisis remains a work in progress, but he promised a number on Feb. 10, when the Governor releases his new budget for the next fiscal year.

During a cabinet meeting on Tuesday, "a couple of hundred million dollars" was floated as a possible tally for the long-term state costs of the Flint water crisis. While some estimates fall within that range, Roberts said, "It's very early for us to lock down a number."

"There are definitely requests that fall where the amount could absolutely be in there, but there are requests where it could be more or less," he said.

The final figure is dependent on several factors, including the future financial support, if any, from the President Barack **OBAMA** administration and the outcome of an infrastructure study that could determine how many lead pipes in Flint homes have to be replaced.

Money for the state infrastructure study is in the $28 million supplemental bill pending in the Legislature and until the review is completed, the Budget Director cannot speculate on the cost.

"I think there are a lot of people who believe there are parts of the system that are intact and can stay that

way without being replaced," he said.

On the long-term fiscal implications of an infrastructure repairs, the former chief of staff for Gov. Rick **SNYDER** said officials need to see a study on the lead pipes in the state's infrastructure, but "There's a pretty good chance in every city in the state it is going to have to repaired and replaced along the line."

The cost will be an issue for discussion in the future.

As for the lawsuit, the ACLU of Michigan, the Natural Resources Defense Council, Concerned Pastors for Social Action and Flint resident Melissa **MAYS** -- who runs the Flint-based organization Water You Fighting For -- filed suit in the U.S. District Court's Eastern Michigan District asking a federal court to secure access to safe water for Flint residents.

"The Safe Drinking Water Act directs officials who operate water systems to test drinking water for harmful contaminants and to treat the water to control for those contaminants," the lawsuit reads. "City and state officials' complete disregard for those requirements is exposing the people of Flint to lead, a powerful toxin that is devastating to the human body."

The suit claims relief based on violations of the Safe Drinking Water Act's requirements for monitoring tap water for lead, maintaining optimal corrosion control treatment, reporting requirements and notification requirements.

The plaintiffs are asking state and local officials responsible for the crisis to take all actions necessary to remedy the violations of the Act and mitigate the harm caused by the alleged violations. The lawsuit also asks the court to order a full replacement of all lead service lines in the water system at no cost to the system's customers -- including the lines that are privately owned.

"The water in Flint is still not safe to drink because City and State officials are violating the federal law that protects drinking water," said Dimple **CHAUDHARY**, Senior Attorney with the Natural Resources Defense Council. "We are asking a federal court to step in because the people of Flint simply cannot rely on the same government agencies that oversaw the destruction of its infrastructure and contamination of its water to address this crisis."

Named as defendants in the suit are Treasurer Nick **KHOURI**, all members of the Flint Receivership Advisory Board, the city of Flint and Flint City Administrator Natasha **HENDERSON**.

*Dems Put In EPA Public Notification Bill*

U. S. Sen. Gary **PETERS** (D-Bloomfield Twp.), U.S. Sen. Debbie **STABENOW** (D-Lansing) and U.S. Rep. Dan **KILDEE** (D-Flint Twp.) announced that they will be introducing legislation to direct the U.S. Environmental Protection Agency (EPA) to notify residents and health departments if the amount of lead found in a public water system requires action in the absence of notification by the State.

The legislation also allows the EPA to release results of any lead monitoring conducted by public water systems. Currently, the responsibility for notification lies at the local and state level.

"It is clear the State of Michigan did not fulfill their responsibility to prevent lead from leaching into Flint's drinking water system or to make the public aware of the danger in their drinking water," Peters said. "There are a number of steps that need to be taken to both mitigate the long-term effects of lead exposure on Flint residents and ensure this type of situation never happens again, and this legislation will make it clear the EPA can take action if a state is dragging their feet and endangering the

health of its residents."

*Snyder Not Asked To Testify In Front On Congress*

U.S. Rep. Brenda **LAWRENCE** (D-Southfield) announced today that she's been informed the U.S. Oversight and Government Reform Committee would hold a hearing on the Flint water crisis Feb. 3, but Gov. Rick **SNYDER** would not be among the witnesses called to testify.

Lawrence also asked for former Department of Environmental Quality Dan **WYANT**; Environmental Protection Agency Director Susan **HEDMAN**; Hurley Medical Center's director of Pediatric Residency, Dr. Mona **HANNA-ATISSHA**, Flint Mayor Karen **WEAVER** and Virginia Tech Professor Marc **EDWARDS**.

It's not clear who will or will not be called to testify outside of Snyder not being there, Lawrence said.

"I am deeply disappointed at the Majority's lack of commitment to a thorough and meaningful hearing," Lawrence said in a statement. "A sincere search for truth and justice requires a full review by the entire Committee of the decisions and polices of all involved."

*Flint Water OK To Bathe In*

It's OK to bathe in Flint water, according to the Michigan Department of Health and Human Services (MDHHS). The state is aware of concerns related to skin issues, but there is no known scientific link connecting rashes to the change in water source.

"Based on current testing and guidance from our federal partners, it's important to reiterate to families that bathing is safe for adults and children in Flint," said Dr. Eden **WELLS**, chief medical executive with the MDHHS. "Naturally, people in Flint continue to be concerned about water quality and our department is working closely with officials from the Centers for Disease Control and Prevention as well as the local provider community to monitor all health issues that may be related to water. At this time there is no evidence to suggest this guidance should change."

*Consumers Gives $50K To Flint Cause*

Consumers Energy announced today that its charitable foundation would contribute up to $50,000 to support the children of Flint through the Community Foundation of Greater Flint.

The Consumers Energy Foundation is making a $25,000 contribution to the community foundation's Child Health and Development Fund, which will be earmarked for early childhood education. The foundation will match donations by employees and retirees up to another $25,000.

## Senate Using Flint Money To Assess Babies, Toddlers For Lead

The Senate Appropriations Committee today tinkered with Gov. Rick **SNYDER**'s proposed $28 million in emergency money for Flint to make sure roughly 4,500 Flint toddlers and babies aged 0-3 are assessed for lead exposure.

The Senate panel unanimously approved changes to the request that takes $3 million away from bottled water and filters -- due to the outpouring of private support on that front -- and is using $500,000 for

school nurses, $1 million for food banks and nutrition, and $1.75 million for the assessments.

Sen. Curtis **HERTEL**, Jr. (D-Meridian Twp.), who sponsored the amendment making the change, said he wants to make sure that every child with potential exposure has that access.

"There's never been any place that it's more needed than in Flint after this tragedy," he said.

The early education assessment provides for a team that tracks how a child grows and learns. If a child is not accomplishing goals at the expected rate for other children, a more intensive evaluation plan can be put in place for that child to ensure they are getting all of the help that they need.

Senate Appropriations Chair Dave **HILDENBRAND** (R-Lowell) said that after extensive discussions with his Democratic colleagues, he's learned a lot about the benefits of early assessment and encouraged his colleagues to support the amendment. They did, unanimously.

Under the Senate's version of the plan, $1.75 million was moved from the money initially allocated to the Michigan Department of Health and Human Services (DHHS) to the Department of Education for additional health assessment among children potentially exposed to unsafe levels of lead.

Hildenbrand said in addition to immediate emergency needs such as bottled water and filters, a portion of the supplement is for "investing in health assessment so we get a better idea of the impact the contamination of lead has had on the families and children of Flint."

The findings from that, he said, will help to determine what additional state assistance may be required.

The generosity from companies, celebrities and others who have pitched in large quantities of water also contributed to the state's decision to shift funds elsewhere, Hildenbrand said.

Other changes from the House-passed plan include funding shifts within the proposed funding allocated to DHHS, with an additional $100,000 added to money already allocated to child adolescent health access and another $200,000 added to support nutritional efforts in Genesee County.

Sen. David **KNEZEK** (D-Dearborn Heights) also won an amendment that would modify boilerplate language to allow additional nursing services to qualify for funding, particularly services that could protect vulnerable populations such as pregnant women.

When asked if state aid would ever end, Hildenbrand said the Governor "is committed long-term to the community" and that he awaits the Governor's decision on any additional revenue. State funding would also come with accountability measures to make sure the money is "spent well and for its intended purposes," he said.

In his State of the State address, Snyder asked the Legislature for $28 million in supplemental funding to help address the Flint water crisis, with $22 million of that dollar amount coming from the General Fund. Another $9 million was approved late last year to switch Flint's water source from the Flint River back to the Detroit water system.

Snyder and members of his administration are still determining how much funding the state will need to fully address the situation, with early estimates indicating it could cost hundreds of millions of dollars long term.

The House quickly passed the Governor's initial funding request out of its chamber last week, which

passed 106-0 with one member absent and 96 cosponsors (See "House Passes $28M Flint Water Spending Bill," 1/20/16).

The changes to that proposal were recommendations that came through the emergency operations center and were vetted by members of the medical and scientific community, Senate Minority Leader Jim **ANANICH** (D-Flint) told reporters Tuesday (See "Senate Reshuffling Money To Health Assessments," 1/26/16).

Senate Majority Leader Arlan **MEEKHOF** (R-West Olive) said earlier this week that the appropriation bill will come up for a vote in the Senate in short order.

Services covered in the funding also include:

- Supporting National Guard efforts in providing water

- Funding for the Department of Education to support the hiring of additional school nurses

- Wrap-around services, including providing early on and special education services

- Funding for the Department of Health and Human Services to cover the purchase of water filters and filter replacements

- Nutrition support and community education and to support child and adolescent health centers

- Allowing the Department of Environmental Quality to fund water system needs, to provide for lab and testing costs and to provide corrosion control procedures and an infrastructure integrity study using outside experts.

The appropriation flows across a total of six departments.

## Brandenburg Declines To Run In MI-10

Sen. Jack **BRANDENBURG** (R-Harrison Twp.) announced today he would not run for the open 10th Congressional seat this year for personal and professional reasons that he said he's going to keep private for now.

In the 10 months since U.S. Rep. Candice **MILLER** (R-Harrison Twp.) announced she would not run for an eighth term in 2016 (See "Miller To Retire From Congress After Term," 3/5/15), Brandenburg said he couldn't make up his mind on whether he wanted "to do this or not."

Brandenburg, who represents northern Macomb County in the state Senate, had the best political base from which to run, according to political consultant Dave **FORSMARK**. The last public poll done on the race by Strategic National's John **YOB** showed Brandenburg was up 22.7 percent to Sen. Phil **PAVLOV**'s (R-St. Clair) 19.7 percent (See "Poll: Brandenburg Leads In MI-10 With 22.7%," 9/17/15).

Brandenburg spent his summer travelling the northern towns in the 10th Congressional District, meeting with voters and hearing their issues. But he said he wasn't able to work through a couple issues he had with running.

So despite being "90 percent in" at one point, Brandenburg said, "I decided to stick and stay. Not go away."

"This was one of the most difficult decisions I have ever had to make," Brandenburg said. "I would like to give a heartfelt thanks to all of the people who offered help and support in this endeavor. Your kindness will always be appreciated."

Pavlov, businessman Paul **MITCHELL** and former Sen. Alan **SANBORN** remain the only announced candidates in this 56 percent-base seat.

But with Brandenburg opting out, at least two currently elected Macomb County legislators -- Sen. Tory **ROCCA** (R-Sterling Heights) and Rep. Anthony **FORLINI** (R-Harrison Twp.) -- are reassessing their options.

"My tremendous respect for Sen. Brandenburg led me to believe that this was his for the taking," Forlini said. "Now that he's out, it's beholden on all of us to take a look at this. There needs to be a candidate from Macomb County who isn't in the race at this time."

Rocca also shared his respect for Brandenburg before saying, "It would be nice to see a strong candidate from Macomb County and certainly I'll have to keep my options open."

Forlini is from the same town as both Miller and Brandenburg, but only a portion of his House District -- Harrison Township and parts of Macomb Township -- is in the 10th Congressional.

Secretary of State records show Rocca votes in Sterling Heights' Precinct 12, which is in the 9th Congressional District. That doesn't make him ineligible to run, but it presents an additional wrinkle if he were to run. Does he move? If he doesn't, any "carpetbagger" charge made against Mitchell would boomerang back in his face.

His 10th Senate District does include Macomb Township and northern Sterling Heights, which is in MI-10.

Forsmark said it's not too late for either to get in, nor is it too late for anyone who is able to pick up the phone and start raising money.

"How much of a head start do the other candidates have?" Forsmark said. "Not much with voters. They do in terms of preparation and planning, but not as far as the voters are concerned. You'd need to hit the donors fast, though."

Mitchell issued the following statement on Brandenburg's decision: "Jack Brandenburg is a good man and I fully understand everything that goes into making the difficult decision on whether or not to seek election to Congress. I also know that the state of Michigan has great challenges to grapple with at this time and I wish him nothing but the best as he focuses on finding solutions to those challenges in the State Senate."

Pavlov issued this statement, "Jack Brandenburg is a great friend of mine and a very good man. I appreciate very much all that went into his decision, and I know how seriously he took it. Macomb County can be proud to have him as Senator."

## Anonymous Attacks Brought Down Michigan.gov Twice

The international network of "hacktavists" known as Anonymous has twice brought down the state's servers on consecutive Saturdays and a spokesman contends the attack on www.michigan.gov is counterproductive to helping Flint residents obtain water resources.

The two definite attacks were seven days apart, bringing down www.michigan.gov for about 15 to 20 minutes. The previous Saturday, the site experienced slowness and went off line for a while. Since those two incidents, not another attack was in any way successful.

M-Live reported Jan. 21 that Hurley Medical Center in Flint confirmed it was attacked by Anonymous.

Caleb **BUHS**; spokesperson for the Department of Technology, Management and Budget; said www.michigan.gov helps volunteers hand out water and filters.

"So taking that down is pretty counter-productive to helping the residents of Flint," Buhs said.

On Jan. 20, Anonymous published to YouTube their video outlining their plans to attack Gov. Rick **SNYDER**. In the video, which appears below, Anonymous contends there is enough evidence to arrest Snyder of "either manslaughter or involuntary manslaughter" and that the group will show him "the error of his evil ways."

"It's safe to assume that children may already be doomed due to this," the video contends.

## State Pupil Count Down 18% Since '03

Michigan schools have seen the number of students entering schoolhouse doors fall off 18 percent since 2003, according to a briefing provided today to members of the House Appropriations Subcommittees on K-12 and School Aid.

Bethany **WISCKALL**, associate director of the House Fiscal Agency, told panel members that since a high of 1.6 million traditional students in 2003, student population has consistently fallen each year to 1.34 million in 2016.

Annual pupil declines have ranged from 10,000 to 30,000 students per year, and have tracked with declines in birth rates, according to Wicksall, who added the state expects the decline to continue, but at a slower rate than during the Great Recession.

Projections agreed to by the Consensus Revenue Estimating Conference earlier this month are estimating that total Michigan schools (not just traditional schools) will fall to 1.48 million by 2018. Total student population (all public school students) is currently at 1.5 million.

HFA was in part explaining to members the details of how the state determines pupil membership counts within its schools. Currently, school population is tabulated utilizing two student count days -- one in the fall and another in the spring.

The current formula, which has been in place since 2012, puts 90 percent of the emphasis on the pupil count schools have in the fall and 10 percent on the spring count.

Emphasis on the fall count has been growing as a component of the formula since 1999 when the fall and spring count dates were weighted 60/40.

In the current mix, traditional public schools are home to 1,344,326 students in 2016, or 89.9 percent, while the state's 300 public school academies, or charter schools, are home to 145,951 students, or 9.8 percent of the total. Wicksall said the number of charter schools this year has remained static as eight were closed and eight new ones opened up. Charter school population is expected to climb to 150,240 by 2018.

Also on the rise is the number of students enrolled in cyber schools. Since 2011, the number of cyber school students have climbed from below 1,000 to 8,776 this year.

On a student population basis, the state's Education Achievement Authority (EAA) created in August 2011 has seen a decline in student population from 9,300 to 6,734 in the current school year.

## 6 Charities Vie For 2 Spots On Income Tax Check-Off List

The state's Lions Club's foundation and the American Red Cross of Michigan saw their bids to appear on the state's individual income tax check-off list advance out of a House committee today, but both charities have competition in front of them.

Four other charities -- the Fostering Futures Scholarship Fund, the Boy Scouts of Michigan, the Michigan Junior Achievement Fund and the Prostate Cancer Understanding Prevention Screening Foundation -- have bills in the legislative pipeline to appear on individual income tax forms, too.

And under a state law, only two of the six can appear on next year's state income tax forms.

Rep. Wendell **BYRD** (D-Detroit), a past district governor for Lions International, saw his bills creating an income tax check-off for the Lions of Michigan Foundation -- HB 4892 and HB 4893 -- move out of the House Tax Policy Committee this morning.

They joined Sen. Rick **JONES**' (R-Grand Ledge) SB 0428 and SB 0429, which create a check-off box for the Red Cross and also unanimously cleared the committee.

Afterward, Tax Policy Committee Chair Jeff **FARRINGTON** (R-Utica) predicted that House and Senate leadership likely would make the final decisions on which charities see their bills passed and which charities will need to wait.

For his part, House Speaker Kevin **COTTER** (R-Mt. Pleasant) conceded in a brief conversation with *MIRS* today that he hasn't given the situation much thought.

However, lawmakers need to act by mid-September if any additional charity will make the 2015 form, according to the Department of Treasury. As it stands, the Children's Trust Fund, Military Relief Fund, Veterans Tuition Grant Program, Animal Welfare Fund, United Way Fund, Special Olympics, ALS of Michigan (Lou Gehrig's Disease) and the Alzheimer's Association of Michigan continue to raise at least $50,000 and will remain on the 2016 tax form.

In 2012, lawmakers passed and the Governor signed a measure that limits to 10 the number of charities that can appear on individual income tax returns. If the charity can't raise at least $50,000 for two straight years, they're dropped.

The Girl Scouts of Michigan Fund and the Amber Alert Fund were dropped in 2014 and 2015 for failing to reach the threshold. The Girl Scouts raised $59,505 in their first year in 2011, but only raised $41,677 and $34,462 in the following two years.

The Amber Alert Fund raised $34,953 in 2013 and $29,655 in 2014, according to the Department of Treasury.

The law, sponsored by Rep. Jeff **FARRINGTON** (R-Utica), also created certain criteria in order for the charity to be considered.

The organization should serve multiple regions, show it could raise more than $50,000, spend less than 30 percent of the money it takes in for administrative and fund-raising costs, have not been dropped from income tax forms for not meeting the $50,000 threshold in the past three years and not receive any other state funds.

The Fostering Futures Scholarship Fund check-off bill, SB 0543, sponsored by Sen. Peter **MACGREGOR** (R-Rockford), has passed the Senate and is sitting in Farrington's Tax Policy Committee.

Rep. Brandt **IDEN**'s (R-Kalamazoo) Junior Achievement Bill, HB 4818, passed the House last October, 105-1, and is in the Senate Finance Committee.

Rep. Phil **POTVIN**'s (R-Cadillac) bills for the Boy Scouts -- HB 4647 and HB 4648 -- moved out of Tax Policy in September over the objection of the father of a Boy Scout, Rep. Jim **TOWNSEND** (D-Royal Oak), because of its "sham" anti-discrimination policy (See "Townsend Opposes Income Tax Check-Off For Boy Scouts Without Change," 9/16/15). It remains on the House floor.

The most recent addition to the list is a charity dealing with prostate cancer screening. Rep. Paul **MUXLOW** (R-Brown City) sponsored this bill, HB 5226, last Thursday and is also in Farrington's committee awaiting action.

## Asian Pacific Caucus Wants Permanent Recognition For Japanese-American

This Saturday, Jan. 30, will be Fred **KOREMATSU** Day in Michigan and a coalition of lawmakers connected with the Asian Pacific American Legislative Caucus would like to make it a permanent occasion.

Korematsu is the former Michigan resident of Japanese ancestry who refused to comply with a U.S. government order to report to an internment camp two months after Japan bombed Pearl Harbor on Dec. 7, 1941.

He was arrested on May 30, 1942, convicted and sent to a former Northern California racetrack to live with 8,000 other families. He's been quoted saying about the camp, "Jail was a lot better than this."

He fought his sentence to the internment camp all the way to the U.S. Supreme Court, which ruled 6-3 that the internment was necessary because Americans with Japanese ancestry could be radio-signaling energy ships from shore and were prone to dishonesty.

Korematsu's conviction was vacated in 1983 and in 1998, President Bill **CLINTON** gave him the nation's highest civilian honor, the Presidential Medal of Freedom. He died in 2005.

Resolutions sponsored by Sen. Marty **KNOLLENBERG** (R-Troy) and House Minority Floor Leader Sam **SINGH** (D-East Lansing) calling for Korematsu's birthday, Jan. 30, to be Fred Korematsu Day in Michigan for 2016 passed on a voice vote in both chambers.

The resolutions were passed with Korematsu's daughter, Katherine **KOREMATSU**, the executive director of the Korematsu Institute, watching from the gallery. Katherine Korematsu joined Mary **KAMIDOI**, a long-term Michigan resident and an internee at the Rowher Internment Camp in Arkansas and Roland **WANG**, professor of Asian American and Civil Rights at the University of Michigan for a lunchtime panel discussion.

The Asian Pacific American Legislative Caucus hosted the event.

Singh used today's occasion to plug a bill that's been in the hopper since last May, a measure that would make Korematsu's Jan. 30 join Cesar **CHAVEZ** (March 31), former President Gerald R. **FORD** (July 14) and automaker Henry **FORD** (July 30) as formal state days written into Michigan law.

HB 4595 has 15 co-sponsors, but conceded it's going to be a time-consuming process. The bill is currently in the House Government Operations Committee, which seldom meets and reports out few bills.

Pushing forward on the measure is important to Asian Americans. His courage in standing up for civil rights is not common in a culture that talks little about the social injustices and racial discriminations inflicted on them out of shame.

For example, Karen Korematsu learned about her father's legal fight when she was older and second-hand, not from him personally.

"Any time you look at the civil rights of individuals, Fred Korematsu stood up to the U.S. government as

we interned Japanese-Americans because of their race," Singh said. "That should be a telling story for us at any time and any generation that those issues did occur. The Supreme Court allowed it to occur.

"It's a point of embarrassment for our country, but we have to learn from these incidents to make sure they don't happen again."

## Plan To Codify Planned Parenthood Funding Ban Stirs Passions

For a little over an hour the House Appropriations Committee today took heated testimony on legislation that would ban any state funding from going to providers of abortion services -- specifically, Planned Parenthood of Michigan (PPM).

For the past two budget years, lawmakers have included what's referred to as "boiler plate" language in spending bills that bars the state from providing funding to Planned Parenthood of Michigan. Under HB 4145, sponsored by Rep. Tom **HOOKER** (R-Byron Center), that language would become part of the state's standing law.

Hooker explained his motives behind the bill was a long-standing opposition to Planned Parenthood, an entity he believes essentially encourages activities and believes that create more abortions.

"If I took the book that they use for teaching 10-year olds, called 'It's Perfectly Normal,' and showed it even to my granddaughters publicly, I'd be arrested for child abuse," Hooker explained to the committee.

Hooker argued "besides selling abortions," Planned Parenthood "sells the lie that young people are nothing more than animals that can't control themselves, so they must swallow something, wear something or kill something that results from their decisions."

Planned Parenthood of Michigan argued that putting the current boiler plate language into statute is lawmakers "cutting off their nose, despite their face" according to Lori **CARPENTIER**, CEO of Planned Parenthood of Michigan.

"It is short sighted to codify bad public policy," Carpentier said. "More than 90 percent of Planned Parenthood's services are preventative healthcare."

In her written testimony, she noted that only six of Michigan's 21 Planned Parenthood clinics provide abortion services. She added that PPM has also served as a public health resource for the state, stepping in where the Department of Health and Human Services officials have asked the group to provide federal Title X (family planning) services.

"In 2014, we raised and used more than $1 million of private funding to augment this [federal Title X grant] in order to meet our Title X patients' needs. In 2014, we received Title X dollars to serve 23,974 patients, but we served nearly 45,000."

"I think the world that Rep. Hooker and others talk about is a perfect utopia we'd all like to live in," Carpentier added. "But it's not the real world."

Hooker during his testimony also faced questions about the language of HB 4145 and whether it was a play to ban the state's hospitals from receiving any state funding, such as Medicaid, if they provide

abortions.

Rep. Jeff **IRWIN** (D-Ann Arbor) noted that that bill is one sentence long and reads "the Department of Community Health, all other state departments, and all state agencies shall not allocate state funds through grants or contracts to entities that engage" in conducting abortions.

"Is your intent of this bill to just go after Planned Parenthood?" Irwin asked. "Or is your goal to make sure no hospital can provide [these] services?"

Hooker argued there are already protections existing in the law that would protect hospitals that provide abortion services from having their Medicaid funding cut off.

During testimony, pro-life advocates argued the sheer number of abortions each year shows the need for HB 4145 to be placed into statute.

"Eighty-five children, three classrooms will be aborted today," Ed **RIVET**, of Right to Life told the committee. "Yesterday, while you were stuck in a long caucus, three more classrooms of children were aborted."

Opponents of the bill argued that PPM fills a gap in the health care system.

"There are 600,000 women of reproductive age, of lower income in our state," said Shannon **NOBLES** of Lansing. "Not only do these women, aged 13 to 44, have a difficult time affording services outside of Planned Parenthood, but they may not be able to access these services due to the fact that 22 Michigan counties do not even have an OBGYN available."

Nobles asked, "If one does not have reliable transportation, how can we expect them to travel outside the county for necessary health services?"

Today's hearing on HB 4145 was promised by House Appropriations Chair Al **PSCHOLKA** (R-Stevensville) last summer (See "Lawmakers Plan To Examine Abortion Policies Amid National Debate," 01/27/2015).

Asked today what his plans for the bill were going forward, Pscholka told *MIRS,* "I'm still noodling it around, giving it some consideration, but I'm not in a hurry."

## Small Farmers Clamor For Larger Role In Crafting Livestock Guidelines

When it comes to drawing up new state guidelines for siting livestock, small farmers want a seat at the table. And while the state says there's ample opportunity for them to weigh in, the small farmers -- and one state agriculture commissioner -- pushed back on that sentiment.

Transparency and participation in the process were the sticking points today in the ongoing tussle between small farmers and the state over what's known as Generally Accepted Agricultural and Management Practices (GAAMPs).

The GAAMPs set guidelines for how farmers can operate so as to avoid nuisance complaints.

For the past few years, one set of GAAMPs -- guidelines for how to site livestock -- have been the

source of consternation for the growing movement of backyard chicken farmers and others interested in producing their own food.

The State Agriculture Commission approved a set of GAAMPs a few years back that limited the siting of livestock in certain residential areas, although with several caveats built in, such as if a local ordinance already allows such animals in those areas (See "Limited Livestock In Residential Areas Approved By Ag Commission," 4/28/14).

While this version of the livestock siting GAAMPs has been less controversial than in years past, the Michigan Small Farm Council's (MSFC) main issue this year was their continued exclusion from the committees that draw up the GAAMPs.

Here's how it works: The Agriculture Commission directs certain people to chair committees that draw up any revisions to the GAAMPs each year. Those chairs are allowed to pick who they want to participate. These committees then develop any changes to the GAAMPs, which are then made available for public comment and are eventually voted up or down by the Agriculture Commission.

While the MSFC makes its voice heard at Agriculture Commission meetings and public input hearings, they still want a seat at the table for the GAAMPs committees. But so far, the answer has been no.

Agriculture Commissioner Dru **MONTRI** set out to find out why today, grilling officials with the Michigan Department of Agriculture and Rural Development (MDARD) about why the MSFC has been shut out from GAAMPs committee work.

MDARD officials pushed back on these suggestions, explaining that the GAAMPs committee chairs have discretion to pick who they want on their committees -- specifically, people who have "direct expertise" in that area, said Jim **JOHNSON**, director of MDARD's Environmental Stewardship Division.

MDARD Director Jamie **CLOVER ADAMS** argued that if that discretion is taken away from the GAAMPs committee chairs, the Agriculture Commission might as well write the GAAMPs themselves.

And MDARD officials put emphasis on the ways the state makes the GAAMPs recommendations available for public comments before they're made final.

But Montri continued to question why the GAAMPs committees -- specifically for the Livestock Siting GAAMP, which draws the most scorn for small farmers -- didn't allow guests or the MSFC to be at the table. Montri told MDARD that despite the efforts to be transparent about GAAMPs, there was still the feeling out there that small farmers' voices weren't heard.

After the meeting, Montri was asked why the Agriculture Commission didn't just consider directing the GAAMPs committee chairs to add the MSFC to the mix.

"We talked about a couple different solutions today," said Montri, who is also executive director of the Michigan Farmers Market Association. "My intent in bringing it up was to make sure that organizations and farmers feel like they're being heard and to discuss with other commissioners what other solutions there are. That could be one of the solutions that will be considered. But today I don't know what the correct answer is."

Despite the back-and-forth, the Agriculture Commission unanimously signed off on the changes for the Livestock Siting GAAMPs, which the commission asked its respective GAAMPs committee to rework

after the public brought concerns about the language (See "In A First, State Ag Agency Yanks License From Detroit Grocer," 11/18/15).

The major point of contentions this year: A new definition of "livestock" in the GAAMPs spelled out a certain list of animals, which caused some small farmers to question why certain animals were apparently left off the list, like rabbits and minks.

The GAAMPs committee came back with another definition, which stated that livestock means "species of animals used for human food, fiber, and fur, or used for service to humans." Johnson said the intent was to make sure what most everyone agrees are livestock was captured in the language.

In other news, the Agriculture Commission elected its new officers today. Fred **WALCOTT** will be taking over as chair. Montri will serve as vice chair and Bob **KENNEDY** will become the secretary.

## House Approps Advances Judicial Salary Decoupling Bill

Legislation designed to give lower court and Court of Appeals judges a raise moved out of the House Appropriations Committee, 27-2. The bill stops linking the salaries of lower court judges with those of the State Supreme Court, which is based on the State Officers Compensation Commission's work (SOCC).

SOCC's role has been significantly neutered since 2001 when, by not acting on SOCC recommendation, the lawmakers gave themselves a 38 percent raise. The next year, voters approved a measure put on the ballot by legislators that says SOCC reports must receive a majority of "yes" votes in both the House and Senate in order for a pay hike to go forward.

Since approving pay raises for public officials is politically toxic, the Legislature hasn't approved pay increases for anyone -- themselves, Governor, the Supreme Court -- since the measure passed in 2002.

As a result, judges in Michigan haven't seen a pay raise in 16 years.

Rep. Aaron **MILLER** (R-Sturgis) and Rep. Harvey **SANTANA** (D-Detroit) cast the two no votes.

SB 0056, sponsored by Sen. Rick **JONES** (R-Grand Ledge) came up before the panel last week (See "Adjusting Judge Salaries Along With NERE Pay Hits House Approps," 01/20/2016).

## Bits And Tidbits

*Meter Advocates Demand Snyder Support Meter Choice, Clean Up Flint, DPS*

A citizens coalition opposed to smart meters have called for Gov. Rick **SNYDER** to sign so-called "meter choice" legislation, among a host of other demands.

A letter signed by everyone from the Michigan Meter Choice Coalition to State Board of Education President John **AUSTIN** call on Snyder to support HB 4916, sponsored by Rep. Gary **GLENN** (R-Midland), which would set up a system to allow utility customers to determine if they want smart meters placed at their homes.

The document, dated Jan. 20, also calls for Snyder to "take immediate action to remove lead from the water supply in Flint," and that those affected by the lead exposure "be fairly compensated financially."

The letter, also signed by John **ARMELAGOS** of the Michigan Nurses Association, also touches on Detroit Public Schools, asking Snyder to "take immediate steps to clean up schools in Detroit, and provide students with a proper learning environment."

*'Scary Mary' Appointed To Federal Judgeship*

Macomb County Circuit Court Judge Mary **CHRZANOWSKI**, featured a couple years ago on NBC's *Dateline* as "Scary Mary" for her "touch love" approach to criminal defendants, accepted last week an appointment to the federal administrative law judge.

Her specialty has been the juvenile drug courts, where she's been described to have an iron-fisted approach in trying to break youths from their addictions.

Originally, the judge was asked to report to her new position by Feb. 8, but was granted an extension to June 26 so she could finish a murder trial she's overseeing.

Chrzanowski was first elected to the Macomb County-based 16th Circuit Court bench in 1992. She's since been re-elected to six year terms in '98, '04 and '10.

*Franz Wants 45 MPH Speed Limit For Hospitals*

Drivers couldn't go any faster than 45 miles per hour in front of hospitals, under legislation introduced today by Rep. Ray **FRANZ** (R-Onekama).

- HB 5259 creates "highway hospital zones" to create a "necessary safety precaution" for patients, ambulances and hospital staff. Franz said the concept is similar to school zones and is "common-sense" legislation.

"Practicing a little care and caution for those around us that have just received treatment or those individuals seeking emergency medical assistance is the least we can do as a society," Franz said.

- HB 5259 was referred to the House Transportation and Infrastructure Committee

*Switch CEO Will Keynote Energy Conference In Detroit*

The Michigan Energy Conference will convene Feb. 2 in downtown Detroit and the keynote speaker will be Adam **KRAMER,** executive vice president of Switch, which secured a tax exemption package for a planned data center in western Michigan approved by the Legislature last month (See "Data Center Bills Signed Into Law," 12/23/15).

The third annual conference is being held at the historic Book Cadillac Hotel with registration open through Jan. 29.

*Appellate Assigned Counsel System, State Appellate Defender Launch Joint Project*

With the benefit of funding from a federal Byrne Justice Assistance Grant, the Michigan Appellate Assigned Counsel System (MAACS) and State Appellate Defender Office (SADO) are making appellate

investigation more accessible in criminal cases.

The justâ€□launched Appellate Investigation Project (AIP) is a MAACS/SADO collaboration, which will extend investigative assistance to the 140 attorneys taking appellate assigned cases from MAACS, which maintains a statewide roster of private assigned appellate counsel.

An AIP attorney and attorney/investigator will train roster attorneys, develop materials, and help oneâ€□onâ€□one with issue spotting and development. The AIP team will assist with investigations that may lead to testing of evidence, use of experts, challenges to the reliability of convictions obtained at the trial court level, and mitigation of sentences.

*Schuette Stops Collections By High Interest Auto Title Loan Company*

Attorney General Bill **SCHUETTE** today was granted a preliminary injunction against Liquidation, LLC and several associated alias companies, stopping them from any collection activity on illegal title loans they provided to Michigan consumers.

The Ingham County Circuit Court's preliminary injunction replaces the Temporary Restraining Order issued on Jan. 14, 2016. If the company and officials continue to ignore the lawsuit, Schuette will ask the court for a default judgment. If a default judgment is entered, this effectively cancels the loans and allows affected consumers to clear their titles.

The lawsuit filed in mid-January alleges that Liquidation, LLC provides unlawful vehicle title loans.

## On This Date in Michigan History

On Jan. 27, 1847, Francis **TROUTMAN** and four other Kentucky slave catchers arrived at the home of the Adam **CROSSWHITE** family, Kentucky slaves who had escaped to Marshall.

Troutman, who planned to return the Crosswhites to their former master, was confronted by several hundred Marshall residents who threatened the slaveholders with tar and feathers.

While Troutman was being charged with assault and fined $100, the Crosswhites fled to Canada. A Kentucky court assessed the Michiganders with fines equal to the Crosswhites' value. Despite local tradition that held that the Crosswhite case played a role in Congress's adoption of a more stringent Fugitive Slave Law in 1850, this was not true.

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

January 29, 2016

**TO:** State of Michigan Procurement Leadership

**FROM:** DTMB Procurement

**SUBJECT:** Genesee County Water Emergency Response - Purchasing Guidance

Thank you to all who are working to support the State of Michigan's Genesee County, City of Flint water emergency response.

Given the complexity and variety of the needs of this emergency effort, the purchasing support required is complex as well. Purchasing protocols have some differences under this declared state of emergency, and meticulous tracking of expenditures is imperative.

The Michigan State Police (MSP) is the lead agency overseeing the situation and managing the State Emergency Operations Center (SEOC). Flint related purchases must **first** be routed through the appropriate SEOC contact (see attached for an agency roster) to include the SEOC State Director. This is required for all Flint- related purchases without exception. The SEOC financial team is responsible for tracking all expenditures in connection with the emergency efforts.

***Each agency is responsible for its own purchasing transactions. This includes p-card transactions and purchase orders, the tracking of all such transactions, and reporting of those transactions to the appropriate SEOC representative. Failure to properly inform the SEOC financial team of any transaction may result in a forfeiture of any potential reimbursement anticipated by the agency.***

Agency purchasing managers are responsible to supply their agency's SEOC representative with a 24/7 phone number for agency purchasing staff support and request that the SEOC representative involves them in every purchase. (Note: SEOC hours are 8 am to 8 pm, seven days a week at this time.)

***Emergency Purchasing Procedure:***
Public Act 431 of 1984 provides an exception to competitive bidding during a state of emergency. However, responsible purchasing procedures are still the expectation for all procurement professionals (agency purchasing staff).

In addition to the notification and reporting expectations set forth above, transactions should be conducted and/or overseen by procurement professionals, with rare exception, in accordance with the following:

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed, and for any concerns related to availability of funds on a contract

- Obtain three quotes whenever reasonably practicable
- Post bids online to the extent practicable
- Please escalate any questions to DTMB Procurement before executing a buy
- DTMB Procurement will assist any agency upon request to address supply chain issues (e.g. working with a national supplier to ensure a high volume supply of water filters are available)
- DTMB-Financial Services is not responsible for issuing emergency purchase orders on behalf of agencies with the exception of information technology related goods and services
- Maintain documentation supporting all transactions. Establish internal protocols to support this such as a single spreadsheet to track agency-wide transactions. Report your agency's expenses to the SEOC Finance team via your SEOC representative.

Questions, concerns, or comments should be directed to:

Primary Contact:
Rebecca Cook, Commodities Division Director
Cookr6@michigan.gov
Cell: 517-930-4015

Secondary Contact:
Jeff Brownlee, Chief Procurement Officer

***Emergency Purchasing Procedure:***
Public Act 431 of 1984 provides an exception to competitive bidding during a state of emergency. However, responsible purchasing procedures are still the expectation for all procurement professionals (agency purchasing staff).

In addition to the notification and reporting expectations set forth above, transactions should be conducted and/or overseen by procurement professionals, with rare exception, in accordance with the following:

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed, and for any concerns related to availability of funds on a contract

- Obtain three quotes whenever reasonably practicable
- Post bids online to the extent practicable
- Please escalate any questions to DTMB Procurement before executing a buy
- DTMB Procurement will assist any agency upon request to address supply chain issues (e.g. working with a national supplier to ensure a high volume supply of water filters are available)
- DTMB-Financial Services is not responsible for issuing emergency purchase orders on behalf of agencies with the exception of information technology related goods and services
- Maintain documentation supporting all transactions. Establish internal protocols to support this such as a single spreadsheet to track agency-wide transactions. Report your agency's expenses to the SEOC Finance team via your SEOC representative.

Questions, concerns, or comments should be directed to:

State of Michigan

Social Media – Twitter Post Ideas

1. Initiatives that offices are taking
    - Bringing in healthy food, "Take the Stairs" signs
    - Humanizes the office, encourages other employees and offices to do the same

2. MiBid Online Auction – Surplus
    - Tweet about online bidding opportunities
    - Not many people know about it? Applies to employees and local residents

3. DTMB employee volunteer work
    - Flint water help (redundant)
    - Local volunteer efforts?

4. Energy Star Rated buildings
    - Show how or why the buildings were nominated
    - Turning off lights, recycling efforts, etc.
    - Humanizes the departments and offices, encourages other SOM buildings

5. Design and Construction Division
    - DNR's project to redevelop Wilderness State Park Lakeshore campgrounds was awarded a statewide Planning Excellence Award
    - Assisting in other projects like that that effect the public/employees?

6. MiPage
    - For just employees or also for the public?
    - Shows events, news, maps, state parks, traffic, hunting information etc. for the SOM

**Office of Good Government / Office of Internal Audit Services**
**Operational Excellence Program**
**Week 30 – Ending 26 February 2016**

**Agency Schedule / Status**

| Agency | Scope | Workstream / Phase |
|---|---|---|
| DMVA / MVAA | Grand Rapids Veterans Home | Phase 1 – weekly OpEx meetings |
| DTMB | 80% - 2,900 of 3,600 staff | Phase 1 – weekly OpEx meetings |
| DTMB Internal Audit Services | 100% - 30 of 30 staff | Phase 2 – biweekly or monthly check-in |
| LARA / MIOSHA | 15% - 250 of 2,000 staff | Phase 1 – weekly OpEx meetings |
| MDARD | 100% - 400 of 400 staff | Phase 2 – biweekly or monthly check-in |
| MDOC | TBD | Phase 0 – initiation |
| Treasury | 50% - 800 of 1,650 staff | Phase 2 – biweekly or monthly check-in |

**Accomplishments – Week 30 – Week Ending 26 Feb 2016**

1. Week 27 at Treasury – continuing bi-weekly meetings without Pat McDonnell
2. Week 19 at DTMB – no weekly meetings
3. Week 8 at MIOSHA – weekly meetings with Technical Services Division (TSD), Consultation Education and Training Division (CET), and Construction Safety and Health Division (CSHD); Pat McDonnell on vacation
4. Week 8 at MVAA GRVH – weekly meetings with Life Enrichment, Nursing, Nutrition Services, Pharmacy, Dr. Edgar and Business Services; Pat McDonnell on vacation
5. Reviewed January 2016 OpEx monthly process status reports; converted MDARD, Treasury and DTMB to new format
6. Conducted follow-up meeting with Kathy Keiffer of Corrections regarding OpEx templates
7. Participated in Mass Ingenuity RESULTS software demonstration
8. Completed two process maps for DEQ
9. Completed Flint water emergency document production

**Deliverables – Week 31 – Week Ending 4 Mar 2016**

1. Week 28 at Treasury – continuing bi-weekly meetings without Pat McDonnell
2. Week 20 at DTMB – weekly meetings with HR, Labor Market Information & Strategic Initiatives, Infrastructure & Operations / Security, and Agency Services
3. Week 9 at MIOSHA – weekly meetings with Technical Services Division (TSD), Consultation Education and Training Division (CET), and Construction Safety and Health Division (CSHD)
4. Week 9 at MVAA GRVH – weekly meetings with Life Enrichment, Nursing, Nutrition Services, Pharmacy, Dr. Edgar and Business Services
5. Week 1 at MDOC – one on one meeting with Assistant Deputy Director Rapelje and Pat McDonnell; meeting with Jan Winters, Matt Fedorchuk, Heidi Washington, and Pat McDonnell; kick-off meeting
6. Continue review of January 2016 OpEx monthly process status reports
7. Host meeting of all OpEx program managers for Kathy Keiffer of Corrections
8. Determine outcome of 1 March Ad Board meeting regarding OpEx contract

**Open Issues**

1. OpEx community of practice
2. OpEx monthly process status reports

NEXT 1:1 MEETING: March 3, 2016 9AM-10AM

**Michigan Veterans Affairs Agency**
**Senior Leaders Strategic Topic Meeting Minutes**
**Tuesday, January 19, 2015**
**9:00-10:30 p.m.**
**War Conference Room**

**Attendees Present:** Jeff Barnes, Anne Zerbe, Jim Dunn, Leslie Shanlian, Kristina Leonardi, Rob Price, Suzanne Thelen, Steve Potter, Lindell Holm,

**Attendees Absent:** Tina Richardson, Julie Sworden

***Meeting Purpose: Strategic Topic Meeting Discussion Updates.***

**A.** Hot Topics (Director, Jeff Barnes)
- State of the State by Governor Snyder will focus on the Flint water system crisis and the City of Detroit Public Schools. We are hopeful that there may still be a mention of the work we have been doing for the veteran homes and homelessness.
- Governor Service awards are out. Last year we recognized an employee from Jacobetti home. – **TO DO: Leslie and Jim look at potential nominees from the Health System. Tina and Targeted Outreach please look at potential nominees from VCAT.**
- Team discussed someone who lost their son last year and they set up a location in Northern Michigan for veterans and families who have lost someone in conflict. **TO DO: Jim thinks he knows the person and will call him.**

**B.** Legislative Tracking Update (Anne) – nothing to report at this time.

**C.** Service Administration Update (Jim)
- Friday Jim had a tour with Mr. Buckstead at the home. He toured the 4th floor to validate there was a need for future funding.
- Board Retreat is coming to Higgins Lake this weekend; Paul Read is taking a leading role in facilitation and Leslie and Jim will attend from MVAA.
- February 10, 2016 at 7:30 - There will be a legislative breakfast for VSO's at the State Office Building, Mackinac Room, 5th floor.
- Bob Johnson and Paul Potter will attend winter VSO meetings. **TO DO: Jim will ensure Paul Potter has speaking points about the agency and the homes.**
- Current board will be in place through the entire legislature this year.
- February 10, 2016 is the dogsled races in Marquette; Jim will be attending.
- **Suzanne suggests providing some media training to board members. TO DO: Suzanne to discuss with Jim.**

**D.** Michigan Veteran Health System CEO (Leslie Shanlian)

- Leslie has been providing draft audit responses to Randy at DTMB.
- Social services are busy building policy files, template building, developing care plans (11 so far) and implementing online person center care planning (training for all staff).
- Operational excellence program is going well.
- Eugenia Dumlao-Reedy, VP of Nursing, started today. Business Services and Development start in the next month.

**E.** Michigan Veterans Trust Fund Update (Lindell)

- Lindell developed talking points for the Trust Fund Board.
- Lindell went to a Grosse Pointe War Memorial meeting. They are increasing fundraising and looking for successful programs to fund (vice building/others). They are sympathetic to MVAA and may make a good partner.
- Mentioned MVAA participation in the 1,000 Christmas Salute Program; it was very successful and they had 800 participants. Next year it will be focused more around the Thanksgiving timeframe.
- Intervened in a veteran who was going to receive an eviction; Troy Scheilein and the VCAT engaged and prevented the Veteran from being evicted.

**F.** Strategic Planning Update (Kristina)

- Interagency Council Meeting - Kristina participated in an Interagency Council meeting where she found out that Veterans are still not receiving priority.
- Private Sector Employment Council - will meet in Detroit on Wednesday, January 20, 2016.
- List Serve with private colleges is now live with MCU.
- Veteran Talent – Kristina sent 4 prospective candidates to the Governor's E
- xcellence Program.
- VEI – Jamie has handed off duties/role to Leonard; still need to get OCC back on board to renew its commitment.
- Health Care – Rand Study released and briefed to team. Focuses on Mental Health and in Detroit analysis of how VCAT operated. How Detroit is similar to or different from the rest of the Country.
- Providing outreach with the Mortuary Association and Funeral Directors to make resources available to them.
    - Many counties have unclaimed veterans in Morgues. How do we connect counties, VSO's, funeral planners, etc. to make available benefits and give these veterans proper burial? **TO DO: Kristina to update status at next Senior Leader Meeting.**

**G.** Targeted Outreach Update (Rob)

- Region 5 interviewed 5; 2 candidates presented to MAC as hiring authority.
- National Guard has filled the records person with Sandra Mahoney.

- Rob will be building an MOA with Ann Arbor VA and Dept. of Corrections for VA for claims processing for incarcerated female veterans. (26 total); 11 have expressed interest.

**H.** Communications and Customer Service Update (Suzanne)

- IAVA is doing a federal charter.
- Suzanne provided full update on Flint.
  - Lauren will be working at Flint Water JIC Friday –Sunday.
  - Lynn will be working at Flint Water JIC next Friday – Sunday.
- Annual report - will be ready for Jeff's review by end of week – **TO DO: Suzanne to provide annual report by Friday, January 29, 2016.**
- State of the State Events:
  - Speaker Cotter State of the State Reception is today from 4-6 p.m.
  - Pat Harrington is having a watch party.
  - Troppo will have an after party.

**I.** MVAA Administrative Issues Update (Steve Potter)

- Jim and Anne to attend the pre State of the State social functions.
- Julie and Steve are working on a new onboarding program. Discussing DTMB Onboarding Pilot Program this week. We will brief entire leadership team in mid-January.

**Michigan Veterans Affairs Agency**
**Senior Leaders Strategic Topic Meeting Minutes**
**Tuesday, January 26, 2016**
**9:00 – 10:30 a.m.**
**War Conference Room**

**Attendees Present:** Jeff Barnes, Leslie Shanlian, Tina Richardson, Rob Price, Suzanne Thelen, Steve Potter, Anne Zerbe, Jim Dunn, Kristina Leonardi and Julie Sworden (Recording Secretary)

**Attendees Absent:** Lindell Holm

***Meeting Purpose: Strategic Topic Meeting Discussion Updates.***

**Director Update**

**A. Legislative Briefing**

- Director Barnes noted that our office will be sending out the legislative briefing slides for budget and would like assistance from the Senior Leaders on providing feedback.
- Director Barnes would like to put together as quick as possible.
- When senior leaders are completing their section; answer each part in its entirety; paying special attention to detail.
- Senior leaders also need to be cognizant and look at the individual parts of the briefing to articulate what is going on in your particular division (Specific pieces of operation and homes information. Capture evolution and much detail on area of focus briefings).
- **TO DO: Jim to relay to Lindell.**
- February 23, 2016 - Tentatively 1st briefing (Jeff to be in DC at that time). The subject area briefings will be a week after the first briefing. **TO DO: As we go into individual area briefings, senior leader staff will need to make sure your teams go over and see the legislative briefings first hand.**

**B. Budget**

- The Budget margins are slim; there is no impact to staff.
- As things evolve in Flint and DPS Senior Leaders need to be mindful of division and section budgets and what we are spending money on (promotional, informational items, printing or any other budget mishaps). Make sure that there is value being added or contributed to the MVAA focus now when spending money.
- Look into the future of partnering for veteran expos.

**C. Update Flint Water**

- Response in Flint, hats off to communications team in Flint.
- Rob has started water collection.
- Suzanne and Director Barnes were at VA and discussed outreach to community in May with community partners and VCAT in the future. Bring VA to do blood testing and have service officers to sign people up and service officers to take claims if needed. **TO DO: Think about where we can leverage partnerships and VCAT. I have asked Tina to take lead on this initiative; may have to leverage counties.**
- Suzanne will share daily talking points regarding Flint water. **TO DO: Senior Leader staff please share the information Suzanne gives you to staff and try to answer their questions.**

**D. Additional Information**

- March 14, 2016 Detroit VA Tour – will be touring all VA medical centers.

**Employment Initiatives (Kristina/Dave Dunckel) – Handout Provided**

**A. Veteran Friendly Employer Program (VFEP)**

- 35 veteran friendly when Dave joined our Agency; now 44 employers are veteran friendly employers.
- 3 gold level (Whirlpool, GM and Quicken Loans).
- Trying to change focus to match up workforce development needs for the VFEP.
- Dave made a data call to 14 employers, out of the responses we received information that 563 veteran hires since certification.
- Signed up Spectrum Health – largest health industry (will do big unveiling of VFE).
- The Blues are pending as a renewed Bronze employer. MVAA has assisted them a lot, making progress and operating a little slower than anticipated.
- MDOT (silver) and MSP (bronze soon to be silver), MPSCS are close to being VFEP.
- A new updated form will be available on the website soon.
- There is no status for VFE for Goodwill.

**B. Expanding VFEP**

- Will start holding Veteran-Friendly Employer workshops where employers can sign up and leave the workshop with Bronze-level from workshop.
- Conducting workshops at Homebuilders Association and Automation Alley.

**C. Streamlining the VFEP**

- Application is easier to understand for what is required.
- Grant initial certification of bronze or silver levels.
- Partners in Guard/Reserve.

- VFEP application can look at a menu of items before determining to achieve certain requirements to become a Gold, Silver or Bronze level VFEP status.
- Dave now assists in processing DOD ESGR applications for VFEP.

**D. Interagency Partnerships**

- MEDC and Workforce Development Agency have a team that sits with the prospective employers and develops workforce development solutions. Dave is now a part of that team to bring the veteran portion to the table.
- The last 2 months the Michigan Talent Newsletter and the Michigan Veteran Connect Newsletter have been partnering with Dave on articles that incorporate the MVAA VFE program and initiatives. Cynthia is largely responsible for our recognition. Ryan Hundt is the one that posts the articles from Dave Dunckel; **TO DO: Director Barnes would like recognize with a MVAA Coin in the future.**
- There is a large skilled trade gap in Michigan; they are looking to hire veterans for skilled trades jobs.
- The Energy Workforce Consortium, the vast majority of their workforce will be retiring. They are looking at veterans and K-12 for hiring. DTE is looking for Navy veterans to hire for positions with their company. No experience, just leadership skills.
- **Director Barnes noted that later this year (potentially in June?) there is an engineering conference; there may be merit to setting up a booth at this event.**
- Concerted effort in interagency departments to reach out to veterans with one united front with workforce development agencies to provide a pure Michigan veteran experience at hiring events on installations/transition point job fairs. We will have college and universities on board with this. MEDC has 1-pager on benefits to living in Michigan (primary focus on Detroit).
- **TO DO: Director Barnes noted that when Tina and he are in DC that if any Senior Leaders have any talking points to secure a spot for a meeting; let him know; possibly spool a Pure Michigan ad.**
- February 9, 2016 - Director Barnes and Kristina have a Project Rowboat meeting. This group meets regularly; which will incorporate veteran – collaborative group to match talent to employers.

**E. Interagency & PS Veteran Employment Councils**

- Both meetings were well attended.
- Last interagency council meetings have been attended by MIWorks.
- Having the group meet and attend the best practice summits helped employers and is breaking down barriers seen in the past.
- These companies are sharing candidate applications that may not work for their company.
- MSP is forwarding applications that don't meet their needs for a position with the private sector.
- Best practice workshop with 15 new employers with best practice sharing.

- All VFE are invited to attend the best practice workshops.
- A recommendation was noted that for appointed terms on the council; adding new members so you have someone with fresh eyes/ideas on best practices.

**F. Licensing & Credentialing**

- Past 70 days have not focused on licensing & credentialing.
- There are states out there that are licensing & credentialing, Dave has a couple target states to look at best practices and will be looking at programs to clone.
- Civil Service – Dave to work with them to determine giving veteran preference and look at the new legislation that was passed to educate them.
- We are working with Civil service to show how military service translates to experience and what would qualify them for positions.
- We went through Intel pieces and compare to state of Michigan positions.

**G. Additional Information**

- Returning veteran citizens from MDOC – sexual offenders and violent offenders are hard ones to hire.
- MRS has certain number of employers that will work with returning veteran citizens.
- Deal with Jim Barrett at Civil Service Commission Board to assist with this endeavor.
- Ann, Jeff and Jim have been looking at different senate leaders; they are looking at other general practices and shift research to those staff for this research to promote legislation around veterans and for hiring. Provide list to them, and if we have veteran information to throw to them that are good ideas would be a good idea to share with them. Reach out to those states and get copies of their bills to assist to get to the legislation.

# FLINT WATER RESPONSE
# JIC RELEASE

## JIC RELEASE #13 SUMMARY FOR 22 JAN 2016

- Comcast has put filter installation video on the On Demand section.
- Flint residents are encouraged to visit five water resource sites across the city, where they can receive free bottled water, filters, water replacement cartridges and water testing kits.
- Identification is not required to receive any of these resources.
- The state's goal is to get a water filter in every household, because filters are the best way to provide access to safe drinking water. As part of the distribution process, members of the National Guard at the water resource sites ask residents seeking filters and replacement cartridges to share their address in order to more accurately gather information for long-term recovery efforts. No resident will be denied resources if an address is not provided.

# FLINT WATER RESPONSE
# SEOC SUMMARY

**SUMMARY FOR 22 JAN 2016 (FROM JIC RELEASE #14)**

Over 30 water response teams made up of more than 300 community volunteers and Michigan National Guard Soldiers and Airmen distributed water resources to 5,920 Flint homes today.

The following resources have been distributed to residents, both at the water resource sites and by water response teams, in addition to donations:

- More than 121,400 cases of water
- More than 82,600 water filters
- More than 23,400 water testing kits

The State of Michigan has purchased the following resources, since January 5, which will continue to be delivered to Flint over the coming days:

- 130,782 cases of water
- 115,700 water filters
- 61,161 water testing kits

# FLINT WATER RESPONSE
# AMERICAN RED CROSS PLAN FOR 23-24 JAN

**Plan**

| Agency | Team Types | Mission |
|---|---|---|
| MSP/OGCS/NG | 15 Teams | 3000 HH |
| ARC | 40 Type V | 7000 HH |

**Sample Script for Team Members:**

*We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.*
